Are there any additional comments you would like to make, or suggestions for improving office and/or home working arrangements?

Home workers/ home & office workers	34 (32%)
Office only workers	19 (28%)

These responses included:

- Working office space for home workers. Preferably a quiet area.
- Improved furnishings and improved decoration.
- I would have ticked a several more of the options if it were possible - it is a bit of a dump and facilities are poor
- PC availability in more meeting rooms would be useful
- Existing meeting rooms on all floors could be tidied up and decorated so they offer a more professional look to external (and internal) visitors.
- Hot water in 5th Floor Canteen
- More ventilation in the summer when hot.
