- Toilets and marketing had not been included in the original costing of £2,650 resulting in the amount required for the event being increased to £4,000;
- Despite its popularity, jousting had been ruled out due to cost. It would also have drawn in more people and the additional cars would have to be accommodated;

30 PUBLIC PARTICIPATION - ROYSTON BOWLS CLUB

Audio Recording – 10 minutes and 22 seconds

Mr Steven Kilford, Royston Bowls Club, thanked the Chairman for the opportunity to address the Committee regarding their grant application.

- Royston Bowls Club was established in 1927;
- Funds were requested to purchase a de-thatcher machine. This would reduce the thicker grass otherwise known as thatch on the green which in turn produced weeds, thus reducing the need to use herbicides and pesticides;
- The de-thatcher would compact the green, make it flatter and provide an improved surface on which bowls could be played;
- The players were of diverse ages, including teenagers;
- Royston Bowls Club were beneficiaries of a large legacy and one of the stipulations was that they become a registered charity and that the bequest be used to build a new clubhouse, with any remainder being set aside for any improvements and repairs;
- The Club only operated for 5 months each year and they had a problem covering the costs.
- The Club made a loss every year with a total of £22,000 lost over the last nine years.

The following Members asked questions:

- Councillor Ruth Brown;
- Councillor Gerald Morris;
- Councillor Tony Hunter.

In response to questions, Mr Kilford advised that:

- The clubhouse was not rented out as a rule but members could use the facility free of charge and they had rented it out on a few occasions;
- They were trying to gain new sponsorship by use of advertising boards around the green and through advertising in their handbook;
- They already had two sponsors;
- They were concerned that hirers would cause a nuisance to neighbours and they were not licenced to hold music events;
- They were also concerned about the risk of damage to the green by hirers;
- The green was currently maintained by using a scarifier, rotivators and mowers;
- The use of a de-thatcher would reduce the need for addition of topsoil which would add to the costs as well as increasing the height of the green;
- A profit had been made from 1927 until 2010 and they had sold some land, these funds had been used to cover recent losses;
- They had £124,000 of the bequest remaining, which was ringfenced for the clubhouse and the current account held about £9,000;
- There were 132 members of which 96 were playing members and the remainder were social members;
- The Club was always looking to increase its numbers however bowls had been portrayed as an old people's sport;
- In recent years the game was being played by young players;
- The Club catered for both social and competitive games.

- The Choir was committed to performing JS Bach's "St John's Passion" in German at Easter which was quite challenging for an amateur choir;

- Funds were to be raised through membership, ticket sales, advertising and bar sales;

- The club made a loss of £500 last year;
- They would like to expand their reputation beyond Royston
- They were looking to involve younger people.

The following Members asked questions:

- Councillor Gerald Morris.
