Comments from Development Officer:

Trees within the Parish provide pleasure and enjoyment for both local residents and visitors. They are an important part of the environment and a key factor in the character of the village.

Being a small parish, this work is a considerable percentage of the Council's budget and the Parish is seeking a grant in the region of £1500 to assist with taking on the required works.

The Community Development Officer has examined this application against the Authority's Area Grants Policy, the organisation's accounts and grant history, and considers it an eligible application to put before the Committee.

Amount recommended: **£500**
