

## **CABINET: 15 DECEMBER 2015**

### **ITEM 15 – NORTH HERTS LEISURE CENTRE (NHLC) - PARKING**

#### **AMENDED RECOMMENDATIONS**

The current three recommendations will be replaced by two recommendations as follows:

- 2.1 Agree to proceed with the car park improvement works at the Letchworth Rugby Club separately to the NHLC main project subject to:
  - (a) the Council's estimated contribution not to be funded from the council Capital programme but instead from profit share from the Leisure contracts;
  - (b) the Strategic Director of Customer Services, in consultation with the Executive Member for Leisure, considering that the proposed scheme (including the associated documentation) under which the improvements are to be undertaken and the facilities made available for NHDC, can be achieved to their satisfaction; and
- 2.2 In the event that the Strategic Director for Customer Services, in consultation with the Executive Member for Leisure, is not satisfied that the proposed scheme can be achieved, to revert back to the additional fifteen car park spaces for the NHLC project, if that project proceeds.
