Brief details:	Total project cost: £24,000				
Circles Café Bar group Registered as a Community Interest Company in December 2011. It has 3 volunteers, formerly the Gt Ashby Community Centre Management Association café bar sub-group. The Community Café is seen as an integral part of the life of the Community Centre but as a separate trading/business operation safeguarding the Community Centre. The rationale and business model for a community interest company was the most appropriate to run the café bar as a business for community benefit, not private advantage. Any profits or other surpluses will be used for community benefit, not going to shareholders.  Activities & Related Benefits are To provide a professional, welcoming, friendly, and fulfilling continental-style cafe bar. To provide a facility that is benefiting, enhancing and serving the local community. To fill the gap identified through a community survey in 2003 for a facility providing refreshments/bar facilities in a family friendly environment.  If the company makes any surplus it will be used for the benefit of Great Ashby and the wider
