

TITLE OF REPORT: COMMUNITY GOVERNANCE REVIEW

REPORT OF THE CHIEF EXECUTIVE
PORTFOLIO HOLDER – CLLR MRS C. P. A. STRONG

1. PURPOSE OF REPORT

- 1.1 To assist Council to undertake a Community Governance Review of the Parish of Great Ashby and the Parish of Weston.

2. FORWARD PLAN

- 2.1 This report does not contain a recommendation on a key decision and has not been included on the Forward Plan.

3. BACKGROUND**Keeping Parishes under Review**

- 3.1 At its meeting held on 25 February 2010, in recognition of statutory guidance, Council agreed to employ its knowledge and awareness of local issues, to consider whether or not reviews of parishes were necessary and that this would be achieved as a by-product of the regular activities of the Democratic Services function. The decision to undertake a review would be via recommendation to Council. This report contains such a recommendation.

4. REASONS FOR RECOMMENDATIONS**The Parishes of Great Ashby and Weston**

- 4.1 Upon lodging a request for the boundaries of the new parish of Great Ashby to be assimilated by Ordnance Survey, it became apparent that six dwellings described as being part of the Parish of Great Ashby, namely 22-27 Windermere Close were technically in the Parish of Weston (see map at Appendix A).

Windermere Close

- 4.2 Windermere Close in Great Ashby was built in 1998, without regard to parish council boundaries. This is not unusual as parish boundaries are not a planning consideration. It is understood that such issues arise on administrative boundaries throughout the Country. The result is that, notwithstanding a total sense of identity with Great Ashby, six of the dwellings in Windermere Close are actually in the Parish of Weston. This parish is centred on the village of Weston a completely different and remote community. Now that this anomaly has been discovered, it is recommended that a parish boundary change be considered.

Action by NHDC

- 4.3 To mitigate against the risk of a recurrence of this in the future, a process has been agreed with the Planning Service for any future developments, which may potentially straddle a parish or other boundary to be reported to both Democratic Services to ensure that the Electoral Register is correct and to Revenues & Benefits

to ensure that the property is allocated to the correct parish for Council Tax purposes.

- 4.4 Parish boundaries may now be changed by district councils. However, a Community Governance Review, must be undertaken. The Council is required to take account of statutory guidance and establish and publish terms of reference. In doing so, the Council is able to establish terms which reflect the need for the review. The legislation warns against establishing standard terms and conditions. Therefore, to correct a technical anomaly which is not likely to affect either the governance, or the electoral equality (a numerical consideration), a relatively brief process may be employed. Attention is drawn to the draft terms of reference (Appendix A) and the timetable (Appendix B).

The Wards of Chesfield and Weston and Sandon

- 4.5 The parish boundary in question is also a ward boundary. Therefore, Windermere Close also straddles the boundary of the wards of Chesfield and Weston and Sandon. Should the Council determine that 22-27 Windermere Drive be included within the Parish of Great Ashby, it follows that those dwellings should also be removed from the Weston and Sandon Ward and placed within Chesfield. This will require a recommendation to the Local Government Boundary Commission for England.

The Parliamentary Constituencies of Hitchin and Harpenden and North East Hertfordshire

- 4.6 The parish boundary in question is also a parliamentary boundary. Therefore, Windermere Close also straddles the boundary of Hitchin and Harpenden and North East Hertfordshire. Should the Council determine that 22-27 Windermere Close be included within the Parish of Great Ashby, it follows that those dwellings should also be removed from the North East Hertfordshire Constituency and placed within the Hitchin and Harpenden Constituency. This will require a recommendation to the Boundary Commission for England.
