The RISE School based project has finished and the Community based project, being delivered in three areas of Hitchin has now started.

The School project was very successful and a quote from the teacher involved at The Priory School is below:-

'RISE has been a very successful project with our students, they have thoroughly enjoyed the different range of activities during the lesson and have appreciated the chance to share their ideas. However, the best thing for me to see as a teacher was watching our students grow in confidence and self esteem. It has been a very worthwhile undertaking. Thank you.'

A Surgery at North Herts Minority Ethnic Forum will take place on Friday 7th June at 2pm – 3pm. A different day of the week has been chosen to hold the Surgery, hopefully to try and attract more people to attend.

The proposed Hitchin Free School approached the Community Development Officer for some community advice re their development of the school's community links. Community and volunteering is a vital part of the Free School's ethos and they plan to have a half day a week devoted to community work as well as aiming to bring the community to the school via a weekly assembly and also through various volunteering and learning projects.

The School is at the interview stage with the Department of Education and the organisers will know by the end of May whether they have been successful.

The second Big Hitchin Tidy Up, co-ordinated by Hitchin Forum, under the Keep Britain Tidy umbrella, took place at 11 different sites in the town over the first May Bank Holiday weekend.

A local Hitchin Nursery, Year 9 pupils from Priory School, Hitchin Bridge Club, Hitchin Fire Service and Friends of the Earth, amongst other local groups, took part in the tidy up. This was an excellent partnership event supported by North Herts District Council, Hitchin Initiative and The Comet.

8.10 **Vintage Taste**

The first Vintage Taste event, for over 50s, took place in the Town Centre on 6th April. The weather was kind and the stall holders present indicated they would like to take part in a similar event next year.

The survey from Hitchin Senior Citizens Committee, to establish what activities the 50+ would like to have available for them was completed at the event and the results will be discussed at the next meeting to see if they can support/provide any activities required.

Initial results show that some of the activities requested are already available and it is just the information which is not widely available. How to remedy this will be part of the discussions.

9. LEGAL IMPLICATIONS

9.1 The Terms of Reference in relation to Area Committees confirm that they may establish and maintain relationships with outside bodies/voluntary organisations which includes discretionary grant aid/financial support. However, this does not include grants for district wide activities.

9.2 Section 1 of the Localism Act 2011 provides that the Council has power to do anything which it considers likely to promote or improve the economic, social or environmental well-being of its area. This would apply on the basis that financial assistance to

voluntary and community organisations improves the economic, social or environmental well-being of the District or part of it.

9.3 Section 137 Local Government Act 1972 provides specific authority for the Council to incur expenditure on anything which is in the interests of and will bring direct benefit to its area. This includes a charity or other body operating for public service.

9.4 The Committee has delegated powers to administer funds from the budgets described.

10. FINANCIAL IMPLICATIONS

10.1 In the past few years there has been no inflationary allowance to the main Area Committee Budget and the 2013/14 baseline budget has stayed the same as the previous year.

10.2 The former MoU Budget is subject to a 7.1% reduction each year through to financial year 2015/16.

11. RISK IMPLICATIONS

11.1 There are no relevant risk entries that have been recorded on Covalent, the Council's Performance & Risk system. Individual events should have their own risk assessments in place to mitigate any health and safety issues that may arise.

12. EQUALITIES IMPLICATIONS

12.1 The Equality Act 2010 came into force on the 1st October 2010, a major piece of legislation. The Act also created a new Public Sector Equality Duty, which came into force on the 5th April 2011. There is a General duty, described in 12.2, that public bodies must meet, underpinned by more specific duties which are designed to help meet them.

12.2 In line with the Public Sector Equality Duty, public bodies must, in the exercise of its functions, give due regard to the need to eliminate discrimination, harassment, victimisation, to advance equality of opportunity and foster good relations between those who share a protected characteristic and those who do not.

12.3 The projects which comprise the Community Development Officers' workload, and area committee funding assigned to community projects are assessed to ensure that they are as inclusive as possible to members of the local community. The only deviation to this is where a minority group may specifically receive funding or allocation of resources to address a particular area of need or 'gap' in provision.

13. SOCIAL VALUE IMPLICATIONS

- 13.1 As the recommendations made in this report do not constitute a public service contract, the measurement of 'social value' as required by the Public Services (Social Value) Act 2012 need not be applied, although equalities implications and opportunities are identified in the relevant section at paragraphs 12.

14. HUMAN RESOURCE IMPLICATIONS

- 14.1 There are no pertinent Human Resource implications associated with any items within this report.
