Invest To Save Proposals														
C1	Waste	Head of Leisure & Environmental Services	Waste and Street Cleansing Vehicle Procurement	3,600	0	20	1	Living within our means	0	200	3,400	0	-200 (see Efficiency Proposal, E 10)	To reduce revenue spend on the waste and street cleansing contract over contract life by procuring vehicle assets. Vehicle prices have risen significantly over recent years with tighter emission standards, average vehicle costs can be anticipated to be in the region of £180,000 with a vehicle life of 7 years. This will be subject to financial evaluation at the time of tender evaluation and award of the contract will require Member approval.
C2	Waste	Head of Leisure & Environmental Services	Waste and Street Cleansing Data Mgmt	60	0	13	4	Living within our means	0	60	0	0	tbc	To improve service delivery, contract monitoring and data and statistical management of the waste and street cleansing contract over contract life by procuring new or upgrading IT software. There is the possibility of small revenue savings. This will be subject to financial evaluation at the time of tender evaluation and award of the contract will require Member approval.
C3	Burial Services	Head of Leisure & Environmental Services	Wilbury Hills Crematorium	tbc	0	19	2	Living within our means	0	tbc	tbc	0	tbc (see income generation proposal I2)	To generate income to help off set future financial pressures and meet the diverse needs of the community and conclude the development of Wilbury Hills Cemetery as a fully encompassing facility for the deceased and their families. Subject to full business case to be approved by the Portfolio Holder prior to coming forward for formal approval.
C4	Grounds Maintenance	Head of Leisure & Environmental Services	Grounds Maintenance Vehicles	500	0	9	6	Living within our means	0	0	500	0	-87 (see efficiency proposal E 11)	The investment will reduce the revenue cost for the ground maintenance contract by £87k per annum. The contractor will pay back the investment over 7 years with 6% interest, therefore total return will be £613k. This will be subject to financial evaluation at the time of tender evaluation and award of the contract will require Member approval.

North Herts Leisure Centre														
C5	Leisure	Head of Leisure & Environmental Services	Construct a new learner pool at the North Herts Leisure Centre	1,375	0	19	2	Living within our means	1,375	0	0	0	-216 (see efficiency proposal E 9)	This will require the Council to invest £1.37m into the build for a new learner pool at the NHLC, and the current leisure contractor (SLL) will reduce the management fee by £216,045 for 8 years, a total pay back of £1,728,360. Linked with delivery of C6 to C11 to deliver efficiency proposal E9 and increase the useful life of the facility. A detailed business case will need to be seen and approved by the relevant Portfolio Holder prior to coming forward for formal approval.
C6	Leisure	Head of Leisure & Environmental Services	North Herts Leisure Centre Development - relocate café, offices and provide new dance studio	785	0	17	3	Living within our means	785	0	0	0	0	Relocate the café to the front of the building so it is next to the proposed learner pool. The relocation will require the construction of a new building. For the new café to be provided the offices will have to be moved upstairs into the old kitchen. It is also proposed to provide a dance studio where the current cafe is to increase revenue. By relocating the café to the front of the building the aim is to improve the profitability of the café by increasing the number of people that use this facility. Also the new dance studio will increase the number of fitness classes that can be provided, which in turn will increase revenue. Linked with delivery of C5 and C7 to C11 to deliver efficiency proposal E9 and increase the useful life of the facility. A detailed business case will need to be seen and approved by the relevant Portfolio Holder prior to coming forward for formal approval.
C7	Leisure	Head of Leisure & Environmental Services	North Herts Leisure Centre Development - replace Sport Hall Floor and Lights	135	0	5	10	Living within our means	135	0	0	0	0	The sports hall floor is 32 years old and is beyond its economic repair. To improve the lux levels and to reduce the cost of utilities it is advised that the lights are replaced. Linked with delivery of C5 C6 and C8 to C11 to deliver efficiency proposal E9 and increase the useful life of the facility. A detailed business case will need to be seen and approved by the relevant Portfolio Holder prior to coming forward for formal approval.

C8	Leisure	Head of Leisure & Environmental Services	North Herts Leisure Centre Development - pool filter refurbishment and new UV system	100	0	4	11	Living within our means	100	0	0	0	0	To ensure the pool filters are in good condition for the next 20 years, it is advised that they are fully refurbished and that the UV system is replaced. Linked with delivery of C5 to C7 and C9 to C11 to deliver efficiency proposal E9 and increase the useful life of the facility. A detailed business case will need to be seen and approved by the relevant Portfolio Holder prior to coming forward for formal approval.
C9	Leisure	Head of Leisure & Environmental Services	North Herts Leisure Centre Development - refurbish swimming pool changing rooms	509	0	3	12	Living within our means	509	0	0	0	0	The changing rooms have had some minor improvement works in recent years, however, now require a full refurbishment to ensure they are in an appropriate condition for future years. Linked with delivery of C5 to C8 and C10 to C11 to deliver efficiency proposal E9 and increase the useful life of the facility. A detailed business case will need to be seen and approved by the relevant Portfolio Holder prior to coming forward for formal approval.
C10	Leisure	Head of Leisure & Environmental Services	North Herts Leisure Centre Development - provide more parking and upgrade gas and electricity services	181	0	2	13	Living within our means	181	0	0	0	0	These works are required to ensure the correct infrastructure is in place it the development is undertaken. Linked with delivery of C5 to C9 and C11 to deliver efficiency proposal E9 and increase the useful life of the facility. A detailed business case will need to be seen and approved by the relevant Portfolio Holder prior to coming forward for formal approval.
C11	Leisure	Head of Leisure & Environmental Services	North Herts Leisure Centre Development - upgrade corridor lighting and flooring	51	0	2	13	Living within our means	51	0	0	0	0	The area is looking tired and requires an upgrade. Linked with delivery of C5 to C10 to deliver efficiency proposal E9 and increase the useful life of the facility. A detailed business case will need to be seen and approved by the relevant Portfolio Holder prior to coming forward for formal approval.

Other Asset Management Proposals														
C12	Property Services	Head of Finance, Performance & Asset Mgmt	To carry out essential capital improvements to the council's premises determined by ongoing condition surveys.	1,200	0	5	10	Living within our means	300	300	300	300	0 (see revenue investment proposal R7)	Condition surveys have been carried out on a substantial number of the Authority's premises (substantially consists of Community Centres and Pavilions). This bid relates to 29 of those premises which are not currently subject to separate plans or review. The surveys have identified necessary works within priority bands required to ensure the continued use of the premises and to maintain premises in a reasonable condition. Enhancement works of this nature will reduce reliance on reactive maintenance repairs. The level of 'backlog' maintenance is also proposed as a national performance indicator by Central Government. An amount of £150k was approved to undertake the urgent works in 2014/15, based upon surveys carried out to date. In following years a full 5 year programme will be applied, based upon completed condition surveys or the whole estate. this is complementary to the Community Halls strategy (CHS), although covers a larger number of properties than those subject to CHS, i.e., it puts in place funds to allow works to be done that may assist in progressing that strategy (e.g. full repairing/partial repair leases).
C13	Leisure	Head of Leisure & Environmental Services	Replace swimming pool seating at Hitchin Swimming Centre	80	0	5	10	Living within our means	80	0	0	0	0	The original spectator seats are now beyond economic repair, therefore, require replacing. The seating is a retractable system which comprises of 208 seats and is used for galas and general spectating on a daily basis.
C14	Property Services	Head of Finance, Performance & Asset Mgmt	District Council Offices refurbishment programme	3250	0	7	8	Living within our means	3,250	0	0	0	0	Refurbishment programme agreed by Full Council in July 2013. Project is underway with a Project Board in place.
C15	Community Services	Head of Policy & Community Services	Demolition of Bancroft Hall	49	0	4	11	Living within our means	49	0	0	0	-6	The Demolition of Bancroft Hall following the reopening of Hitchin Town Hall, as approved by Council as set out in the adopted Community Halls Strategy. (Cabinet minute 47 refers).

C16	Housing Services	Head of Housing & Public Protection	Grant towards Housing Development at John Barker Place, Hitchin.	1,096	0	9	6	Promoting Sustainable Development	548	548	0	0	0	Cabinet agreed to the commitment to the John Barker Place regeneration scheme in January 2013, subject to the availability of funds.

Ref No	Service	Responsible Head of Service / Corporate Manager	Description of Proposal	Total Estimated Project Cost	Anticipated Funding from Grants or Other Contributions	Score *	Rank **	Link to the Priorities	Investment in 2015/16	Investment in 2016/17	Investment in 2017/18	Investment in 2018/19	Other Revenue costs	Anticipated Impact of Proposal (on Public/ Customers/ Staff/ Members/ Reputation/Revenue Budget etc)
				£'000	£'000				£'000	£'000	£'000	£'000	£'000	
C17	Housing Services	Head of Housing & Public Protection	Housing Development - partnership scheme funding	0	0	3	12	Promoting Sustainable Development	0	0	0	0	0	<p>The landscape for Registered Providers (RPs) has shifted considerably under the current government and they are now able to operate more freely. Homes and Communities Agency grant funding has subsequently been reduced and RPs have been creative to raise money and build private units to cross subsidise the affordable housing provision. This reduces the need for capital grant funding support from local authorities.</p> <p>In addition, over recent years there has been less call on Housing Association grant; however the ability to support schemes from time to time still appears to be an important factor that can aid the delivery of affordable housing.</p> <p>Recommendation: withdraw the annual housing association grant budget of £500k from 2015/2016 as individual in-year bids for funding can be made, on a 'scheme by scheme' basis, that would be considered by the Cabinet, on the condition that:</p> <ul style="list-style-type: none"> The registered provider has confirmed that all other funding options have been exhausted; The affordable housing would not be delivered without capital grant funding support from the Council.
C18	Housing Services	Head of Housing & Public Protection	Discontinuation of the Tenants Cash Incentive Scheme	0	0	0	15	Promoting Sustainable Development	0	0	0	0	0	<p>The Cash Incentive Scheme (CIS) offers a grant of £34k to social housing tenants to assist them in purchasing a property on the open market. An annual allowance of £105k has up to now been included in the capital programme. To be eligible, tenants must live in a property of two bedrooms or more and meet other conditions to do with length of tenancy, debt record and ability to sustain a mortgage. The price of the property to be purchased must not exceed £250,000.</p> <p>There are a number of alternative schemes which can assist social housing tenants in to home ownership. Over recent years there has been hardly any interest from tenants in the CIS.</p> <p>Recommendation: withdraw the CIS in 2015/16 due to very low demand and the availability of alternative home ownership options.</p>
C19	Housing Services	Head of Housing & Public Protection	Increase in annual investment in Home Repair Assistance Grants	240	0	3	12	Promoting Sustainable Development	60	60	60	60	0	<p>HRAGs are a discretionary form of assistance specifically designed to provide practical help through a grant for small-scale works. This grant provides cash limited assistance up to £5K within any three-year period, for minor works for owner / occupiers and private tenants who meet certain criteria. HRAGs are means tested and help to eradicate CAT1 Hazards, such as excess cold.</p> <p>Recommendation: increase the level of funding from £35k to £60k pa for 2015/6 and future years so the grant can be publicised further as well as providing some scope to link with other projects.</p>
C20	Housing Services	Head of Housing & Public Protection	Continuation of the Disabled Facility Grants scheme at the current level of investment	2980	287	8	7	Promoting Sustainable Development	745	745	745	745	0	<p>DFGs are available to owner/occupiers and tenants towards the cost of providing adaptations and facilities to assist older people and people with disabilities. It enables them to remain independent within their own home.</p> <p>Part of the funding for DFGs is provided to local authorities by the Department of Communities and Local Government (DCLG). This was £287k in 2014/15. From the fiscal year 2015/16, this funding will be included in the Better Care Fund, which will be overseen by the Hertfordshire Health and Well Being Board (HHWBB). As the intentions of the HHWBB are currently unknown, the future arrangements concerning this funding are unclear.</p> <p>There is a county wide DFG review underway with aim of examining opportunities for joined up working / sharing of services and to develop options for service improvement. A decrease in the budget could undermine the Council's position when negotiating with other authorities and there is also no guarantee the DCLG funding will be pass-ported by the county after 2015/16.</p> <p>Recommendation: maintain same level of funding for 2015/6 whilst a review on longer term options is undertaken.</p>

Green Space Strategy - Hitchin														
C21	Parks & Countryside Development	Head of Leisure & Environmental Services	Provision of an interactive Water Splash Park and associated toilet /baby change facility in Bancroft Recreation Ground	190	159	10	5	Working with our Communities	190	0	0	0	15 (see revenue investment R3)	<p>Following the HLF decision not to invest in Bancroft Recreation Ground Cabinet considered the future plans for the site at the December 2014 meeting. This proposal is to install a water splash park and associated toilet and baby changing facilities as outlined in the most recent version of the master plan set out in the report to Cabinet on 28 January 2014. A total of £159k of S106 receipts has been identified that could be used to help fund the scheme. The new facility would require an ongoing revenue investment of £15k to cover the annual running costs and maintenance.</p>
C22	Parks & Countryside Development	Head of Leisure & Environmental Services	Hitchin Cemetery, Roadways - Reconstruction of roadways and footpaths	40	0	9	6	Working with our Communities	0	0	40	0	0	<p>Listed as a project for 2017/18 in the Council's adopted Green Space Management Strategy 2014 - 2019. Current roadways and footpaths are in poor condition and require replacing. Now the Council's Green Space Strategy has been adopted requests will be made for Section 106 contributions and other grants.</p>
C23	Parks & Countryside Development	Head of Leisure & Environmental Services	King George V Recreation Ground, Hitchin - Relay car park, provide signage, improve main entrance, provide electric supply to garages.	60	3	8	7	Working with our Communities	0	60	0	0	0	<p>Listed as a project for 2016/17 in the Council's adopted Green Space Management Strategy 2014 - 2019. Current car park and signage is in poor condition and requires improving. There is no power supply for lighting to garages. Now the Council's Green Space Strategy has been adopted requests will be made for Section 106 contributions and other grants.</p>

Current entrance and some current paths in poor condition and additional planting is required. Now the Council's Green Space Strategy has been adopted requests will be made for Section 106 contributions and other grants.
Parking Related Proposals														
C44	Parking Services	Head of Finance, Performance & Asset Mgmt	Off Street Car Parks Resurfacing and Enhancement - To undertake a planned programme of car park resurfacing and enhancement derived from ongoing condition surveys.	315	0	10	5	Living within our means	95	90	130	0	-10	A review of car parking arrangements has recently been commissioned as part of the Challenge Board process which will consider the Council's current approach to Parking Strategy implementation and management. Members are asked to note that this proposal is subject to change following that review. Condition surveys have identified the need for a proactive programme of resurfacing for the council's off street car parking. Resurfacing, re-lining and enhancing the lighting enables the car parks to be used safely, reducing insurance claims for trips and falls, and allows the continued enforcement of the relevant traffic regulation orders. A. Planned maintenance programme should enable reduction in reactive repairs and therefore reduces revenue budgets by around £10K pa in 15/16 onwards. B. No programme of repairs will require additional revenue maintenance funds for responsive repairs, and loss of income as Traffic regulation orders will become unenforceable.
C45	Property Services	Head of Finance, Performance & Asset Mgmt	St Mary's Car Park - replace and enhance lighting	60	0	3	12	Living within our means	60	0	0	0		The existing lighting columns within the car park have suffered from ongoing electrical supply problems and structural decay. A temporary solution has been provided to provide lighting, however the existing columns need replacing. The lighting in the remainder of the car park is not to current recommended levels. This scheme will address all of these issues with new, energy efficient, lighting columns.

Notes:

* Proposals are scored against the criteria agreed in the Financial Strategy. There is a weighting for projects which are invest to save.

** The proposal ranked '1' has the highest score.

Shaded rows are provided as a reminder of capital schemes already approved in the capital programme.

Descriptions in **Bold** indicate a scheme already approved to be in the capital programme.
