Subject: Premises License Conditions - Nuisance Condition

Hello,

Thank you for talking through your business operation with me.

I've attached a basic set of conditions that relate to controlling the noise and public nuisance issues required for the license.

If you are happy with these conditions then please reply, CC'ing in Licensing so they are notified.

As discussed the level of music after 11pm will be kept to ambient recorded music so diners are able to enjoy conversation whilst they dine. As such I do not feel that there is a requirement to include any additional conditions to control this but if complaints are received then you will be contacted by the Environmental Health team to see what action can be taken to reduce this.
