Matched /linked funding : **£0**
or DRR

Funder:

Comments from Development Officer:

The Wilbury Community Forum have been slowly building their capacity for the last 12 months. They have been setting up small scale initiatives to involve the local community and to research what gaps and needs local residents have. The development of a community website would assist in engaging with the local community. The group are hoping to use the project as a tool to encourage technological literacy with both older residents and young people.

The Community Development Officer has examined this application against the Authority's Area Grants Policy, the organisation's accounts and grant history, and considers it an eligible application to put before the Committee.

Amount recommended: **£1,500**
