TITLE OF REPORT: QUESTIONS FROM PUBLIC

In accordance with Standing Order 4.8.10(a), 1 question was submitted by the deadline date for questions set out in the Council's Constitution.

A. Air Quality Monitoring Stations in the NHDC area

Ms Deolinda Eltringham to Councillor Sean Prendergast

'Is there a reason why so many air quality monitoring stations are not being used in the NHDC area? They are: North Herts Baldock -1, North Herts Baldock -2, North Herts Baldock Roadside, North Herts Breechwood Green, North Herts Hitchin Library, North Herts Royston. All of these are still showing as "Closed" and no results available on the "All Herts and Beds Air Quality" data from the local air monitoring stations. We will never know the full picture of how bad the true air pollution problem is until we monitor widely and quantify the problem.'
