Extraordinary Meeting of Council, Thursday, 10 March 2015

NORTH HERTFORDSHIRE MUSEUM AND COMMUNITY FACILITY AT HITCHIN TOWN HALL - PROJECT UPDATE

The Chairman advised that this was an extraordinary meeting of the Council and that the item of business was regarding the progression of the North Hertfordshire Museum and Community Facility at Hitchin Town Hall.

She reminded Members that, at the Council meeting held on 12 February 2015, an item regarding this subject had been withdrawn prior to consideration. A revised report was to be considered at this meeting.

In view of this, consideration is currently being given to how the necessary decision(s) can be made.

Following further debate, and upon the motion being put to the vote, it was

RESOLVED:

- (1) That the Capital Budget be increased by a maximum of £253,392 [£223,392 project budget (paragraph 8.4) plus £30,000 for treatment of moisture in basement (paragraph 8.6)];
- (2) That, in the event of Hitchin Town Hall Limited not being in a position to make its contractual financial contribution of £490,000 at the likely completion of the construction contract in May 2015 (paragraph 8.3), this additional proportion of the capital cost of the project will need to be funded from Council resources;
- (3) That any implications on 2014/15 and 2015/16 capital budgets as a result of profiling project spend be reported in the third quarter capital monitoring report; and
- (4) That further reports be submitted in due course identifying any additional budgets necessary to complete the project.

REASON FOR DECISION: To comply with the Council's contractual commitments to complete the development to a specified standard and timescale.

General Update

The current status of the project is illustrated in the 'project update section' above and the full project plan in the corresponding section below.

The key items to highlight at this stage:

- Construction contract A twelve week extension was awarded to Borras
 Construction Ltd, therefore, they completed the construction contract on 10 April
 2015. Although the construction contract is greater than what was reported to the
 last committee the project completion date has not changed.
- Museum fit-out. The museum fit-out contractor LightBrigade is working with the showcase manufacturer, Armour Systems, to begin production of the individual cases. This company is one of the major firms of this type in the UK, well-known for high-quality museum cases. The Audio-Visual contract was successfully tendered, and the AV company, Ay-Pe Ltd, is developing a number of computer

inter-actives for the new museum. The designers Mather & Co. are co-ordinating the fit-out and AV programme.

 Museum staff have almost completed the task of writing the object and information labels, which have been sent to representatives of various local groups for fact-checking. Staff are currently providing script and graphics for the Audio-Visual displays and inter-actives.

Project Plan

The project plan provides an overview of the entire project and the key tasks that have or need to be undertaken.
