Comments from Development Officer:

Baldock Town Bowls Club are responsible for the management and maintenance of the bowls playing area and the gardens surrounding the playing area. The purchase of a green house will enable the club to produce new stock for planting each year from the bedding plants purchased in the 2011 season. Not only will this prove cost effective but it will also remove the problem of the disposal of polystyrene trays associated with each new bedding season. The application is criteria compliant.

Amount recommended: **£1,000**
