	Balmoral Road Florence Street Kings Road Radcliff Road Dacre Road Old Hale Way Strathmore Avenue) – (INVESTIGATION)						Strategy. A report will be produced detail the roads meeting the criteria together with indicative costs of installing the required signage. Roads not meeting the criteria will be highlighted with indicative costs for traffic calming that would be required to reduce the 85 <sup>th</sup> percentile speeds to 25 mph or less. If the roads require traffic calming measures to achieve the required 85 <sup>th</sup> percentile speeds the cost is likely to be prohibitive for the Panel. AWAITING CONFIRMED LIST OF ROADS FOR INVESTIGATION FROM THE AREA COMMITTEE.
7	A505 j/w Willow Lane , Hitch – No Right Turn (Investigation)	Roger Flowerday 01438 757800	Investigation Cost £5,500 (Cllr Ashley £2750, JMP £2750)	on going	on going	Green	Concerns were expressed about rat running along Willow Lane between the A505 and the A602. The intention of this investigation is to obtain data on the various turning movements into and out of Willow Lane including Charlton Road,

							Cranborne Avenue and Hawthorn Close. The information will enable us to better understand the problems and identify suitable solutions for dealing with the issues and specifically will enable Herts Highways to assess the impact that a no right turn ban would have on the A505 junction with Willow Lane.
11	Estimate for progressing all Junction protection schemes <b>in Hitchin</b> - Nutleigh Grove j/w Redhill Road, - Willowtree Way j/w Old Hale Way, (DESIGN, CONSULTATION & IMPLEMENTATION) – <b>SCHEMES TO BE PROGRESSED VIA NHDC AS PART OF THE HITCHIN AREA REVIEW – CONSENT OF THE PANEL SOUGHT</b>	Roger Flowerday 01438 757800	Cost of progressing all five junction protection scheme candidates in North Herts £12,000 ( JMP £6,667, HAC £3,333) <b>CONSENT OF THE PANEL</b>	on going	on going	Green	Nutleigh Grove is accessed off Redhill Road, either side of the access there is a short precinct of shops which are fronted by a lay-by. When these lay-by's become full vehicles tend to park along Nutleigh Grove right up to the give way line. This parking significantly restricts access into the road and effectively narrows Nutleigh Grove to a single lane. This site would be suitable for junction protection with double yellow lines at the junction. Willowtree Way and Old Hale Way -
