LICENSING ACT 2003

APPLICATION BY JASON KITCHENER, SUSAN KITCHENER AND ABIGAIL SKINNER FOR THE GRANT OF A PREMISES LICENCE IN RESPECT OF STYLUS, 35A HIGH STREET, BALDOCK, HERTFORDSHIRE, SG7 6BG.

REPORT OF THE LICENSING OFFICER

1. BACKGROUND

- 1.1 No premises licence under the Licensing Act 2003 is currently in place for the premises.

2. APPLICATION

- 2.1 The application is for the grant of a premises licence under Section 17 of the Licensing Act 2003.
- 2.2 The licensable activities and hours applied for are attached as Appendix A.

3. APPLICATION PROCESS

- 3.1 On 20 September 2017, Jason Kitchener, Susan Kitchener and Abigail Skinner made an application for the grant of a premises licence.
- 3.2 The application was received electronically so copies were served by the Council to Hertfordshire Constabulary and the other responsible authorities.
- 3.3 A public notice was displayed on the premises for a period of not less than twenty-eight (28) days in accordance with the requirements of the Licensing Act 2003.
- 3.4 A newspaper advertisement was placed in The Comet in accordance with the requirements in the Act.

4. REPRESENTATIONS

- 4.1 No representation was received from Hertfordshire Constabulary.
- 4.2 NHDC Environmental Protection had initial concerns with the application and entered into negotiations with the applicant during the consultation period. The applicant subsequently amended the application to include additional operating schedule conditions which resolved the officer's concerns. The amendments made following negotiations with the environmental protection officer are as follows :

1. **The premises licence holder will ensure that all windows and doors will be closed after 22.00hrs at times that regulated entertainment is being provided at the premises.**
2. **Deliveries and waste collections relating to premises shall only take place between 07.00hrs and 18.00hrs, Mondays to Saturdays.**
3. **No glass bottles shall be emptied into waste bins at the premises between 20:00 and 09:00.**
- 4.3 It is the original application contained within Appendix A including the amendments listed above that the sub-committee are being asked to determine.
- 4.4 No representations were received from any other responsible authority.
- 4.5 Two (2) representations were received from 'other persons' against the application and are attached as Appendix B.
- 4.6 The Councils Scheme of Delegation requires the licensing officer to determine whether a representation is relevant as specified within the Act.
- 4.7 Where representations include paragraphs that are not relevant to the Act, these paragraphs have been clearly crossed through and marked as '*not relevant*' by the licensing officer and should not be considered as part of the determination process. **Other persons must not refer to these paragraphs in any oral presentation at the hearing.**
- 4.8 Where the licensing officer has determined that the representations are relevant, it is for the sub-committee to determine what weight to apportion to each representation.
- 4.9 The applicants have been served with a copy of the representations as part of this report.
- 4.10 The applicants and the other persons making relevant representations have been invited to attend the hearing to present their respective cases. They have been advised that they may be legally represented and of the sub-committee hearing procedure.
5. **OBSERVATIONS**
- 5.1 In determining this application, the sub-committee must have regard to the representations and take such steps, as it considers appropriate for the promotion of the Licensing Objectives.
- 5.2 In making its decision, the Licensing and Appeals Sub-Committee must act with a view to promoting the licensing objectives. It must also have regard to the Licensing Authority's Statement of Licensing Policy and National Guidance.
- 5.3 The Licensing and Appeals Sub-Committee has the following options when issuing the Decision Notice:
 - i) Grant the application as made
 - ii) Grant the application with conditions and/or amendments to the

licensable activities and/or timings (conditions should only be added where they are appropriate to promote the licensing objectives).

iii) Refuse the application.

6. LICENSING POLICY CONSIDERATIONS

6.1 The following paragraphs from the Council's Statement of Licensing Policy 2016 may be relevant to this application. This section does not prevent the sub-committee from considering other paragraphs of the Statement of Licensing Policy where they deem it appropriate:

B6

Our vision is:

"To ensure that North Hertfordshire continues to offer a diverse range of well managed entertainment venues and community and cultural activities within a safe and enjoyable environment."

B7

The Council is committed to the continued promotion of the diverse cultural and community activities within the district and providing a safe and sustainable night-time economy for residents and visitors alike. Licensing Policy will be approached with a view to encouraging new and innovative forms of entertainment that promote this vision and are consistent with the four licensing objectives.

B8

The Council encourages greater live music, dance, theatre and other forms of entertainment for the benefit of the community. Where activities require a licence, the Council will seek to balance the potential for disturbance of local residents and businesses against the wider community and cultural benefits.

B9

In making a balanced decision, the Council accepts that those living in town centre environments are likely to experience a degree of disturbance associated with a vibrant night-time economy but this must be managed in such a way to limit its impact beyond that which is reasonable. The Council will at all times consider the wider benefits to and impacts on the community as a whole and will take a proportionate view on the weight to apply to representations.

D2.1

Each licence application will be decided by reference to this Policy, the National Guidance issued by the Secretary of State, relevant legislation and to the individual circumstances of the particular application. The Council may depart from the Policy where the individual circumstances of any application merit such a decision in the interests of the promotion of the Licensing Objectives. Full reasons will be given for decisions taken by the Council when undertaking its licensing functions.

D2.4

In determining applications, the Council will focus primarily on the direct impact of the proposed activities on persons that may be adversely affected in relation to the licensing objectives. The scope of those persons that may be affected will be determined on a case by case basis taking into account all relevant factors.

D2.5

The Council acknowledges that the licensing process can only seek to impose conditions that are within the direct control of the licence holder. The Council does not consider that the term 'direct control' can be generically defined and will consider its definition relative to the specific circumstances of each application. For example, licensed premises at the end of road leading to a car park may be able to control its patrons leaving the premises and using the car park. In general terms, to be

considered to be under the 'direct control' of a licence holder, there will need to be a direct causal link between the problems or likely problems and the specific premises.

D2.6

Where problems with a direct causal link to premises exist in relation to the promotion of the licensing objectives but they cannot be mitigated by the imposition of appropriate conditions, a Licensing Sub-Committee will seriously consider refusal of the application. For example, patrons from a licensed premise that are causing disorder in a town centre after leaving the premises cannot be controlled by conditions, however the problem may be resolved by the refusal of the application or revocation of the licence.

D2.9

The Council will carry out its licensing functions in the promotion of the licensing objectives and, in addition, will support the stated aims of the Act which are as follows:

- (i) protecting the public and local residents from crime, anti-social behaviour and noise nuisance caused by irresponsible licensed premises;*
- (ii) giving the police and licensing authorities the powers they need to effectively manage and police the night-time economy and take action against those premises that are causing problems;*
- (iii) recognising the important role which pubs and other licensed premises play in our local communities by minimising the regulatory burden on business, encouraging innovation and supporting responsible premises;*
- (iv) providing a regulatory framework for alcohol which reflects the needs of local communities and empowers local authorities to make and enforce decisions about the most appropriate licensing strategies for their local area; and*
- (v) encouraging greater community involvement in licensing decisions and giving local residents the opportunity to have their say regarding licensing decisions that may affect them.*

D3.4

The Council also recognises that licensing hours should not inhibit the development of a thriving and safe evening and night time economy, which is important for local investment, employment and tourism. The Council will not seek to restrict the trading hours of any particular premises unless this is necessary to promote one or more of the licensing objectives.

D6.2

The Council recognises that each application must be considered on its own merits and any conditions attached to licences and certificates must be tailored to the individual style and characteristics of the premises and activities concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises. A standardised approach to imposing conditions must be avoided and conditions will only be lawful where they are deemed appropriate to promote the licensing objectives in response to relevant representations.

D6.3

Conditions will only be imposed when they are appropriate for the promotion of the licensing objectives and will focus upon matters within the control of the individual licensee such as the premises, places or events being used for licensable activities or the surrounding areas of the premises, places or events. Conditions are likely to be focused towards the direct impact of those activities on persons living in, working in or visiting areas affected by, or likely to be affected by, those activities.

D6.8

It is the Council's view that the imposition of conditions should be restricted to those that are proportionate in addressing any concerns in relation to the promotion of the licensing objectives. Conditions should not be used as a tool to attempt to mitigate every possible scenario; this will serve only to place undue burden on applicants and is not consistent with the general principles of the Guidance.

E3.1.1

Licensed premises may have significant potential to impact adversely on communities through public nuisances that arise from their operation. The Council interprets 'public nuisance' in its widest sense and takes it to include such things as noise, light, odour, litter and anti-social behaviour, where matters arising at licensed premises impact on those living, working or otherwise engaged in activities in the locality. Ordinarily, the Council's Environmental Protection & Housing Team, in their role as a responsible authority, would take the lead in respect of nuisance issues.

E3.1.3

The Council recognises that conditions relating to noise nuisance may not be appropriate in certain circumstances where the provisions of other legislation (for example, the Environmental Protection Act 1990, the Noise Act 1996, or the Clean Neighbourhoods and Environment Act 2005) adequately protect those living in the areas surrounding the premises. That said, the approach of the Council will be one of prevention and it will consider each application on its own merits, having due regard to the avoidance of duplication balanced against the effectiveness or otherwise of the other legislative provisions.

E3.3.1

This may include noise and disturbance from customers on the premises and customers in outdoor areas such as terraces, beer gardens and smoking areas. It will also include noise, disturbance and obstruction from customers in the vicinity of premises smoking and/or drinking and customers arriving at, leaving or queuing outside premises. Measures to prevent a public nuisance may include, but are not limited to:

- use of time restrictions on specified areas of the premises (different times can apply to different areas);*
- cessation of the use of certain areas of the premises;*
- supervision of outdoor areas, entrances and exits;*
- suitably worded, clear and prominent signage;*
- restriction of seating in outdoor areas of the premises;*
- restriction of times that drinks can be taken in specified outdoor areas of the premises;*
- restriction of the number of customers permitted in specified outdoor areas of the premises, including time-specific restrictions (different numbers and times can apply to different areas).*

E3.9.1

The Council is fully aware of the nuisance that can be caused by poorly managed or inappropriately located premises, however will seek to strike an appropriate balance with its vision of promoting a diverse and vibrant night-time economy.

E3.9.2

The provision of well-managed and controlled entertainment will be encouraged to promote the vision, however the potential disturbance to residents and businesses will need to have been adequately considered by applicants as part of their operating schedule

E3.9.3

Should disturbance from licensed premises become unreasonable, any review proceedings will seek to impose suitable control measures in the first instance. Should control measures prove ineffective or are deemed inappropriate then the restriction of licensable activity timings, removal of licensable activities, suspension or revocation of the licence will be seriously considered.

F8.1

The Council acknowledges that conditions cannot be imposed on an authorisation where it would be either impracticable or impossible for the licence holder to comply with such conditions when customers have left the premises and are beyond the control of the licence holder.

F8.2

That said, if behaviour of customers beyond the control of the licence holder can be causally linked to a specific premises and it is causing crime and disorder or a nuisance it is wrong to assume that the Act cannot address this; section 4 of the Act gives the Council a positive duty to deal with it proportionately. Whilst conditions would be inappropriate in these scenarios, the Council is strongly of the view that activities and/or operating times of an authorisation should be restricted, or an authorisation refused or revoked, where appropriate for the promotion of the licensing objectives.

7. RELEVANT EXTRACTS OF STATUTORY GUIDANCE

7.1 The following paragraphs from the Guidance issued by the Home Office under section 182 of the Licensing Act 2003 (April 2017 version) may be relevant to this application. This section does not prevent the sub-committee from considering other paragraphs of the Guidance where they deem it appropriate and the determination should be based upon consideration of the full document:

1.3

The licensing objectives are:

- *The prevention of crime and disorder;*
- *Public safety;*
- *The prevention of public nuisance; and*
- *The protection of children from harm.*

1.4

Each objective is of equal importance. There are no other statutory licensing objectives, so that the promotion of the four objectives is a paramount consideration at all times.

1.5

However, the legislation also supports a number of other key aims and purposes. These are vitally important and should be principal aims for everyone involved in licensing work.

They include:

- *protecting the public and local residents from crime, anti-social behaviour and noise nuisance caused by irresponsible licensed premises;*
- *giving the police and licensing authorities the powers they need to effectively manage and police the night-time economy and take action against those premises that are causing problems;*
- *recognising the important role which pubs and other licensed premises play in our local communities by minimising the regulatory burden on business, encouraging innovation and supporting responsible premises;*
- *providing a regulatory framework for alcohol which reflects the needs of local communities and empowers local authorities to make and enforce decisions about the most appropriate licensing strategies for their local area; and*
- *encouraging greater community involvement in licensing decisions and giving local residents the opportunity to have their say regarding licensing decisions that may affect them.*

1.16

Conditions on a premises licence or club premises certificate are important in setting the parameters within which premises can lawfully operate. The use of wording such as "must", "shall" and "will" is encouraged. Licence conditions:

- *must be appropriate for the promotion of the licensing objectives;*
- *must be precise and enforceable;*
- *must be unambiguous and clear in what they intend to achieve;*
- *should not duplicate other statutory requirements or other duties or responsibilities placed on the employer by other legislation;*

- must be tailored to the individual type, location and characteristics of the premises and events concerned;
- should not be standardised and may be unlawful when it cannot be demonstrated that they are appropriate for the promotion of the licensing objectives in an individual case;
- should not replicate offences set out in the 2003 Act or other legislation;
- should be proportionate, justifiable and be capable of being met;
- cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder and their staff, but may impact on the behaviour of customers in the immediate vicinity of the premises or as they enter or leave; and
- should be written in a prescriptive format.

1.17

Each application must be considered on its own merits and in accordance with the licensing authority's statement of licensing policy; for example, if the application falls within the scope of a cumulative impact policy. Conditions attached to licences and certificates must be tailored to the individual type, location and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed may be unlawful where they cannot be shown to be appropriate for the promotion of the licensing objectives in an individual case.

2.1

Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).

2.15

The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.

2.16

Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.

2.17

Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the

community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.

2.18

As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.

2.19

Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.

2.21

Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

9.42

Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.

9.43

The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

9.44

Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on

an assessment of the evidence on both the risks and benefits either for or against making the determination.

10.8

The licensing authority may not impose any conditions unless its discretion has been exercised following receipt of relevant representations and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives. In order to promote the crime prevention licensing objective conditions may be included that are aimed at preventing illegal working in licensed premises. This provision also applies to minor variations.

10.9

It is possible that in some cases no additional conditions will be appropriate to promote the licensing objectives.

10.10

The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. Conditions should be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided. For example, conditions should not be used to implement a general policy in a given area such as the use of CCTV, polycarbonate drinking vessels or identity scanners where they would not be appropriate to the specific premises. Conditions that are considered appropriate for the prevention of illegal working in premises licensed to sell alcohol or late night refreshment might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as part of a right to work check is retained at the licensed premises. Licensing authorities and other responsible authorities should be alive to the indirect costs that can arise because of conditions. These could be a deterrent to holding events that are valuable to the community or for the funding of good and important causes. Licensing authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives.

8. LICENSING OFFICER COMMENTS

- 8.1 The comments within this section of the report are provided by the licensing officer to assist the sub-committee with the interpretation of the Act, the Guidance and existing case law. It is for the sub-committee to determine what weight they attach to this advice.

Definition of 'appropriate'

- 8.2 The previous Statutory Guidance first issued in July 2004 and subsequently updated up until April 2012, specifically required Licensing Sub-Committees to ensure that their decisions were based on measures that were 'necessary' for the promotion of the licensing objectives. This placed a burden on the licensing authority to demonstrate that no lesser steps would satisfy the promotion of the licensing objectives and any conditions imposed on a licence would only be those necessary for the promotion of the licensing objectives with no opportunity to go any further.
- 8.3 The revised Statutory Guidance issued on 25th April 2012 and subsequently amended in October 2012, June 2013, October 2014, March 2015 and April 2017 has amended the 'necessary' test to one of 'appropriate'. This has changed the threshold which licensing authorities must consider when determining applications by requiring that they make decisions which are 'appropriate' for the promotion of the licensing objectives.

8.4 The Guidance explains 'appropriate' as:

9.43

The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

9.44

Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination.

8.5 It is anticipated that, in due course, case law will provide clarity on the meaning of 'appropriate' as referred to in paragraphs 9.43 and 9.44 of the Guidance. The sub-committee is therefore advised to give 'appropriate' its ordinary meaning, as expanded upon by paragraph 9.44 of the Guidance, subject to the over-riding requirement on all local authority decisions of reasonableness.

8.6 This approach, of allowing the courts to provide clarity, is reflected in the following paragraphs of the Guidance:

1.9

Section 4 of the 2003 Act provides that, in carrying out its functions, a licensing authority must 'have regard to' guidance issued by the Secretary of State under section 182. This Guidance is therefore binding on all licensing authorities to that extent. However, this Guidance cannot anticipate every possible scenario or set of circumstances that may arise and, as long as licensing authorities have properly understood this Guidance, they may depart from it if they have good reason to do so and can provide full reasons. Departure from this Guidance could give rise to an appeal or judicial review, and the reasons given will then be a key consideration for the courts when considering the lawfulness and merits of any decision taken.

1.10

Nothing in this Guidance should be taken as indicating that any requirement of licensing law or any other law may be overridden (including the obligations placed on any public authorities under human rights legislation). This Guidance does not in any way replace the statutory provisions of the 2003 Act or add to its scope and licensing authorities should note that interpretation of the 2003 Act is a matter for the courts. Licensing authorities and others using this Guidance must take their own professional and legal advice about its implementation.

8.7 The sub-Committee should also be aware that their decision must be proportionate to the evidence received in respect of the application and representation. Proportionality is a key factor in assisting with the definition of 'appropriate'.

Case law

- 8.8 As paragraph 2.16 of the Guidance confirms, public nuisance under the Licensing Act 2003 has a wide interpretation and it is for the Sub-Committee to determine, based on the evidence, whether they consider these issues to be a public nuisance.
- 8.9 The Guidance states at paragraph 2.21 that conditions relating to public nuisance beyond the vicinity of the premises are not appropriate and the Council's Statement of Licensing Policy supports that view. Conditions that it would be either impracticable or impossible for the licence holder to control would clearly be inappropriate.
- 8.10 That said, if behaviour beyond the premises can be clearly linked to a premises and it is causing a public nuisance, it is wrong to say that the Licensing Act 2003 cannot address this. Whilst conditions may well be inappropriate, if the evidence deems it necessary, times and/or activities under the licence could be restricted or, indeed, the application could be refused, suspended or revoked.
- 8.11 The magistrates court case of *Koultis v London Borough of Enfield*, 9th September 2011 considered this issue.
- 8.12 In a summary of the case provided by the Institute of Licensing it is reported that District Judge Daber considered an appeal against a decision of the local authority to restrict the hours of musical entertainment of a public house to mitigate the noise from patrons as they left the premises in response to representations from local residents. The appellant relied on the sections of the Guidance that state that "beyond the vicinity of the premises, these are matters for personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right". It was also suggested that, given that certain residents were not disturbed, this did not amount to public nuisance within the meaning of the Guidance as approved by Burton J in the Hope and Glory case.
- 8.13 The District Judge held that there was ample evidence of public nuisance relating to the specific premises, and that section 4 of the Act gave the licensing authority a positive duty to deal with it proportionately. In this case, no less interventionist way of dealing with the nuisance had been suggested. He held that not only was the authority not wrong, but that it was in fact right to reduce the hours as it had. The appeal was therefore dismissed.

'Not relevant' paragraphs within the representations

- 8.14 Some representations make reference to the 'saleability of their property' in relation to the licence being granted. This is not a relevant consideration as any premises may make an application under the Act and would be entitled to a premises licence providing that it can be demonstrated that there would be no detrimental impact on the licensing objectives.

New evidence

- 8.15 Other persons must restrict their oral submissions to the issues raised within their representations, although they can expand on the representations by way of examples, further information, etc.. They cannot raise new issues not mentioned within the written representation, for example if they have only

raised issues of crime and disorder, they cannot introduce issues of public safety orally at the hearing.

- 8.16 Any new documentation not circulated in advance to all parties within the hearing paperwork cannot be introduced at the hearing or presented to the sub-committee without all party consent.

Subject: Objection to the premises licence application for 35a High Street, Baldock - Stylus

Hi Hannah

I believe a few of the occupants of the building have already been in touch.

My concerns are purely noise related:

Living in a grade 2 listed building, our large sash windows are only single glaze and do very little to mute any noise coming from outside. This is especially noticeable late at night as patrons leave the surrounding pubs on the High street, regular talking can be heard quite clearly as they walk past the street facing flats. With the cafe and bar being directly below us this noise will instead be up to and beyond the closing time of Stylus as people will be smoking outside as well arriving/leaving. Stylus is located directly beneath my flat, the builders currently working there and their radio can be heard very clearly through the floor. While this isn't a problem during the day I imagine the day to day running will be much louder (at current levels of sound proofing) and carry on much later which will definitely negatively effect residents.

NOT RELEVANT

Honestly I like the idea of a cafe below my flat, I just want to make sure that the late night licence they have applied for does not reduce my quality of life ~~nor effect the saleability of my property.~~ I would like to know what measures are being taken to reduce noise pollution and how often late night shows will be carried out.

As this information is not available I sadly must object to the late night music and alcohol licence without some terms in place. I hope a happy middle ground can be met,

Yours sincerely

To the licencing team,

This is a collective objection to the premises licence application for 35a High Street, Baldock
Business name: Stylus

Whilst we understand that the leaseholder wishes to maximise profit from his investment, it is our concern as residents that the granting of a premises licence will have a significant impact on our enjoyment of our residential premises.

To summarise, our concerns are:

<p>Prevention of public nuisance</p>	<ul style="list-style-type: none">• The High Street in Baldock already attracts a lively night-time crowd, which already poses a noise and disturbance problem to these properties. This is only manageable due to the distance from the pubs themselves. Having a drinking establishment underneath residential accommodation would lead to unreasonable disturbance to the residents of the flats above.• The windows on the properties are single pane glass as the building is grade 2 listed, so there isn't an effective sound barrier between the bedrooms / lounges and the street a few metres below and it would be impossible or very expensive to soundproof the properties• There is no clear indication as to how often the owner of the business will actually be holding these evenings and, as far as we are aware, there is no limit to how many of these they will be at liberty to hold, therefore we assume that, at any point, there could be very regular evenings held at the venue. As working residents, trying to sleep while there is live music underneath the flats would prove insupportable• If people are drinking, they could be tempted to carry out behaviours like pressing buzzers for the flats above, which are located next door to the entrance of the café / bar or urination in the alleyway to the side of the property• Licenced properties have an increased need to dispose of bottles. This creates a potential nuisance due to smells, noise and storage (which is assumed to be in the common shared areas towards the rear of the flats)• No information has been provided about soundproofing of the unit below therefore it is assumed that live music will not be adequately contained, resulting in disturbance to residents up to 11pm (or later). <p>This would considerably affect residents as music playing until 11pm on any evening would significantly affect the enjoyment of the flats.</p>
--------------------------------------	--

	Currently, residents can hear the builders' radio and conversations quite clearly through the floor when at home during the day while the works are going on.
Public safety	<ul style="list-style-type: none"> • Due to the no smoking laws, customers are required to smoke outside premises. The windows in the flats are situated directly above the door of the premises and would be impacted by drifting smoke as there is assumed to be no designated smoking area • Access to all of the flats is via an insubstantial side gate to the side of the property in a darkened area of the high street. This is not secure enough to stop someone from getting into the side alleyway if they were so inclined • There is an assumption that there will be a need for tradesmen, service men and delivery people to have access to the rear of the property for deliveries. This impacts the residents as members of the public will be using the side gate and will have access to the common areas shared by residents and other business owners. The more people are allowed into this area, the less safe it feels for the residents, whose front doors are located here and whose property is stored on the communal roof terrace and which is currently deemed a fairly private area
The prevention of crime and disorder	<ul style="list-style-type: none"> • There is a concern about the potential for damage to property if customers are leaving the bar having drunk significant quantities of alcohol • For residents arriving home in the evening, it may be daunting to enter the flats through either the front door or the front gate if there are people drinking and/or smoking outside the bar • There are single women living in the flats and drunk customers may intimidate residents or worse commit criminal acts endangering residents

We have been unable to check the premises licence online (the licensing PDF with the latest applications in it only has applications from January / February) so cannot tailor our concerns, which has led to a blanket objection to the late night music and alcohol licence.

Aside that, it seems like the café itself would be a nice addition to the High Street, but we hope that appropriate actions can be taken to prevent any disturbance to residents.

Yours sincerely
