- 1.3 The Finance, Audit & Risk Committee receives periodic updates against the Annual Internal Audit Plan, the most recent of which was brought to this Committee on 20 March 2013.
- 1.4 The work of Internal Audit is required to be reported to a Member Body so that the Council has an opportunity to review and monitor an essential component of corporate governance and gain assurance that its internal audit provision is fulfilling its statutory obligations. It is considered good practice that progress reports also include proposed amendments to the agreed annual audit plan.

High Priority Recommendations

- 2.3 Members will be aware that a Final Audit Report is issued when it has been agreed by management; this includes an agreement to implement the recommendations that have been made. It is SIAS's responsibility to

bring to Members' attention the implementation status of high priority recommendations; it is the responsibility of Officers to implement the recommendations by the agreed date.

- 2.4 The standard template schedule attached at Appendix B shows the implementation status of previously agreed high priority audit recommendations, including those now assessed as complete and due to be removed from the list.

Proposed Audit Plan Amendments

- **6. Annual Plan** – prepared in time to present to the March meeting of each Audit Committee. If there is no March meeting then the plan should be prepared for the first meeting of the financial year.
- **7. Head of Assurance's Annual Report** – presented at the Audit Committee's first meeting of the civic year.
