2. Date: **5 June 2013**

3. Summary of application: **DDA compliant access to scout hut**

Name of organisation: **10th Royston Scouts**

Sum requested: **£1,500**

Total project cost: **£2,850**

Brief details:

Application for support funding for a ramp to enable a wheelchair user to attend a scout group. This has proved surprisingly complex, with what have seemed inappropriately excessive requirements in terms of slope. NHDC Building Control has been consulted about the base legislation, and provided a reference to the relevant documentation. Members will recall this application was put before the Committee in November 2012. Three quotations for the work have now been received. One has been discounted as it was significantly more expensive as all the works were to be in concrete, but a revised quotation for the work to be in wood is the cheapest quotation received at £2850. The other quotation is for works in concrete, and is for £3168.

Matched / linked funding: **£500**

Funder: **Scout group's own funds**

Matched /linked funding : **£0**

Comments from Development Officer:

This application was deferred at a previous meeting pending receipt of an additional quotation. It is however now clear that the works will cost around £3000. At the time of writing the CDO is still in negotiation with the applicant, but it may be possible to fund this from 106 sources. A verbal update will be provided at the Meeting.

Amount recommended: **£1,200**
