Comments from Development Officer:

The Parent Association of Strathmore School have embarked on an ambitious project to improve the school grounds which they have split into various parts. The part they are looking for funding for from the Committee is the sensory garden part. It is hoped that this will be of use to not only the school pupils but would have a wider community involvement with parent volunteers, after school fun club and pre school children getting involved, They have held a consultation on the various things they would like to achieve in the school grounds and the sensory garden proved to be very popular

Amount recommended: **£1,250**
