Mr Christopher Baker (Chairman of Kimpton Parish Council) had given due notice that he wished to speak at the meeting regarding Agenda Item 6 – Area Governance and Cost of Democracy.

Mr Baker addressed the Committee on Agenda Item 6 and made the following comments:

- Appreciated the need to review the budgets of NHDC, but was concerned about the representation of wards and parishes at Committee level;
- Considered the proposals in the report a retrogressive move and reiterated his earlier comment, adding that he was concerned that Kimpton Parish Council would not be adequately represented through the Ward Councillors;
- Appreciated the work of Southern Rural Area Committee;

- He was concerned that the Parish Councils would not receive adequate funding if the proposals were accepted;
- He urged the Head of Community Development and Cultural Services to reconsider the proposals in the report and to develop a proposal that would better serve the needs of the Southern Rural Area.

RESOLVED: That Mr Baker be thanked for his comments.

80. AREA GOVERNANCE AND COSTS OF DEMOCRACY

The Head of Community Development and Cultural Services presented a joint report of the Heads of Community Development and Cultural Services, Planning and Building Control and Legal and Democratic Services to the Committee that set out a series of proposals and options to determine savings which could be made if the Council's approach to its governance and decision making arrangements was restructured. The report had been presented to Cabinet at its meeting held on 19 December 2006 (Minute 119 refers).

The Head of Community Development and Cultural Services confirmed that this report was being brought to all five Area Committees as a direct response to implementing the Council's decision to make savings of £50,000 which was part of the Service and Financial Planning Process for 2006/2007.

The Head of Community Development and Cultural Services acknowledged that the proposals represented a fundamental change to the way that the Council's civic process currently operated, but stated that the resulting arrangements would be more streamlined and less bureaucratic. He also informed the Committee that the report before them presented only the outline proposals and principles, and that a further report with more detailed information about the proposals would be presented to Cabinet on 27 February 2007.

RESOLVED: That the report of the Heads of Community Development and Cultural Services, Planning and Building Control and Legal and Democratic Services be noted.

RECOMMENDED TO CABINET: That the following key issues raised by the Southern Rural Area Committee be taken into account when considering the recommendations in the report:

- (1) That there is support for the dissolution of the Southern Rural Area Committee.
- (2) That the rural area of North Hertfordshire not be overlooked in favour of the four main towns and that the word 'rural' be adopted into the title of any proposed amalgamated Committees;
- (3) That planning issues formally dealt with by Area Committees could be taken into consideration by a newly formed Rural Development Planning Control Committee;
- (4) That improving the links provided by Area Committees between the Community and the District Council be taken into account when making any changes;
- (5) That any proposed restructure of Area Committees must retain the current officer representation in respect of Community Development.

REASON FOR DECISIONS:

- (1) To provide the Southern Rural Area Committee with an opportunity to provide its views on the proposed changes to the Area Governance and decision making arrangements;

- (2) To ensure that savings identified within the context of the Service and Financial Planning process for 2006/2007 and beyond are achieved.

81. DISTRIBUTION OF OUTLOOK MAGAZINE IN THE SOUTHERN RURAL AREA

The Head of Communications presented a report, which advised the Members of the current position regarding the distribution of the Council's quarterly residents' magazine 'Outlook' and reviewed the issues affecting the Southern Rural Area.

RESOLVED:

- (1) That the report of the Head of Communications be noted;
- (2) That the Head of Communications should continue to pursue cost effective methods of distributing *Outlook* in the Southern Rural Area in order to improve coverage;
- (3) That consideration should be given to reducing the number of issues of *Outlook* per annum, and consider combining one issue of the magazine with the issue of Council tax demands;
- (4) That the Head of Communications be requested to present a report to the next meeting of Southern Rural Area Committee to be held on Thursday, 1 February 2007 outlining costings of various methods of distribution, with particular emphasis on the proposal of using Royal Mail to distribute *Outlook*.

REASON FOR DECISION: To improve the circulation of *Outlook* which creates a better informed community and helps the Council to meet its strategic objective in regard to satisfied communities.
