**(B) Fly Tipping in North Hertfordshire**

To be moved by Councillor Jim McNally seconded by Councillor Michael Weeks:

“That this Council recognises the need for constant vigilance in order to protect the environment and countryside of North Hertfordshire from environmental crime such as fly tipping. We would like to acknowledge the professionalism and commitment of the NHDC Community Safety Team for the work they do, gathering evidence and preparing cases against those people involved in such anti-social offences and Legal Services for bringing such cases to court expeditiously and efficiently. The Community Safety Team, in particular, is at the forefront of our recent successful campaign to tackle fly tipping and are to be commended for their work. Through this campaign, we are sending a message to those who are tempted to fly tip their rubbish that the Council has a zero tolerance to this form of environmental crime and will pursue a prosecution wherever possible.”
