Comments from Development Officer:

Noted that the organisation is based at Freman College, which will host the projects. The equipment for rugby is balls and tags; for Multiskills is Koosh Balls (10) and Bean Bag Balls (20). The applicant comments "The Long and Triple Jump mats would be stored at Greneway School, Royston and be available for any of the Royston and village schools to use after the project has run for their own sessions or for training of leaders. These mats would add to the other types of equipment which we have, thus giving greater variety and allow for the development of more skills and allow more schools to use it. We will be able to use Royston Leisure Centre as well as Greneway for the competitions this year so it will be conveniently placed at Greneway for both venues." CDO supports.

Amount recommended: **£0**
