- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

The Trust comprises of an element of the Hitchin Town Hall comprising the Gymnasium and Workman's Hall. The remainder of the building is in the ownership of North Hertfordshire District Council, which is also the Trustee of the Trust part of the property.

Both parts of the property are managed by the District Council (the Trust property under formal agreement) and are used for community purposes, in line with the objectives of the Trust.

To affect management of the Trust and ensure separation from the Council, a Sub-Committee with full decision making powers in the interest of the Trust has been set up comprising of three Members of the Cabinet, whose Portfolios have no direct interest in the Council's part of the building.

Since local government re-organisation in 1974, when the Trustee changed from Hitchin Urban District Council to North Hertfordshire District Council, until 2009 the distinction between the Trust owned element of the building and the Council owned element has been lost. The arrangements explained above have been put in place to correct this omission.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The objectives of the Trust are set out as:

"Upon trust to use or permit it to be used as a Gym for the benefit of the residents of Hitchin and for other purposes mentioned in s6(3) Museums and Gymnasiums Act 1891 and also for any other (charitable) purpose for the benefit of the North Hertfordshire District for which North Hertfordshire District Council can lawfully use building and land vested in them".

The whole of the Hitchin Town Hall complex, including the Trust part of the property was closed at the end of October 2012 to commence work on converting the building to a refurbished community facility, substantially incorporating that part of the building owned by the Council, and a District Museum substantially incorporating the Trust part.

Work continued throughout until 2016.

The project to create the new museum in the Trust part of the building has been fraught with problems since 2015/2016. There has been a protracted dispute between the Council and Hitchin Town Hall Limited, the partners in the project and the body responsible for the management and running of the community hall and cafeteria part of the building.

The position has not changed since last year's annual report.

The result of this is that what was intended to be the entrance to the new museum cannot currently be used because Hitchin Town Hall Limited refuses to allow the Council access over it. Furthermore, this also restricts access to certain rooms within the Trust property, which require access over the former 14 and 15 Brand Street to gain entry.

There is an alternative access point, which is being used to gain entry to the Trust property and therefore the new museum.

During the course of this activity, the company engaged to carry out the refit of the new museum went into liquidation causing further delay to the project whilst an alternative refit supplier could be engaged.

The refit has been completed and the Museum has been open albeit on a restricted basis as there is no level access available. Negotiations are continuing with Hitchin Town Hall Limited to seek a solution to the matter of access through the original entrance comprising 14 and 15 Brand Street.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D**Achievements and performance****Summary of the main achievements of the charity during the year**

The Sub-Committee Members acting on behalf of the Trust ensure that through the management of the building its objectives are met in the use of the Trusts areas for the provision of as much community benefit as may be possible.

This is achieved by making available unrestricted use of the building to all members of the community, regardless of gender, sexual orientation, race, age, religious belief or disability for a range of purposes.

Through policies and practices employed in the operation of the whole building by the District Council on behalf of the Trust, the Trust benefits the public in the establishment and promotion of community cohesion and development.

Following the operational closure of Hitchin Town Hall at the end of October 2012, the Trusts areas of the building were cleared of equipment and furniture by the end of March 2013.

This enabled those areas, together with remainder of the building, to be transferred to the Council's Property Services Department. This allowed the department, from the start of the reporting period, to make the necessary arrangements for the whole building to become suitably available to the NHDC project team for the commencement of refurbishment activities towards the creation of the new community hall and museum facility, which has been delayed due to the factors described in Section C.

Section E Financial review

Brief statement of the charity's policy on reserves

The Trust's reserves total £1,906,100 at 31 March 2017, which is a considerable increase on the £160,080 at 31 March 2016. This is because having completed the refurbishment and fit out as a Museum, the Council arranged to have the property valued and this was resulted in a revaluation gain of £1,784,920. There had not been a revaluation of the premises for many years. The reserves consist totally of restricted funds. These funds represent the property asset (Gymnasium and Workman's Hall), which is retained for actual use rather than to be expended. The Trust has no unrestricted funds as at 31 March 2017 that can be expendable at the discretion of trustees in furtherance of the charity's objectives. The Trust's general expenditure is typically greater than general income. As a result North Hertfordshire District Council provides a contribution to the Trust and unrestricted funds are maintained at a zero balance over time. If the financial situation was to change and the Trust's level of income significantly increased the Trust would need to adopt a policy on an appropriate level of reserves.

Details of any funds materially in deficit

No funds are materially in deficit.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Income from activities for generating funds is earned from the hire of the Workman's Hall and Gymnasium. The facility was closed during financial year 2016/17 and so did not generate any income. The Trust received a contribution from North Hertfordshire District Council to cover all resources expended.

Expenditure incurred during 2016-17 was general running expenses of the Workman's Hall and Gymnasium.

The Trust does not have any significant assets or liabilities other than the tangible fixed asset.
