

Council meeting: Notice that filming, recording or photography may take place during the meeting

Please be advised that filming, recording and/ or photography may take place at the meeting either by members of the public, press or elected Councillors.

Whilst the Council requests any person doing this not to record members of the public who actively object to being recorded, it cannot be guaranteed. Note that these films, recordings and/or photographs may then be used by third parties and the Council accepts no liability for the content, distribution or adaptation of such material.

Please be considerate with the use of flash photography as this could cause disruption to the meeting.
