**TITLE OF REPORT: PEOPLE STRATEGY UPDATE**

**REPORT OF THE CORPORATE HUMAN RESOURCES MANAGER**

**1. SUMMARY**

1.1 To update the Joint Staff Consultative Committee on the progress made in the last quarter on the People Strategy 2015 - 2020 which covers the Workforce Development needs.

**2. RECOMMENDATIONS**

2.1 To note the progress made in the last quarter, July to September 2016 on a number of HR Projects and work streams as part of the People Strategy for the period 2015 – 2020.

**3. REASONS FOR RECOMMENDATIONS**

3.1 The People Strategy supports the achievement of the Authority’s key objectives.

**4. ALTERNATIVE OPTIONS CONSIDERED**

4.1 Not applicable.

**5. CONSULTATION WITH EXTERNAL ORGANISATIONS AND WARD MEMBERS**

5.1 No consultation has been carried out because the People Strategy is focused on employee and organisational related projects.

**6. FORWARD PLAN**

6.1 This report does not contain a recommendation on a key decision and has not been referred to in the Forward Plan.

**7. BACKGROUND**

7.1 Progress against the People Strategy is reported to all quarterly JSCC Meetings. Attached at Appendix B is the HR work plan, taken from the HR Service plan for 16/17. The terms of reference for the Joint Staff Consultative Committee are to be the corporate interface with employees on major Human Resource issues and to be the Strategic HR Forum for NHDC Members. HR projects do require support from other support services such as IT, Finance, Legal Services and others.

## **8. ISSUES**

- 8.1 Over the last quarter, recruitment has continued to be very busy due to turnover, departmental restructures and recruitment of new apprentices.
- 8.2 The HR Service plan project highlights show the progress made since the last JSCC in July 2016.
- 8.3. There are major changes coming forward for how Apprenticeships will be run in the future with a new apprentice training levy and public sector targets to employ apprentices coming in 2017. Details on the Levy have recently been published and we are closely following developments to prepare for the changes. The current scheme is running extremely well and we are recruiting more apprentices now.
- 8.4 We are following a number of Government Consultations that will require changes to pay and benefits. A round up these is included as an information note on the Agenda of the September JSCC.
- 8.5 The bi-annual Staff Survey report has been published with overall staff satisfaction having gone up by 8% to 86% with many people responding positively to the questions in the survey. Some questions identified areas for improvement and an action plan has been created which includes a review of internal communications and a review of long service awards. Service results have been sent out and actions at service level will be captured along side service plans.
- 8.6 Feedback for a new improved shortlisting process has been good and the process is now being used for the majority of vacancies. Initial discussions around online shortlisting have taken place with IT, and an outline process has been drawn up. HR will meet with IT again in September to specify requirements in order for IT to commence building the system.
- 8.7 The Equal Pay Review was finished in the last quarter. Preparatory work is now underway in respect of the mandatory gender pay gap reporting requirements due to be introduced in April 2017.
- 8.8 The new Regular Performance Review (RPR) has been used for its first cycle this spring/summer. Final collection and collation of RPR documents is being undertaken. The updated policy and guidance notes are available on the intranet. Feedback is being considered for any improvements that can be made. A revised competency framework is being developed for use with the RPR process and to support other management and HR activities such as recruitment.
- 8.9 Following the success of the Well Being workshops last year the sessions have been updated and another session is planned for October. They will also now carry the 'facing the challenge' label which gives a context to our development activities. In addition a workshop is being developed to be run in October focussed on skills of Managing Change and Transition.
- 8.10 An Institute of Leadership and Management level 5 programme has been completed and when assignments have been successfully submitted participants will receive their certificates. The L and D team will investigate the need for further training of this type.

- 8.11 Essential learning both through the Learning Management System and training sessions has been reviewed which will ensure the most effective use of time and resources. This includes changes to the induction process and the first day welcome.
- 8.12 Corporate Board have agreed that the organisation continue to be assessed against the Investor in People Standard. The standards have been updated and NHDC will be assessed against these new criteria in July 2017. Work has commenced to create an action plan prior to assessment. This will draw on the staff survey results.
- 8.13 Work is ongoing in exploring a further framework for agency temporary workers and in the meantime a review of the Council's Register of Temporary Workers has been undertaken to increase its effectiveness in producing a pool of suitable temporary staff for managers to draw on when required.
- 8.14 The team are currently supporting a number of service restructures, and a TUPE proposal in addition to the usual employee relations case work.
- 8.15 A further application has now been received for the Council's salary sacrifice car scheme. This is only the third since the scheme's introduction in December 2014. A recently announced Government consultation on salary sacrifice schemes proposes the removal of existing tax and NI advantages from such schemes, with the exception of childcare provision and cycle to work schemes, and if this proceeds, it will be necessary to consider a review of the Just drive scheme.
- 8.16 HR are currently planning the 2016 round of flu vaccinations for staff in order to have them ready for the September period to get vaccinations done in time for the late autumn and winter. This benefit has been well received by staff over the last 3 years with around 100 staff opting for either a vaccination at DCO, or a pre-paid voucher to be used at a local pharmacy.

## **9. MEASURING THE SUCCESS OF THE STRATEGY**

- 9.1 Balanced Scorecard measures will continue to be collated to measure the success of the People Strategy Key measures are as follows:-
- Number of days lost to sick absence per employee
  - Turnover
  - Percentage of staff that have completed an appraisal

## **10. LEGAL IMPLICATIONS**

- 10.1 The People Strategy enables the Council to meet its legal obligations to employees.

## **11. FINANCIAL IMPLICATIONS**

- 11.1 Implementation of the strategy will be contained within existing budgets and any additional costs arising from the recommended actions in the action plan will also be contained within existing budget provision.
- 11.2 The Apprenticeship Scheme commenced in January 2013 with total budget provision of £424k made available to fund the first two years of the scheme. The approved investment proposal in the 2015/16 Corporate Business planning process was to continue to provide

apprenticeship/ internship opportunities to NHDC residents, with eight apprentice posts incorporated into the staffing establishment. The investment bid to make permanent budget provision for the Apprenticeship Scheme was approved in the process of setting the budget for 2016/17.

## **12. RISK IMPLICATIONS**

12.1 The Top Risk of Workforce planning identified the following as key risks:

- Loss of key staff or temporary absence due to pressure of on-going change, with risk highest for loss of those in professional roles and senior manager positions
- Loss of staff with key skills and knowledge due the age profile of the workforce
- Failure to have sufficient turnover to bring new ideas and processes to the Council
- Failure to have succession planning
- Failing to plan the future workforce needs of NHDC sufficiently.
- Delivery of a People Strategy is key to reducing the identified risks.

## **13. EQUALITIES IMPLICATIONS**

13.1 The Equality Act 2010 came into force on the 1<sup>st</sup> October 2010, a major piece of legislation. The Act also created a new Public Sector Equality Duty, which came into force on the 5<sup>th</sup> April 2011. There is a General duty, described in 13.2, that public bodies must meet, underpinned by more specific duties which are designed to help meet them.

13.2 In line with the Public Sector Equality Duty, public bodies must, in the exercise of its functions, give due regard to the need to eliminate discrimination, harassment, victimisation, to advance equality of opportunity and foster good relations between those who share a protected characteristic and those who do not.

13.3 Part of the work contained in the People Strategy is to train our staff to understand their role in complying with the Public Sector Equality Duty by eliminating unlawful discrimination, harassment and victimisation and fostering good relations with colleagues and as officers of the council with our service users. The provision of employee benefits such as childcare vouchers, salary sacrifice car schemes and flu jabs help to ensure that the authority attract and, at a time when turnover has increased slightly, retain the best possible staff to take the organisation forward.

## **14. SOCIAL VALUE IMPLICATIONS**

14.1 As the recommendations made in this report do not constitute a public service contract, the measurement of 'social value' as required by the Public Services (Social Value) Act 2012 need not be applied, although equalities implications and opportunities are identified in the relevant section at paragraphs 13.

## **15. HUMAN RESOURCE IMPLICATIONS**

15.1 The HR implications are detailed in the main report.
