<u>Schedule of Further Proposed Modifications to the North Hertfordshire Local Plan 2011-2031</u>

This schedule sets out the further changes that are proposed to be made to the North Hertfordshire Local Plan 2011-2031 (the Local Plan). The Local Plan was submitted for Examination in June 2017.

These changes follow the correspondence between the Inspector and the Council since the close of the first Main Modifications consultation in April 2018 and the further hearing sessions held between November 2020 and February 2021. These are the changes presently considered necessary to make the Plan sound. They are issued without prejudice to the Inspector's consideration of any responses this consultation or any final report on the Local Plan examination.

Text which would be added to the plan as a consequence of modifications is shown in **bold**. Text which would be removed from the plan as a consequence of these modifications is shown struck through.

Changes included in the original Schedule of proposed Main Modifications (November 2018) are shown in black text with the accompanying 'MM' reference number. These modifications have already been subject to consultation and comments on these are **not** invited.

The further modifications now arising are shown in red text with a new 'FM' reference number. Only the Further Modifications shown in red text are subject to consultation and any representations should be directed to these proposed changes only.

Changes are shown relative to the version of the Local Plan that was submitted for examination in June 2017 (LP1). Additional text that was proposed to be added to the plan in the November 2018 Main Modifications but which is now not proposed or has been replaced by alternate text through the proposed Further Modifications is not shown.

FM 010	6	Paragraph 1.5 and Footnote 1	The National Planning Policy Framework (NPPF) ¹ was first published in 2012 and was revised in 2018. The NPPF sets out the Government's planning policies for England and must be taken into account along with other national planning policy in the preparation of local and neighbourhood plans and in determining planning applications. The NPPF is supplemented by detailed Planning Practice Guidance (PPG), first released in 2014, which provides additional detail on certain topics. Local plans must be consistent with national planning policy to pass examination. This Local Plan has been prepared in accordance with the 2012 version of the NPPF.	To ensure the plan is positively prepared, and consistent with national policy; factual update
			¹ National Planning Policy Framework (DCLG) March 2012 – http://www.communities.gov.uk https://www.gov.uk/government/publications/national-planning-policy-framework2	
MM 004 / FM 011	7	Paragraph 1.12	The first step in preparing a neighbourhood plan is to define a neighbourhood area. There are currently eleven-thirteen neighbourhood planning areas designated within the District with one further community another two communities considering preparing a neighbourhood plan. Three neighbourhood plans have been "made" and form part of the Development Plan, Pirton, Wymondley and Preston. Those plans under preparation include the parishes of Kimpton, Ashwell, Codicote, Barkway and Nuthampstead, Ickleford, St Ippolyts, St. Pauls Walden, Wymondley, Preston and Knebworth, Wallington and the joint neighbourhood planning area of Bygrave, Baldock & Clothall.	To ensure the plan is positively prepared; factual update
FM 012	8	1.19 (Footnote 3)	North Hertfordshire Statement of Community Involvement updated *** 2015 July 2020.	To ensure the plan is positively prepared; factual update
FM 013	9	1.20 (Footnote 4)	North Hertfordshire Local Development Scheme January 2016 April 2017	To ensure the plan is positively prepared; factual update
FM 014	9	After 1.27 (New paragraph)	Further consultation was undertaken on the Inspector's Proposed Main Modifications in 2019 and 2021.	To ensure the plan is positively prepared; factual update
FM 015	11	Paragraph 2.6 and Footnote 8	North Hertfordshire is a diverse area. The total population figure for North Hertfordshire, from the 2015 Mid-Year Estimates, was 131,696 (males = 64,621 and females = 67,075) 2019 Mid-Year Estimates, was 133,570 (males = 65,382 and females = 68,188) ⁸ . Over 70% of the population live in the four main settlements of Hitchin, Letchworth Garden City, Royston and Baldock.	To ensure the plan is positively prepared; factual update

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			⁸ ONS (201 69) Mid 2015 2019 Population Estimates for UK, England and Wales, Scotland and Northern Ireland	
FM 016	12	Paragraph 2.7 / Footnote 9	The District age profile differs from the East of England profile as shows that there is a lower proportion of 15-29 year olds than in Hertfordshire (North Hertfordshire 15.7% 14.9% compared to East of England 17.8% 16.6% in the county). There are, however, more in the age groups from 30-54 (North Hertfordshire 36% compared to East of England 33.6%) However, the proportion of people in the District in the 30 – 54 age group mirrors the proportion in the county as a whole (North Hertfordshire 35.1% compared to 34.9% for Hertfordshire)9.	To ensure the plan is positively prepared; factual update
FM 017	12	Paragraph 2.8 / Footnote 10	Official statistics indicate that the population is likely to increase over the next 15 10 years by just over 24,000 nearly 9,000 residents (population estimate at 2031 – 153,400-146,500) ¹⁰ . This is due to a combination of factors, including people living longer, changes in social patterns, and the attractiveness of the District as a place to live. This will put considerable pressure not just on our housing numbers but on vital social support mechanisms such as schools and GP surgeries as well as our transport infrastructure.	To ensure the plan is positively prepared; factual update
FM 018	12	Paragraph 2.10 and Footnotes 11- 13	More than 8 in 10 (86.9%) (87.6%) of North Hertfordshire's 16-64 year olds are economically active (in or seeking employment) compared to a national figure of 79% 77.8% ¹¹ . The unemployment rate in North Hertfordshire is 3.4% 2.8%; this is below the East of England figure (3.8%) (3.6%) and below the national rate (4.2%) (5.1%) ¹² . Approximately 1 in 5 (13.1%) (12.4%) of North Hertfordshire's 16-64 year olds are economically inactive ¹³ . 11 Nomis (2016 2020) – Official Labour Market Statistics; Employment and unemployment (Apr 2015 – Mar 2016) (Oct 2019 – Sept 2020) 12 Nomis (2016) (2020) – Model based estimates of unemployment (July 2016) (Sept 2020) 13 Nomis (2016) (2020) – Official Labour Market Statistics; Employment and unemployment (Apr 2015 – Mar 2016) (Oct 2019 – Sept 2020)	To ensure the plan is positively prepared; factual update

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
FM 019	12	Paragraph 2.11 and footnote 14	According to the 2015 2019 Index of Multiple Deprivation, North Hertfordshire is relatively affluent compared to other local authority areas. The District ranks 271st 269 th out of 326 317 local authority areas in England (1 being the most deprived) ¹⁴ . None of the District's population lives in areas within the bottom 10% of Super Output Areas (SOA) nationally, i.e. in the most deprived parts of the country. North Hertfordshire does however have four five areas in the next two cohorts, i.e. those which are in the top 30% are seen as being most deprived, this includes one area in Hitchin and three four in Letchworth Garden City. 14 Department for Communities and Local Government (2015) – English indices of deprivation 2015 Ministry of Housing, Communities and Local Government English indices of deprivation 2019	To ensure the plan is positively prepared; factual update
FM 020	12-13	Paragraph 2.12 and footnote 15	On the whole the quality of life in North Hertfordshire is good. Life expectancy in North Hertfordshire is similar to the national figure; the male rate is currently 80.4 81 years compared to 79.4 79.8 years for England, and the female equivalent is 83.2 84.3 years compared to 83.1 83.7 years nationally. Life expectancy is 3.7 4.7 years lower for men in the most deprived areas of North Hertfordshire than in the least deprived areas ¹⁵ . 15 Public Health England (2015) (2019 - 2020) – North Hertfordshire Health Profile 2015	To ensure the plan is positively prepared; factual update
FM 021	13	Paragraph 2.14 and footnote 16	Adult and child obesity rates in North Hertfordshire are below the national and regional averages. Adult obesity rates in the District at 2020 were 58.2% of all adults compared with a national rate of 62.3% which still presents a key challenge for the District 19.1% v 23.0% for adults and 12.6% v 19.1% for children; however, these figures still present a key challenge for the District 16. 16 Public Health England (2015) (2019 - 2020) – Obesity Profile North Hertfordshire Health Profile 2015	To ensure the plan is positively prepared; factual update
FM 022	13	Paragraph 2.15 and footnote 17	Like most areas North Hertfordshire did not escape the detrimental affects of the economic downturn in 2009 and many variables including unemployment and job growth figures suffered as result. Figures have only recently returned to pre-2008 levels and the local employment environment is improving and the figures are moving in the right direction. It is estimated that there are around 48,800 54,000 jobs ¹⁷ in North Hertfordshire. 17 Nomis (2014) Nomis Local Authority Profile 2019	To ensure the plan is positively prepared; factual update

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
FM 023	13	Paragraph 2.18	The District has a working age population of 81,700 81,600 of which 71,800 76,700 are economically active. The majority of these are employees and work full-time but a small proportion of the population are self employed (10.4%) (10.5%).	To ensure the plan is positively prepared; factual update
FM 024	13	Paragraph 2.19	In 2015 the median gross pay for full-time workers in the area (residence based) was £637.3 per week. This was considerably higher than the median earnings of those living in the East of England region (£551.0 per week) and the National Average (£529.6 per week), reflecting the high earnings associated with the proportion of the public that commute out of the District. In 2020, the median gross pay for full time employees was £644.10 per week which compares favourably with the national average of £586.70.	To ensure the plan is positively prepared; factual update
FM 025	13	Paragraph 2.20	15.7% 16.65% of the population do not have access to a car. This is much lower than the national figure (24.9%) (25.8%) and slightly lower than regionally (17.7%) (16.93%).	To ensure the plan is positively prepared; factual update
FM 026	14	Paragraph 2.22 and footnote 20	House prices in the District are well above the regional and national averages, although slightly below the average for Hertfordshire which is skewed significantly upwards by prices in areas such as St Albans. The average cost of a home in the District is around £350,000 £355,000, meaning prices are around one-quarter 44%higher than the national average ²⁰ . 20 Quarterly House Price Data for Hertfordshire (HertsLIS, 2016) ONS House Price Statistics for Small Areas 2019-2020	To ensure the plan is positively prepared; factual update
FM 027	14	Paragraph 2.25 and footnote 22	There are currently more than 1,600 2,100 households on the local authority housing register awaiting assistance with their housing needs ²² 22 Stevenage and North Hertfordshire Strategic Housing Market Assessment Update: Volume Two (ORS, 2016) NHDC Summary Statistics 2020	To ensure the plan is positively prepared; factual update
FM 028	16	2.39	The HMA geography has informed the preparation of Strategic Housing Market Assessments (SHMA) which have been were completed on a 'best fit' basis by groups of local authorities. The Council has prepared a joint SHMA ²⁶ with Stevenage which identifies, at the time of the plan's submission, identified an objectively assessed need (OAN) for 13,800 homes in North Hertfordshire and 7,600 homes within Stevenage over the period 2011-2031. Further Government household projections were released during the examination and a revised assessment for North Hertfordshire identified an OAN of 11,500 homes. The plans of both authorities show that their individual housing needs can be accommodated in full within their administrative areas.	To ensure the plan is positively prepared, justified and consistent with national policy following the Matter 21 hearing as supported by document ED191A

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			X Review of the Official Projections for North Hertfordshire (ORS, 2020)	
FM 029	17	Paragraph 2.41	Luton's plan and associated evidence base identifies a requirement for approximately 18,000 homes in the Borough but has capacity for just 7,000 8,500. The most recent projections for Luton did not lead to a meaningful change in the housing situation presented in Luton's adopted Plan. The issue of unmet needs from Luton is therefore a significant matter to be considered under the Duty to Co-operate.	As above
FM 030	19	Paragraph 2.45	A number of key plans and strategies are produced at a county level to which the Council should have regard to in preparing the Local Plan. Key amongst these is are the: • Strategic Economic Plan, 2017 - 2030 and Growth Deal of both the Hertfordshire Local Enterprise Partnership (LEP) and the Greater Cambridge, Greater Peterborough LEP. • Hertfordshire Local Nature Partnership • Hertfordshire Waste and Minerals Local Plans • Hertfordshire Local Transport Plan	To ensure the plan is positively prepared; factual update
FM 031	19	Paragraph 2.46	In October 2013 the Hertfordshire LEP published their Strategic Economic Plan for the county which was refreshed in July 2017. This strategy sets out the LEPs vision, that by 2030, Hertfordshire will be the leading economy at the heart of the UKs Golden Triangle, which encompasses Cambridge, Oxford and London. To deliver the vision, the LEP has identified a number of priority areas, which represent major opportunities for Hertfordshire. These include: • Maintaining Hertfordshire's global excellence in science and technology; • Harnessing Hertfordshire's relationship with London (and elsewhere); • and Re-invigorating Hertfordshire's places for the 21st Century; and • Building the wider foundations for growth across both businesses and people.	To ensure the plan is positively prepared; factual update
FM 032	19	Paragraph 2.48 (delete)	Given that the northern part of the District is heavily influenced by the Cambridgeshire economy, the District is also part of <u>Greater Cambridge</u> , <u>Greater Peterborough LEP</u> . The goal of the Greater Cambridge, Greater Peterborough LEP is to create an economy with 100,000 major businesses and create 160,000 new jobs by 2025, in an internationally significant low carbon, knowledge-based economy, balanced wherever possible with advanced manufacturing and services.	To ensure the plan is positively prepared; factual update

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
FM 033	19	Paragraph 2.49	The Hertfordshire LEP s are is responsible for bidding and prioritising infrastructure investment within their areas the county.	To ensure the plan is positively prepared ; factual update
FM 034	20	Paragraph 2.56	The County Council is also the Highway Authority with responsibility for transport matters. This Plan supports key priorities and proposals from the Hertfordshire Local Transport Plan (LTP3) (LTP4) adopted in 2011-2018. LTP3 LTP4 sets out the transport strategy for Hertfordshire (over the period from 2011 2018 to 2031), the goals and challenges to be met, and outlines a programme of transport schemes and initiatives to be delivered subject to available funding. The LTP covers all modes of transport - including walking, cycling, public transport, car based travel and freight - and takes account of the effect of transport on wider aspects including the economy, environment, climate change and social inclusion.	To ensure the plan is positively prepared; factual update
FM 035	20	Paragraph 2.57	It will therefore be necessary to both have regard to this strategy and work with the Highway Authority when taking forward the development sites set out in the Local Plan. Work on the next iteration of the LTP – the 2050 Transport Vision – is well under way and is expected to be finalized by the end of 2016. This vision will set out proposals for accommodating growth in this Local Plan and other local plans in Hertfordshire.	To ensure the plan is positively prepared; factual update
FM 036	21	Paragraph 2.59	North Hertfordshire Corporate Council Plan The North Hertfordshire Corporate Plan 2017-2021 recently reviewed in 2016 Council Plan 2021 – 2026 sets out the Council's vision and corporate objectives for the District. The council's vision set out in the Corporate Council Plan is: 'making North Hertfordshire a vibrant place to live, work and prosper' "To make North Hertfordshire a district in which everyone who lives, works or visits is able to flourish."	To ensure the plan is positively prepared; factual update
FM 037	21	Paragraph 2.60	The Corporate Plan draws together the key elements of the Council's proposals for how it will serve the District over the next few years. As well as looking at the current status of the authority, it considers the opportunities and risks facing the District, and also identifies the high level projects which will ensure the Corporate Plan is being delivered. The Council plan sets out the priorities that the Council will address over the next five years. The plan also lays out how North Hertfordshire District Council will achieve its aims for the district.	To ensure the plan is positively prepared; factual update
FM 038	21	Paragraph 2.61	The Corporate Plan sets the following three objectives:	To ensure the plan is positively prepared; factual update

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			 To work with our partners to provide an attractive and safe environment for our residents, where diversity is welcomed and the disadvantaged are supported To promote sustainable growth within our District to ensure economic and social opportunities exist for our communities, whilst remaining mindful of our cultural and physical heritage To ensure that the Council delivers cost effective and necessary services to our residents that are responsive to developing need and financial constraints Be a welcoming, inclusive, and efficient council; Build thriving and resilient communities; Respond to challenges to the environment; Enable an enterprising and co-operative economy; 	
MM 010 / FM 039	32	Policy SP2	 Support the delivery of good quality and affordable homes. Policy SP2: Settlement Hierarchy and Spatial Distribution* Between 2011 and 2031, the plan makes provision for at least 13,000 new homes. Approximately 80% The majority of the District's housing development and the substantial majority of new employment, retail and other development will be located within the adjusted settlement boundaries of or adjoining the following towns: Baldock (2,198 homes) Royston (1,899) Stevenage (including Great Ashby)³² (1,705); and Luton³² (1,485) Approximately 13% of housing, along with supporting infrastructure and facilities will be delivered within the adjusted settlement boundaries of the following five villages for the levels of development indicated: Barkway (208) Knebworth (731) 	To ensure the plan is positively prepared, justified, effective and consistent with national policy following the Matter 21 to 26 hearings as supported by the statements to those sessions and documents including ED161, ED172, ED191A and ED191B Note: Indicated figures for the five villages are

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			 Codicote (363) Ickleford (235) Little Wymondley (312) 	for development within the adjusted settlement boundary
			The remaining development will be dispersed across the District as set out below	and will not be the same as the figures
			[Remainder of proposed Policy SP2 incorporating MM010 unchanged]	presented in Chapter 13 which are for the whole parish
MM 011 / FM 040	33	After paragraph 4.11 (new paragraphs)	Based on the policies and allocations of this plan, it is anticipated that approximately four in every five new homes delivered over the plan period will be built within the adjusted settlement boundaries of the towns [remainder of proposed MM011 unchanged]	
MM 012 / FM 041	33	After paragraph 4.12 (new paragraph)	Five villages have been identified that will support higher levels of new housing allocations than the Category A villages: • Knebworth and Codicote are the two largest villages within North Hertfordshire and support a range of services, including a station at Knebworth; • Ickleford and Little Wymondley provide opportunities to accommodate further residential development in close proximity to neighbouring towns along with sustainable transport connections; and • Barkway as a focus for development in the rural east of the District	following the Matter 26 hearing sessions and consequential to changes to Policy SP2
MM 014 / FM 042	35	SP3	Policy SP3: Employment The Council will proactively encourage sustainable economic growth, support new and existing businesses and seek to build on the District's strengths, location and offer. We will a. Allocate Bring forward an adequate supply and range of employment land in Hitchin, Letchworth Garden City, Baldock and Royston to meet the needs of the Functional Economic Market Area requirements of the local economy over the plan period to 2031. The allocations as shown on the Policies Map are: i. east of Baldock BA10 (19.6ha); and ii. west of Royston RY9 (10.9ha); b. Designate existing Safeguard the Employment Areas within the District's main	For legal compliance (criteria b; e; g and h) in response to the Use Class Order amendments and effectiveness (criterion d) following the Matter 29 hearing as supported by the statement to that session and documents

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			settlements, as shown on the Policies Map, to enhance and protect their safeguard-employment potential for office, research and development, industrial or storage and distribution uses; c. Support additional employment provision through the new designations allocations shown on the on the Policies Map designations at: i.the former Power Station, Letchworth Garden City (1.5ha); ii. ii. east of Baldock (19.6ha); and iii. west of Royston RY9 (10.9ha); d. Work with landowners, developers and, for allocated sites on the edge of the District, adjoining authorities to identify an appropriate amount of employment land to be included through the masterplanning process in strategic housing sites major new developments; e. Permit an appropriate range of offices, research and development, light industrial or B class employment uses within these areas; f. Promote and support the expansion of the knowledge based economy in the District. Proposals for the redevelopment of existing employment sites and the development of new allocated employment sites which increase the level of knowledge-intensive employment will be supported in principle. g. Support offices, research and development, light industrial and B-class uses in appropriate locations outside of designated employment areas, including offices in main town centres and concentrations of B-class these employment uses in certain Category A-villages; and h. Ensure relevant policies of this Plan recognise the contribution of sectors other than B Class uses and offices, research and development and light industrial uses, including tourism, to the provision of jobs. non-B-class-sectors, including tourism, to the provision of jobs. non-B-class-sectors, including tourism, to the provision of jobs in the District.	including ED176, ED203 and ED214
FM 043	35	4.19 (delete paragraph)	In planning, employment land usually refers to 'B-class' uses and includes: B1(a) — offices B1(b) — research and development B1(c) — light industry B2 — general industry; and B8 — storage and distribution	For legal compliance in response to the Use Class Order amendments following the Matter 29 hearing as supported by the statement to that

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
				session and documents including ED203 and ED214.
FM 044	36	4.26	Trend-based forecasts reflect these patterns and anticipate continued increases in out-commuting from North Hertfordshire over the plan period ¹ . Unchecked, this would lead to increased pressure on transport infrastructure that is already under strain at peak periods. This Plan therefore makes employment provision for offices, research and development, light industrial, general industry and storage and distribution at above modelled levels.	As above
MM 015 / FM 045	37	4.28	A significant new employment allocation for certain E class uses (office, research and development, industrial processes), B2 (industrial) and B8 (storage and distribution) class uses site will be developed out at the east of Baldock, supporting the proposed increase in residential development in the town (see Policy SP8). The allocation benefits from proximity to existing employment uses as well as existing and planned residential development. It has access to the strategic road network via the A505 Baldock Bypass.	As above
FM 046	37	4.33	Within these designated areas, an appropriate range of offices, research and development, light industrial, general industry and storage and distribution B-class uses will be permitted in line with the detailed policies of this Plan.	As above
FM 047	37	4.34	B-class uses will not be solely confined to designated employment areas. A number of employment premises are located outside of defined areas and these will continue to be supported where they are compatible with other surrounding uses. In particular, office uses will continue to be supported in the main town centres (see Policy SP4), in line with national planning policy.	As above
FM 048	37	4.35	Beyond our main towns, there is a steady demand for rural employment land and premises. Owing to the size and extensive spread of rural settlements these types of development are best dealt with on a case-by-case basis rather than through allocations, although our general approach will be to direct concentrations of rural business to the Category A larger villages. There are quite sizeable employment sites in villages such as Ashwell, Codicote, Kimpton, Little Wymondley and Weston which provide rural jobs and should be retained.	For effectiveness consequential to modifications to Policy SP2

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
FM 049	38	4.36	Approximately 45% of all jobs fall within the office, research and development, light industrial sectors or into the B uses classes. The rest of the jobs in the local economy consist of services such as retail, health, education and leisure, or 'footloose' careers in sectors such as construction and the trades. The role of these non-B-class sectors in the overall employment balance of the District is recognised and will continue to be supported where appropriate.	For legal compliance in response to the Use Class Order amendments following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214.
MM 017 / FM 050	38	Policy SP4	Policy SP4: Town Centres, and Local Centres and Community Shops The Council will make provision for an appropriate range of retail and service facilities across the District and are committed to protecting the vitality and viability of all centres. We will: a. Promote, protect and enhance the provision of shops, financial and professional services, café or restaurants, pubs or drinking establishments or takeaways in retail and service functions of the following centres in our retail hierarchy: i. The town centres of Hitchin, Letchworth Garden City, Baldock and Royston; ii. 13 existing local centres consisting of: • village centres at Ashwell, Codicote and Knebworth; • seven centres in Hitchin • two centres in Letchworth Garden City; and • the centre at Great Ashby; and iii. 2 new local centres north of Baldock and East of Luton within the strategic housing sites identified in this Plan; b. Support proposals for main town centre uses in these locations where they are appropriate to the size, scale, function, catchment area, historic and architectural character of the centre; c. Identify Primary Shopping Frontages within town centres where A1 retail uses shops* will be expected to concentrate	For legal compliance and effectiveness in response to the Use Class Order amendments following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214 and in response to the Inspector's August letter (Paragraphs 10 and 11)

FM 052			City, and Royston. These promote the vitality and viability of the centres and cover all those aspects of policy guidance with a spatial dimension relevant to town centres, including economic, environmental and social well-being and matters such as community safety, community facilities, traffic management, marketing and delivery. The strategies provide a method of keeping town centre development up-to-date and flexible to take account of ongoing changes in the retail environment, and will inform whether it is necessary to review the retail strategy set out in this Plan. Work on these town centre strategies will commence within 12 months of the adoption of this Plan. They will be monitored and reviewed during the life of this Plan.	Inspector's August 2019 letter (Paragraph 10)
FM 053	39	Paragraph 4.41	Our detailed policies set out our approach to development applications, including for changes of use. In general terms, A1 retail shops will be expected to concentrate within the defined primary frontages with a wider variety of A class-related retail and service uses, that are pubs or drinking establishments permissible in secondary frontage areas.	For legal compliance and effectiveness in response to the Use Class Order amendments following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214
MM 020 / FM 054	39	Paragraph 4.44	The growth of the District will require additional centres to be provided to serve the largest new developments strategic housing sites. The centres for the two largest sites at Baldock and on the edge of Luton are expected to contain a wider range of retail facilities. Once built, these will become local centres in our retail hierarchy and future proposals within them will be assessed appropriately.	The Council considers this further change to be non-material but is included here as it amends a previous MM in response to Inspector's August 2019 letter (Paragraph 11)
MM 021 / FM	39-40	Paragraph 4.46	Our evidence shows there will be a steady growth in retail demand over the plan period, although projected growth post-2026 carries a degree of uncertainty due to changing shopping and retail patterns and the effects of Covid- 19. Projected growth is driven in part	For effectiveness following the Matter 29 hearing

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
055			by planned population growth but also by underlying changes in the way people shop and how much money they have available to spend. It is anticipated that on-line shopping will continue to grow whilst a certain amount of future demand can be accommodated through the reoccupation of existing, vacant shop units. However, it is also necessary to identify new sites for retail ² . Projected retail needs, and particularly those in the post-2026 period, will be kept under review via the monitoring framework and updated retail studies.	
FM 056	43	Paragraph 4.66	The overarching transport policy document for the area is the Hertfordshire Local Transport Plan (LTP4) which provides the framework for achieving better transport systems in Hertfordshire for the plan period 2011 2018-2031. The LTP4 is in progress which will cover the Hertfordshire 2020 Transport vision and will be consulted on in late 2016. LTP4 was adopted in 2018. The Local Transport Plan covers all modes of transport including walking, cycling, public transport, car based travel, reducing road freight movements and making provision for those with mobility impairments.	To ensure the plan is positively prepared; factual update
MM 035 / FM 057	47-48	Policy SP8	Policy SP8: Housing Over the period 2011-2031, housing growth will be supported across the District. We will: a. Release sufficient land to deliver at least 14,000 11,600 net new homes for North Hertfordshire's own needs. Of these: i. Around 13,800 11,500 net new homes will be provided within that part of the District falling within the Stevenage Housing Market Area (HMA); while ii. Around 200 100 net new homes will be provided within that part of the District falling within the Luton HMA; b. Provide additional land within the Luton HMA for a further 1,950 net new homes as a contribution towards the unmet needs for housing arising from Luton with approximately 1,400 of these being delivered over the Plan period to 2031; c. Deliver these homes through the sites and allowances identified in this Plan that will support approximately 48: i. 4,340 5,100 homes from completions and permissions achieved since 2011 and other allowances; ii. 7,700 homes from six Strategic Housing Sites delivering approximately 5,560 of these by 2031: • BA1 - North of Baldock for 2,800 homes (2,500 approximately	To ensure the plan is positively prepared, justified, effective and consistent with national policy following the Matter 21 to 26 hearings as supported by the statements to those sessions and documents including ED161, ED172, ED191A ED191B, ED215 and ED228 [G&T note]

Ref. Pa	-	Modification	Reason / source for
	Paragraph	1,400 to be delivered by 2031); • LG1 - North of Letchworth for 900 homes (approximately 600 by 2031); • NS1 - North of Stevenage in Graveley parish for 900 homes (approximately 775 by 2031); • HT1 - East of Hitchin for 700 homes; • GA2 - North-east of Great Ashby in Weston parish for 600 homes; and • EL1 / EL2 / EL3 - East of Luton for 2,100 homes (approximately 1,500 by 2031); iii. 4,860 4,000 homes through local housing allocations that will provide homes on: • newly identified sites and land within pre-existing settlement limits; • sites released from the Green Belt as part of a comprehensive, District wide review; and • land identified following a review of other relevant boundaries or designations. • Further sites within the adjusted settlement boundaries of the towns; • Land within the adjusted settlement boundaries of five villages where more than 200 homes are expected to be built over the Plan period; and • Sites identified within the defined settlement boundaries of the Category A villages. This includes the use of land within pre-existing settlement limits, non-strategic sites released from the Green Belt and other land identified following a review of other relevant boundaries or designations. iv. 7-4 new, permanent Gypsy and Traveller pitches d. Maintain a five-year housing land supply and target the completion of 20% of	Further Modification
1 1	ĺ	new homes over the plan period on previously developed land;	』 ∣

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			e. Seek to provide long-term certainty by i. Identifying Strategic Housing Sites that will continue delivery beyond the end of the Plan period in 2031; ii. Working with the Government and other relevant agencies to identify new settlement options within North Hertfordshire that can provide additional housing supply in the period after 2026; and iii. Safeguarding land to the west of the A1(M) at Stevenage, as shown on the Proposals Policies Map, for up to 3,100 dwellings to meet longerterm development needs in the period beyond 2026 subject to a future review of this Plan; and iv. Undertaking a review of this Plan by the end of 2023. f. Support a range of housing tenures, types and sizes measured against targets to provide: i. 33% of all homes over the plan period as Affordable Housing for local needs with targets to deliver up to 40% Affordable Housing where viable; ii. A broadly even split between smaller (1- and 2-bed) and larger (3+ bed) properties subject to up-to-date-assessments of housing needs; and iii. 100-56 plots on specified Strategic Housing Sites to help pro-actively address demand for self-build development over the plan period; and g. Provide up to at least 350 bed spaces in suitable, supported accommodation to meet the needs of those who cannot live in their own home.	
FM 058	48	Paragraph 4.86	Our evidence identifies a requirement for 13,800 11,500 homes to be built between 2011 and 2031 to meet the needs of North Hertfordshire ⁴⁹ . A modest uplift has been added. This predominantly reflects the fact that, as people live for longer and live in their own homes for longer, it may be more appropriate to assume that more of their needs will be me in the normal housing stock ⁵⁰ . 49 Updating the Overall Housing Need (ORS, 2016) Review of the Official Projections for North Hertfordshire (ORS, 2020) 50 Housing requirements are normally calculated on the basis that the proportion of older persons needing specialised accommodation will not change over time.	To ensure the plan is positively prepared, justified and consistent with national policy following the Matter 21 hearing as supported by document ED191A

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
MM 037 / FM 059	48	Paragraph 4.89	 More than 4,300 Approximately 5,100 of the required homes are accounted for by completions since 2011, sites which have already obtained planning permission and commenced development and other allowances. This includes two large developments on the edge of Royston with permission for almost 600 homes. These allowances The majority of these homes will be on previously developed land and also include: windfalls (those sites which will continue to come forward for development outside of the local plan process) as well as; and Letchworth Town Centre as a broad location. locations. These are areas This is an area where it is reasonable to assume development might occur in the latter years of the plan, but where we cannot currently identify the exact location. The boundary of the broad location is the same as the Town Centre boundary for Letchworth shown on the policies map. The majority of these 4,300 homes will be on previously developed land. 	To ensure the effectiveness of the plan
MM 038 / FM 060	49	Paragraph 4.95	The remainder of new homes will be delivered through a range of local housing allocations set out in the detailed policies of this Plan: More than 850 further homes are identified within pre-existing settlement boundaries and have influenced our target to build 20% of new homes on previously developed land; As part of our comprehensive review of the Green Belt, a number of additional villages have been 'inset' with boundaries drawn to release additional land for development. These locations will contribute around 2,600 homes to our target whilst also ensuring the long-term sustainability of these settlements. A series of developments around the edge of Royston will contribute almost 1,000 further homes; while Sites for over 2,200 homes, in addition to the strategic sites, are identified within the adjusted settlement boundaries of the towns; Sites for nearly 1,600 homes are identified at five village locations identified by Policy SP2; while A review of the settlement boundaries in the Rural Areas Beyond the Green Belt of Category A villages allows for approximately 400 180 homes.	To ensure the plan is positively prepared, justified, effective and consistent with national policy following the Matter 22 to 26 hearings as supported by the statements to those sessions and documents including ED161, ED172, ED191A and ED191B
MM	49	Paragraph	This Plan also makes provision to meet the future needs of the Gypsy and Traveller community.	To ensure Plan is
039 /		4.96	Existing arrangements at the Pulmer Water site near Codicote will be formalised. A new site is	positively prepared

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
FM 061			allocated at Woodside Place, Danesbury Park Road at the southern edge of the District allowing requirements over the period to 2031 to be met.	and justified consequential to FM057
FM 062	49	Paragraph 4.98	This needs to be balanced against realistic expectations about when we can expect to see new homes being built. This is especially the case on the largest new sites which require the certainty provided by this Plan in order to proceed and can require significant up-front investment in infrastructure such as new roads. As a result, most of the planned new homes are likely to will be delivered after 2021.	For effectiveness in line with the approach suggested by ED178 (as subsequently superceded by Matter 22 / ED191B)
FM 063	49	After Paragraph 4.98 (new paragraph)	The spatial strategy proposed by this Plan requires the simultaneous delivery of a number of strategic sites around the main towns. There will be challenges in this approach. These include the capacity of the development industry to deliver and the ability of the market to absorb these new homes. We will support higher delivery rates where possible. This might include using innovative approaches to construction. We will develop a greater understanding of the rates of housing delivery that can be achieved as schemes are progressed and reflect these in the review of the plan as set out in Policy IMR2.	As above
MM 040 / FM 064	50	Paragraph 4.99	A stepped approach is considered most appropriate to deal with these issues. An average of 313 homes per year were built over the first nine years of the plan period between 2011 and 2020. Moving forward, housing supply will be measured against targets to deliver an average of 500 homes per year over the first ten years of the plan period (2011 -2021) period to 31 March 2024. For the period beyond 2021, From 1 April 2024 a target of 1,100 1,120 homes per year will apply. Our approach to five-year land supply is set out in Policy IMR1 in Chapter 14.	To ensure the plan is positively prepared, justified, effective and consistent with national policy following the Matter 22 to 26 hearings as supported by the statements to those sessions and documents including ED191B and ED215
MM 043 / FM 065	50	Paragraph 4.105	In taking this approach, it is recognised that a review of this Local Plan will need to conclude before the end of the plan period in 2031 we are required to undertake a review of the Plan every five years to see if it needs to be updated. This Plan commits to undertaking a full review by the end of 2023, well within the five-year period. It is reasonable to assume that some development will be realised from whichever sites are identified through this process in	To ensure the Plan is positively prepared and effective in line with the approach suggested by ED178

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			the period after 2026. An allowance of 500 homes has been included in our housing figures.	(as subsequently superceded by Matter 22 / ED191B)
FM 066	50	Paragraph 4.106	Policy IMR2 in the Monitoring and Delivery Chapter of this Plan sets out in greater detail how we expect the local plan review process to occur.	For effectiveness consequential to modifications to Policy SP8 and Paragraph 4.105
MM 045 / FM 001	52	Policy SP9	Policy SP9: Design and sustainability The Council considers good design to be a key aspect of sustainable development. We will a. Support new development where it is well designed and located and responds positively to its local context; x. Require Strategic Masterplans to be produced for Strategic Housing Sites and other significant development by the landowner/applicant in collaboration with the Council and subject to consultation with key stakeholders and the community. Significant development generally comprises residential developments above 100 dwellings. Exceptionally, developments under 100 dwellings will be considered significant if there are site specific complexities and sensitivities that require a masterplan-led approach. In some circumstances a Strategic Masterplan may also be required to consider the cumulative impact of more than one site to support a co-ordinated and integrated approach to placemaking and design. b. Require Strategic Masterplans and planning applications for Strategic Housing Sites and significant developments to (as applicable): i. Create buildings, spaces and streets which positively reflect and respond to the local landscape, townscape and historic character; ii. Create integrated, accessible and sustainable transport systems with walking, cycling and public transport designed to be the most attractive forms of transport and effectively linking into the surrounding areas;	For consistency with national policy and for effectiveness following Matter 32 hearing session

Ref. Pag	Modification	Reason / source for Further Modification
	 iii. Provide a clear structure and hierarchy of pedestrian friend and well-connected footpaths and cycle ways integrated we wider built and natural environment and communities; 	
	iv. Plan for integrated and mixed-use communities with walks accessible community, employment and retail facilities;	able locally
	v. Positively integrate with adjacent rural and urban commun positively contribute to their character and the way the argument of the functions, including addressing cumulative, cross boundary and infrastructure matters;	ea
	vi. Provide a diverse and distinctive range of flexible and adaptive types, tenures and building forms to meet the different of the population;	
	vii. Create an accessible multi-functional green infrastructure that provides:	network
	 a key structuring and functional placemaking feat supporting healthy lifestyles, sport, play and recollinking into the wider Green Infrastructure Network a high quality, integrated network to support econnectivity, biodiversity net gain, climate adapted 	eation, ork; and logical ation and
	mitigation linking into the wider Ecological Netwo viii. Ensure the effective use of sustainable urban drainage and sustainable water management;	
	ix. Ensure a hierarchy of linked, high quality and attractive pu and public realm that is safe, attractive and supports socia for all age groups; and	The state of the s
	x. Design to last with a clear stewardship, management and maintenance strategy;	
	x. Ensure Strategic Masterplans are informed by a technical and design base and include the following for Strategic Housing Sites and where	
	for other significant development: i. Site specific vision and placemaking principles	
	ii. Masterplan setting out the quantum, scale, type, mix and of land uses, housing and community facilities	distribution

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			 iii. Green Infrastructure Framework identifying the scale, distribution, type and design of green spaces, biodiversity net gain, strategic drainage, on and off-site linkages iv. Movement Framework setting out the key access points, strategic highways, street hierarchy and footways and cycleways (on and off site) 	
			v. Urban Design Framework and design principles identifying how the site responds to local character and context and key structuring elements and layout principles (including heights and densities) vi. Sustainability & Energy Framework identifying site wide and building scale opportunities for low and zero carbon	
			vii. Illustrative Masterplan Layout viii. Infrastructure Delivery, Phasing & Management Strategy x. Confirm the scope and contents of individual Strategic Masterplans with applicants in pre-application discussions. To ensure sites are comprehensively planned and delivered planning applications should be preceded by and consistent with a Strategic Masterplan agreed by the Council. Where applications have already been submitted to the Council a Strategic Masterplan should be agreed with the Council prior to or as part of the grant of planning permission. Adherence to the Strategic Masterplan will be secured through planning conditions and/or legal agreement. c. Assess proposals against detailed policy requirements set out in this Plan and have	
			 regard to the Design SPD; and d. Adopt the Government's additional technical standards for the size of new homes, water efficiency and, in specified circumstances, accessibility. 	
FM 002	52	Paragraph 4.116 (and new paragraphs thereafter)	The largest sites will be masterplanned in accordance with any requirements set out in Policies SP14-SP19 and the Communities section of this Plan to maximise their benefits. Policy SP9 sets out the strategic design and masterplanning expectations of the Council for the Strategic Housing Sites and other significant development. The policy has to apply to a wide range of developments in terms of quantum, scale and complexity. The policy should be applied in its entirety to Strategic Housing Sites but for other significant development a tailored and case-by-case approach will be required to identify a proportionate level of masterplan and design	

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
		<u> </u>	detail to secure design quality dependant on site specific issues and the level of detail submitted with any planning application.	
			4.xxx Strategic Masterplans are an effective tool in securing comprehensive and timely delivery and securing design quality and positive place outcomes. Masterplans support comprehensive, integrated, well- planned and sustainable places in terms of the natural, built and historic environment. An effective masterplanning process helps to support a multi-disciplinary, integrated, inclusive and collaborative approach to securing quality desig and delivery. It also assists with resolving and co-ordinating planning issues at an early stag in the process speeding up decision-making and driving forward delivery through a shared vision. This both de-risks and provides certainty.	
			 4.xxx Strategic Masterplans will be prepared on a staged basis, initially evaluating and agreeing baseline technical, character and design analysis and assessments, then agreeing a shared vision and set of place-making objectives, exploring and testing a series of options with stakeholder input and then the agreement of a preferred option and masterplan. 4.xxx For large sites that are developed over a long time period, strategic masterplans may 	
			require review and be flexible to adapt to changing circumstances. A Strategic Masterplan is not a blueprint, it is a framework within which further planning and design instruction can emerge over time.	
FM 067	53	Policy SP10(e)	e. Work with Hertfordshire County Council and education providers to ensure the planning system contributes to the provision of sufficient school places and facilitates the provision of new or expanded schools in appropriate and accessible locations. This will include monitoring of projected future demand to inform the review of this plan in relation to secondary education provision for the Stevenage area;	To ensure the plan is positively prepared and consistent with national policy in response to the Inspector's August 2019 letter.
FM 068	54	After Paragraph 4.127 (new paragraph)	Forecasting education demand that will arise from new developments over the long-term is challenging. It is difficult to predict with certainty how and when school places will be needed until developments are built and new families move in. This is a particularly complet issue in the Stevenage area where housing developments have been proposed by three loca authorities (North Hertfordshire, East Hertfordshire and Stevenage) across a wide number	To ensure the plan is positively prepared and consistent with

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			and variety of sites contained in separate local plans. These plans set out allocations and requirements for secondary education that could meet demand well into the 2030s. However, this issue needs to be kept under review particularly as alternative sites and opportunities which supplement those identified in current Plans and / or better address the County Council's operational preferences may arise over this period. We will monitor long-term forecasts of demand with the County Council to inform the early review set out in Policy IMR2.	Inspector's August 2019 letter.
MM 050 / FM 069	56	Policy SP12	We will accommodate significant growth during the plan period whilst ensuring the natural environment is protected and enhanced. We will: a. Protect, enhance and manage the green infrastructure network and seek opportunities to create new green infrastructure; Protect, identify, manage and where possible enhance a strategic multi-functional network of green infrastructure; x. Consider and respect landscape character, scenic beauty and locally sensitive features, particularly in relation to the Chilterns Area of Outstanding Natural Beauty; x. Protect, enhance and manage sites in accordance with the following hierarchy of designations and features: • Internationally designated sites • Nationally designated sites • Locally designated sites; • Non-designated sites that include important habitats and species b. Protect, enhance and manage biodiversity networks including wildlife corridors, ancient woodlands and hedgerows, wetland and riverine habitats, Local Geological Sites, protected species, priority species and habitats, and non-designated sites of ecological value and seek opportunities for ensure measureable net gains for biodiversity; and	For effectiveness & consistency with national policy and in response to the Inspector's August 2019 letter (Paragraph 14) and following the Matter 28 hearing session
			c. Consider and respect landscape character and locally sensitive features, particularly in relation to the Chilterns Area of Outstanding Natural Beauty Protect other open spaces and support provision of new and improved open space.	

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
MM 056 / FM 070	57	Policy SP13	The Council will balance the need for growth with the proper protection and enhancement of the historic environment. When considering the impact of a proposed development on the significance of a designated heritage asset, great weight will be given to the asset's conservation and the management of its setting. We will pursue a positive strategy for the conservation and enjoyment of the historic environment through: a. Maintaining a strong presumption in favour of the retention, preservation and enhancement of heritage assets and their setting according to their significance; b. Identifying sites on the national register of Heritage at Risk or on the Council's 'At Risk' local risk register; c. Periodic reviews of Conservation Areas and other locally designated assets; and d. Publication of detailed guidance.	For consistency with national policy and in response to the Inspector's August 2019 letter (Paragraph 12)
MM 057 / FM 003	60	After Paragraph 4.174 (new paragraph)	All strategic sites will be masterplanned pro-actively and collaboratively with the Council and key stakeholders in accordance with Policy SP9 Design and Sustainability and the individual site policy requirements. Planning applications should be preceded by and consistent with an agreed Strategic Masterplan for the site. Adherence to the Strategic Masterplan and any further masterplanning and design requirements will be secured through conditions and/or legal agreements.	For effectiveness to support effective and comprehensive delivery
MM 058 / FM 004	61	Policy SP14	Policy SP14: Site BA1 – North of Baldock Land to the north of Baldock, as shown on the Proposals Policies map, is allocated as a strategic housing site for a new neighbourhood of approximately 2,800 homes. Planning permission for residential led development will be granted where the following site-specific requirements are met: (a)A site masterplan to be approved prior to the submission of any detailed matters. A comprehensive and deliverable Strategic Masterplan for the entire allocation is to be prepared and agreed between the landowner/developer and the Council. Any planning	For consistency with national policy and for effectiveness in supporting sustainable development, design quality and comprehensive delivery

MM 088 / FM 071	75	ETC1	Policy ETC1: Appropriate uses in Employment Areas Within the safeguarded allocated-Employment Areas, and the Employment Allocations (BA10 and RY9), as shown on the Policies Proposals-Map, planning permission will be granted where-for office, research and development, industrial processes, industrial and	To ensure the Plan is positively prepared, legally compliant and effective in response to the Use Class Order

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			storage and distribution uses provided: a. Within those parts of the Employment Areas designated for business use only, development is for Use Class B1; b. Elsewhere within Employment Areas, development is for Use Classes B1, B2 or B8; c. For allocated sites any relevant site-specific criteria are met; and d. Any Use Class B8 development is easily accessible from the primary road network. Planning permission for other uses will be granted as an exception to the above criteria provided they are: i. Ancillary to the above uses; ii. Essential to the continued operation of an established premises; iii. Would bring comparable benefits to office, research and development, industrial processes, industrial and storage and distribution a B-class uses in the same location; or iv. Would make use of a site that would otherwise be likely to become or remain vacant for an extended period of time. Conditions and legal agreements will be used to limit uses to ensure that development meets, and will continue to meet, identified employment needs	amendments following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214.
FM 072	75	5.1	Within the four main towns there are a number of established Employment Areas, where the majority of employment premises are located. They include B1 business, B2 general industrial and B8 storage and distribution uses certain E class uses (office, research and development, industrial processes), B2 (industrial) and B8 (storage and distribution) class uses. They are well-established areas and are a valuable resource to the District	For legal compliance and effectiveness in response to the Use Class Order amendments following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214.
FM 073	76	5.5	However, the Council recognises that Employment Areas are often sought-after locations for a number of other uses. It is recognised that there is a need for some flexibility to meet the	For effectiveness in following the Matter

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			needs of uses, including sui generis uses such as motor trade uses and taxi vehicle depots such as: tyre and exhaust centres, trade wholesalers, vehicle hire, plant hire, motor trade uses and taxi vehicle depots. These are often partial B uses, combining a retail element with a predominantly business, industrial or storage use, or are sui generis ⁷¹ . These uses tend to cause conflict in other parts of the towns, such as town centres or residential areas as a result of impacts on residential amenity and living condition	29 hearing as supported by the statement to that session and documents including ED203 and ED214.
			⁷¹ 'Sui generis' is a term used to mean any use which does not fall within the use classes defined in the Use Classes Order.	
FM 074	76	5.6	Motor vehicle premises, in particular, usually include a mixture of sales and repairs. The sale of motor vehicles tends to provide lower density of employment than normally expected in an employment area. The amount of the retail sales element on larger developments will be restricted in order to protect the availability of, and maximise the use of, employment land. In addition, in order to prevent the change of use of buildings to Class A1 (shops) a condition will be imposed on any relevant grant of permission removing permitted development rights. These considerations apply to the sale of all types of vehicles	For legal compliance and effectiveness in response to the Use Class Order amendments following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214.
FM 075	76	5.7	Development proposals for uses in employment areas that are not for office, research and development, industrial processes, industrial and storage and distribution uses which seek to make use of the exception criteria of this policy will be considered on their merits. When assessing such proposals, the Council will have regard to (as applicable in each instance): • employment generation on site; • impact on relevant town centres, including details of any sequential and / or impact testing; • where appropriate, the level and type of retail involved on the site; • any potential benefits to the community or surrounding businesses from the proposed use; • the proportion of the site to be used for sales and display as opposed to repairs and servicing, in the case of motor trade uses;	For effectiveness following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214.

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			 accessibility by non-car modes of transport; and any evidence clearly demonstrating that: the land or premises is no longer required to meet future employment needs of the District; the land or premises is inappropriate or unfeasible for employment use, based on market conditions or amenity / living condition problems; and no other suitable sites outside designated employment areas are viable and available. ; and details of any sequential and / or impact testing. 	
FM 076	76	After 5.8 (New paragraph)	The Council is required to make provision for sufficient employment land over the plan period. To ensure that development meets identified employment needs, both now and in the future, conditions and legal agreements will be used.	To ensure the Plan is positively prepared, following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214.
MM 091 / FM 077	77	5.9	There are a number of employment sites across North Hertfordshire that are outside the designated Employment Areas and Employment Allocations but which provide sources of local employment and services. These are in other parts of the main towns including town centres, in category A larger villages, and sometimes within category B and C villages or in the countryside following the re-use or redevelopment of agricultural buildings. Some have been there for a long time and may not be in the most appropriate location while others exist perfectly well adjacent to other uses such as residential and / or in their wider setting. Planning Applications seeking non-employment uses on such sites will need to be supported with evidence that at least twelve months of active marketing has been undertaken. This will include an assessment of market signals, including that the marketing has been conducted appropriately given the terms, rental values and / or sales values of the site and similar properties, the benefits of the proposed uses and the impact on the community of such a loss of employment land.	

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
MM 092 / FM 078	77	ETC3	Policy ETC3: New retail, leisure and other main town centre development Planning permission for new retail, leisure and other main town centre uses* development will be granted provided that where: a. the sequential test is passed; b. where the town centre development is outside of the town centre, an impact assessment is are provided based on locally set the following minimum floorspace thresholds demonstrating there is no unacceptable harm to the vitality or viability of a designated town centre: • Hitchin: 2,500 gross sq.m and above; • Letchworth Garden City: 1,000 gross sq.m gross and above; • Baldock, Royston and elsewhere: 500 gross sq.m and above; c. within retail allocation sites, as shown on the Proposals Policies Map, any relevant site-specific criteria are met; d. the proposal is appropriate to the area in terms of use, size, scale, function, catchment area, historic and architectural character; and e. there would be no significant adverse impact upon living conditions. The Council will use planning conditions or legal agreements to limit uses to ensure that the identified retail needs are met, and will continue to be met, through the allocated sites. * Main town centre uses are defined in the Local Plan Glossary [new footnote]	For effectiveness following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214.
FM 079	78	5.13	In assessing proposals for main town centre uses, we will adopt the 'sequential approach' as set out in Government guidance ⁷⁴ . Therefore, retail uses will be considered in the following order of preference: 1. within the primary or secondary shopping frontages of town centres, on allocated sites within town centres, or in local centres; 2. other parts of the town centres; 3. 2. the edge of centres; and 4. 3. out of centre, only where there are no available, suitable and viable sites which are sequentially preferable.	For consistency with national policy following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214.
MM 093 /	78	5.16	Nevertheless, the first preference for the location of leisure facilities is within the defined town centre boundaries. encompasses a wider area than retail as leisure uses should not be re-	For effectiveness following the Matter

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
FM 080			directed from the wider town centre areas to the primary shopping area. Therefore, the first preference for leisure facilities includes both the primary shopping area and wider town centre area.	29 hearing as supported by the statement to that session and documents including ED203 and ED214.
FM 081	78	After 5.19 (New Paragraph)	The Council is required to make provision for sufficient retail land over the plan period. To ensure that development meets identified retail needs, both now and in the future, conditions and legal agreements will be used.	As above
MM 095 / FM 082	79	ETC4	Policy ETC4: Primary Shopping Frontages Town Centre boundaries for Hitchin, Letchworth Garden City and Royston are shown on the Proposals Policies Map. Within the designated Primary Shopping Frontages, planning permission will be granted at ground-floor level: a. for shops retail A1 uses; or b. Exceptionally for an A3 or similar other main town centre uses* if they do it does not, individually or cumulatively, undermine the retail function of the centre and where the proposal will attract people to the centre, enhancing in the daytime or detract from the centre's vitality and viability. * Main town centre uses are defined in the Local Plan Glossary [new footnote]	For legal compliance in response to the Use Class Order amendments and effectiveness following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214.
MM 096 / FM 083	79	ETC5	Policy ETC5: Secondary Shopping Frontages In the Secondary Shopping Frontages of Hitchin, Letchworth Garden City, Baldock and Royston, as shown on the Proposals Policies Map, planning permission will be granted at ground-floor level: a. for retail, professional services and restaurants (A1, A2, or A3) shops, financial and professional services, restaurants and cafes, pubs or drinking establishments and takeaways; or b. exceptionally for other main town centre uses* if they do, it does not individually or cumulatively, undermine the retail function of the centre-and where the proposal will attract people to the centre, enhancing- or detract from the centre's vitality and viability. * Main town centre uses are defined in the Local Plan Glossary [new footnote]	As above

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
FM 084	79	5.21	Too many non-retail A1 uses can create 'dead frontages' (units not normally open during normal shopping hours or which attract relatively few customers), reduce the interest and attraction of the primary shopping area, and harm the retail function. This is particularly a problem where there are a number of units in a row which are not shops. This is something the Council is keen to prevent.	As above
FM 085	80	5.23	Within Primary Frontages we will retain the attractiveness of the essential and continuous shopping cores of our town centres; only shops retail (A1) will generally be permitted here.	As above
MM 097 / FM 086	80	5.24	For Secondary Frontages, the policy is more flexible, allowing shops, financial and professional services, restaurants and cafes, pubs or drinking establishments and takeaways, retail, office and restaurant (A1, A2, and A3) uses based on their contribution to vitality and viability and their ability to attract people to the centre. Other uses such as pubs (A4) and hot food takeaways (A5) can add to an areas attractiveness and vitality, however, control is needed to ensure that these uses do not detract from the centre and affect the shopping pattern.	As above
MM 098 / FM 087	80	5.25	Evidence in the form of predicted footfall, opening times and linked trips will be required for any application seeking to meet part b of policies ETC4 and ETC5 to assess the impact upon daytime retail function, vitality and viability the exception criteria. Where a shop unit has been vacant for an extended period of time (normally at least six months one year), documentary evidence should demonstrate that all reasonable attempts to sell or let the premises for the preferred use(s) as set out in part a. of Policies ETC4 and ETC5 have failed.	For effectiveness following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214.
MM 099 / FM 088	80	ETC6	Policy ETC6: Local Centres Within Local Centres, as shown on the Policies Proposals Map or identified in approved masterplans for the strategic site allocations, planning permission will be granted where: a. it is for a shop, financial and professional services, café or restaurant, pub or drinking establishment, takeaway or use classes F1 or F2 use class A1, A2, A3, A4, A5, D1 or D2 at ground floor level; and b. The centre would continue to provide a range of uses, with the majority of units being retained in A1 use; and c. b. the centre would continue to provide a range of uses including shops to meet day-to-day needs and the vitality and viability of the centre would be maintained Any change of use from class A1 would: i. maintain the general vitality and viability of the centre; and	For legal compliance in response to the Use Class Order amendments and effectiveness following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			ii. not seriously diminish the provision of local shopping facilities. Proposals for over 500 sq.m m² gross will not generally be suitable in local centres.	
FM 089	80	5.29	The Council considers that it is important that the neighbourhood centres continue to provide a mix of shopping, services and community facilities, and in particular retail units. A predominance of shops is considered to be necessary to secure future viability of these centres. However, some non-retail uses may be appropriate in the centres where local community retail needs are already met this does not harm the mainly retail function.	For effectiveness following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214
FM 090	81	5.31	Where a vacant shop premises is subject to a proposed change of use where planning permission is required, then documentary evidence will be necessary to show that all reasonable attempts to sell or let it for use as a shop for a year or more have failed. If there are other vacant units in the centre this will also be taken into account.	For legal compliance in response to the Use Class Order changes following the Matter 29 hearing as supported by the statement to that session and documents including ED203 and ED214
FM 091	81	5.32 (delete paragraph)	The Council may consider other non-retail uses, such as surgeries or other community and leisure uses appropriate, if it can be demonstrated that they would meet a local community need.	As above
MM 100 / FM 092	100	Policy ETC7	Policy ETC7: Scattered Local community shops and services in towns and villages Planning permission for small-scale proposals providing new shops and services will be granted within existing settlements to serve the day-to-day needs of the local community as an exception to the sequential approach set out in Policy ETC3(a) will be granted where: • The site is within a defined settlement boundary; • In the case of Category B villages, the site is within the built core; or	For legal compliance in response to the Use Class Order amendments and effectiveness following the Matter 29 hearing

MM 139 / FM 095	98-99	Policy HS7	Policy HS7: Gypsies, Travellers and Travelling Showpeople Land at Pulmore Water, as shown on the Proposals Map, is allocated for the provision of 7 permanent Gypsy and Traveller pitches to meet the District's needs up to 2031. The Council will protect existing and allocated lawful pitches for Gypsies and Travellers. The following site, as shown inset into the Green Belt on the Policies Map, is allocated for the provision of permanent Gypsy and Traveller pitches to meet the District's needs up to 2031: • Policy CD6 - Land at Woodside Place, Danesbury Park Road is allocated for the provision of 4 permanent Gypsy and Traveller pitches. This site is allocated solely for the accommodation of Gypsy and Travellers that meet the planning definition. Planning Permission will only be granted for development and occupation that meets the planning definition of Gypsy and Travellers. Other uses will not be permitted. There is no identified need to allocate any transit or travelling showpeoples' sites. Planning permission for accommodation for Gypsies and Travellers or Travelling Showpeople will be granted where: a. it satisfies a demonstrated local need for accommodation; b. the intended occupants meet the planning definition of Gypsies and Travellers, or Travelling Showpeople, as set out in government guidance or case law; c. residents of the proposed site can access local services such as shops, schools, public transport and medical facilities within a reasonable distance from the site and where those facilities have capacity to meet the needs of the site's residents; d. the proposed site: i. does not conflict with any other development plan policy or national policy including flood risk, agricultural land classification, contamination and hazardous development, and has no significant adverse impact on the character and appearance of the countryside, or on features of significant biodiversity or heritage importance;	To ensure the plan is, justified and consistent with national policy following the Matter 25 hearing as supported by the statement to that sessions and documents including ED228

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			 ii. has no significant adverse impact on the amenity of nearby residents or adjoining land users and can be successfully screened and contained within a specified boundary; iii. has adequate and safe access from a suitable road, and adequate parking, storage, turning and servicing on site; iv. is capable of being serviced with water, electricity, sewerage and rubbish disposal; and v. will provide a safe, inclusive and secure environment for the residents in an appropriate location to meet their needs. Where all the above criteria are met, proposals for sites for Gypsies, Travellers and Travelling Showpeople may be appropriate in the countryside as rural exception sites (in line with Policy CGB2b) but Green Belt policies would still apply. 	
MM 140 / FM 096	99	Paragraph 8.41	The Local Plan should make appropriate provision to meet the needs of Gypsies, Travellers and Travelling Showpeople in North Hertfordshire. There is recognition that the three groups are different and have very different needs, but for the purposes of this policy the key considerations are very similar. The Council's evidence* shows that there is no identified need for transit or travelling show people sites but a need to provide four additional pitches for Gypsies at Danesbury Park Road. *Gypsy & Traveller Accommodation Assessment Study (2018); NHDC Note on Gypsy and Traveller provision (2020)	To ensure the plan is, justified and consistent with national policy consequential to FM095 [Policy HS7]
MM 141 / FM 097	99	Paragraph 8.42	There is currently one private Traveller site at Pulmore Pulmer Water in the parish of Codicote. This consists of twelve permanent pitches and six temporary pitches. There is a further site at Danesbury Park Road which currently benefits from a temporary planning permission and is allocated in this Local Plan to meet the identified need. There are no public sites in the District. Historically, the District has not been an area where significant numbers of Gypsies, Travellers or Travelling Showpeople have resided in or resorted to, which is supported by figures for unauthorised encampments and developments.	To ensure the plan is, justified and consistent with national policy consequential to FM095 [Policy HS7]
MM 142 / FM 098	99	Paragraph 8.44 (delete)	Our evidence identifies a requirement for 7 additional pitches over the period to 2031. The area covered by the temporary planning permission on the Pulmore Water site meets requirement though the existing permission expires in 2017.	To ensure the plan is, justified and consistent with national policy

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
				consequential to FM095 [Policy HS7]
MM 143 / FM 099	100	Paragraph 8.45	This area is therefore allocated for permanent provision and to provide certainty going forward. Based on current evidence, it should prevent the need for future 'single issue' reviews of this policy and the long-term needs of these communities will be considered as part of the next general review of the plan alongside the needs of the settled community. The site at Pulmer Water has a complex planning history and consists of Gypsy and Traveller provision adjoining a caravan park with permission for residential use. A robust and up-to-date assessment of current occupation and the future needs arising from this site, alongside any needs from elsewhere in the District, will be required to inform the proposed early review of the Plan (see Policy IMR2 in the Delivery Chapter).	To ensure the plan is, justified, effective and consistent with national policy consequential to FM095 [Policy HS7]
MM 166 / FM 100	113	After paragraph 11.14 (New Policy NEx and supporting text)	Policy NEx: Biodiversity and geological sites Planning permission will only be granted for development proposals that appropriately protect, enhance and manage biodiversity in accordance with the hierarchy and status of designations and features listed in policy SP12. All development should deliver measurable net gains for biodiversity and geodiversity, contribute to ecological networks and the water environment, and/or restore degraded or isolated habitats where possible. Applicants should, having regard to the status of any affected site(s) or feature(s): a. submit an ecological survey that is commensurate to the scale and location of the development and the likely impact on biodiversity, the legal protection or other status of the site; b. demonstrate that adverse effects can be avoided and / or satisfactorily minimised having regard to the hierarchy of protection below: i. locating on an alternative site with a less harmful impact; ii. providing adequate mitigation measures; or iii. as a last resort compensated for. The acceptability of approach(es) to avoidance, mitigation and compensation will be commensurate with the status of the asset(s) likely to be affected by the application; Compensation is unlikely to be an appropriate solution for proposals affecting nationally or internationally designated sites other than in the most exceptional circumstances. c. Include appropriate measures to manage construction impacts by	For effectiveness & consistency with national policy in response to the Inspector's August 2019 letter (paragraph 14) and following the Matter 28 hearing

Ref. Page Policy / (LP1) Paragraph	Modification	Reason / source for Further Modification
	demonstrating how existing wildlife habitats supporting protected or priority species will be retained, safeguarded and managed during construction; d. Integrate appropriate buffers of complimentary habitat for designated sites and other connective features, wildlife habitats, priority habitats and species into the ecological mitigation and design. The appropriateness of any buffers will be considered having regard to the status of the relevant habitat. 12 metres of complimentary habitat should be provided around wildlife sites (locally designated sites and above), trees and hedgerows'. It may be necessary to exceed this distance for fragile habitats such as ancient woodland or to provide appropriate root protection for mature trees; and e. provide a long-term management and monitoring plan including mitigation measures as necessary. Local Geological Sites are ratified by the Herts & Middlesex Wildlife Trust (HMWT) and are afforded the same protection as Local Wildlife Sites. 11.xx Sites allocated in this Plan that have the potential to impact on designated biodiversity sites are required to provide an ecological survey and provide mitigation and/or off-setting measures as necessary. Where appropriate the Strategic Policies and Communities sections of this Plan provide site-specific policies relating to the impact on designated sites, for instance on Therfield Heath SSSI or Wain Woods SSSI. 11.xx Sites can contain important habitats or species even where they are not formally designated. These may be identified by the Hertfordshire Environmental Records Centre, other relevant sources (such as the Government's 'MAGIC' mapping tool) or through the survey process as being of ecological interest and should be afforded an appropriate level of protection. 11.xx Ecological surveys will be expected to involve an objective assessment of ecological value and identify any priority habitat, protected or priority species on site with survey data and site assessment to establish the potential impact. Surveys should be c	

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			commensurate to the scale and location of the development and the likely impact on biodiversity, the legal protection or other status of the site. 11.xx Where off-site compensation is delivered as a last resort, the ecological networks mapping system developed by the Herts and Middlesex Wildlife Trust and Local Nature Partnership should be used. This provides the basis of targeted habitat creation to maximise the benefits to biodiversity of any required ecological measures. 11.xx Certain habitats (such as chalk grassland) are priority habitats for the District. Restoration, mitigation and any compensation measures should focus on these priority habitats as described in the Hertfordshire Biodiversity Action Plan.* 11.xx Developments are required to demonstrate how existing wildlife habitats such as trees, hedgerows, woodlands and rivers (and any connective features between them) will be retained, safeguarded and managed during and after development, including the provision of buffers where required. 11.xx Where necessary, a management plan outlining mitigation and monitoring measures may be required to sensitively manage any issues arising as a result of the development on biodiversity or geodiversity assets and will be secured through planning conditions or obligations. 11.xx Net gains can be delivered through the provision of soft landscaping, including trees, shrubs and other vegetation to support wildlife habitats as identified by the Hertfordshire Biodiversity Action Plan². Similarly, the provision of permanent integrated features for wildlife can contribute to net gains, for instance the provision of bat and swift boxes, particularly where development borders open space.	
			Footnotes: W The DEFRA Biodiversity Metric is a tool used to quantify the value of biodiversity at any site and can form an evidence base on required mitigation for a development, the amount of residual biodiversity impact, and if necessary, the amount of require offsite compensation. The current Biodiversity Metric is available at: http://publications.naturalengland.org.uk/publication/5850908674228224 *Hertfordshire Environmental Forum (2006) A Biodiversity Action Plan for Hertfordshire, http://www.hef.org.uk/nature/biodiversity_vision/index.htm North Hertfordshire District Green Infrastructure Plan (2009)

			² Hertfordshire Environmental Forum (2006) A Biodiversity Action Plan for Hertfordshire,	
			http://www.hef.org.uk/nature/biodiversity_vision/index.htm	
MM 201 / FM 101	135	Paragraph 13.7	One housing site is identified No sites are allocated for housing in Ashwell for 33 new homes. 62 117 further homes have been built or granted planning permission since 2011.	Positively prepared; Factual update
MM 202 / FM 102	135	Policy AS1	 ► Provision of pedestrian access into the village; ► Sensitive design and layout required in terms of ridge line and setting within landscape, additional planting on the east and west boundaries to improve views from Arbury Banks and screen properties on Claybush Road; ► Heritage Impact Assessment required informing design and layout at southern extent of site to respect setting of Arbury Banks Scheduled Ancient Monument and the views of St Marys Church; and ► Provide archaeological survey prior to development. 	For effectiveness – site has been developed
MM 203 / FM 103	135	Table after Policy AS1 (delete)	Total allocated sites Completions and permissions Total allocated, completed and permitted 33 homes 62 homes 95 homes	Positively prepared; Factual update
FM 104	136	Paragraphs 13.9 to 13.12 (delete)	Infrastructure & mitigation 13.9 The impact of the proposed site on heritage assets and the landscape is a key consideration. Our overall evidence base concludes that, in order to meet our housing requirements over the plan period, it will be necessary to allocate some sites which may impact upon heritage assets and landscape. Our aim will be to ensure that the overall integrity of relevant heritage assets are protected and that the development is designed to minimise impact on the landscape. 13.10 Currently there is no pedestrian access along Claybush Road, therefore the development should deliver a pedestrian access route into the village to enable access to services and facilities.	

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			13.11 The footpath network in Ashwell currently extends to the junction of Bear Lane and Ashwell Street and there may be opportunities to connect from here from the north of the allocated site. 13.12 Additional education provision will be needed in Ashwell during the Plan period, fundin will therefore be sought to ensure the local education infrastructure can accommodate the additional demand arising from the site.	g
		BALDOCK		
MM 205 / FM 105	137	Paragraph 13.19	8 Eight housing sites are allocated in and around Baldock. These will deliver an estimated 3,43 3,360 new homes (3,136 1,960 during the plan period to 2031). A further 154 238 new homes have been built or granted planning permission since the start of the plan period in 2011.	
MM 207 / FM 106	138	Policy BA3	 Land south of Clothall Common (Clothall parish) Deliver, in combination with Site BA4, a southern link road connecting Wallington Road to—the B656 Royston Road to Wallington Road or the A507 Clothall Road within the southern bypass; Provision of suitable vehicle, cycle and pedestrian links to ensure integration with adjoining site BA4; Consideration of the most appropriate routes and movements for all modes between the allocation site, the existing Clothall Common estate and the wider transport network Site layout to take account of existing wastewater infrastructure; Appropriate solution for short- and long-term education requirements having regard to up-to-date assessments of need; Appropriate mitigation measures for noise associated with the A505 to potentially include appropriate insulation and orientation of living spaces; Maintaining or limited re-profiling of the existing bunding towards the east of the site with no housing permitted on or beyond its (revised) alignment; Incorporate alignment of former Wallington Road and Bridleway Clothall 027 as green corridor along northern perimeter of through the site; Incorporate ordinary watercourses (and any appropriate measures) within comprehensive green infrastructure and / or SUDs approach; Address existing surface water flood risk issues, including any run-off through SUDs 	For effectiveness to address concerns raised by respondents to the Main Modifications consultation and in response to the Inspector's July Letter (Paper E)

	 350 dwellings per annum for the plan period from 2011 to 31 March 2020; 500 dwellings per annum for the plan period from 1 April 2020 to 31 March 2024; and 1,120 dwellings per annum for the remainder of the plan period from 1 April 2024 to 2031; b. Add any shortfall in housing delivery since the plan's start date, spread evenly over the remaining plan period, to the calculation of the requirement; c. Ensure that the supply of specific, deliverable sites includes a buffer (moved forward from later in the plan period) in line with national planning policy; and d. Monitor housing completions and permissions on an ongoing basis to ensure the housing trajectory is based upon robust and up-to-date information and assumptions. 	supported by the statements to those sessions and documents including ED172, ED191A and ED191B
After proposed new Policy IMR1 (new paragraphs)	Figure 6 over-page shows the anticipated housing trajectory. This will be kept up-to-date in future monitoring reports. This programme of delivery will allow the plan to demonstrate a five-year land supply at the point of adoption and, subsequently, on an on-going basis. In order to achieve this, the plan uses a stepped approach to the housing requirement. For the period to 1 April 2020, a housing requirement of 350 dwellings per annum is applied recognising that the quantum of development delivered from the start of the plan period in 2011 to this date is fixed. This increases to 500 dwellings per year between 2020 and 2024 before rising to a requirement for 1,120 dwellings per annum over the remaining years of the plan period. This approach is linked to development strategy set out in this plan. A significant proportion of future new homes will be delivered upon new strategic sites. Delivery of these sites requires their release from the Green Belt which is achieved through this plan. However, this means that in the first half of the plan period from 2011 to 2021, reliance has been placed upon sites permitted under the previous policy regime and extant planning permissions. In the second half of the plan period from 2021, the Local Housing Allocations released from	
	2 After proposed new Policy IMR1 (new	So dwellings per annum for the plan period from 2011 to 31 March 2020; So dwellings per annum for the plan period from 1 April 2020 to 31 March 2024; and 1,120 dwellings per annum for the remainder of the plan period from 1 April 2024 to 2031; Add any shortfall in housing delivery since the plan's start date, spread evenly over the remaining plan period, to the calculation of the requirement; C. Ensure that the supply of specific, deliverable sites includes a buffer (moved forward from later in the plan period) in line with national planning policy; and d. Monitor housing completions and permissions on an ongoing basis to ensure the housing trajectory is based upon robust and up-to-date information and assumptions. Figure 6 over-page shows the anticipated housing trajectory. This will be kept up-to-date in future monitoring reports. This programme of delivery will allow the plan to demonstrate a five-year land supply at the point of adoption and, subsequently, on an on-going basis. In order to achieve this, the plan uses a stepped approach to the housing requirement. For the period to 1 April 2020, a housing requirement of 350 dwellings per annum is applied recognising that the quantum of development delivered from the start of the plan period in 2011 to this date is fixed. This increases to 500 dwellings per year between 2020 and 2024 before rising to a requirement for 1,120 dwellings per year between 2020 and 2024 before rising to a requirement of 310 dwellings per year between 2020 and 2024 before rising to a requirement for 1,120 dwellings per year between 2020 and 2024 before rising to a requirement of 310 dwellings per year between 2020 and 2024 before rising to a requirement for 1,120 dwellings per year between 2020 and 2024 before rising to a requirement for 1,120 dwellings per year between 2020 and 2024 before rising to a requirement for 1,120 dwellings per year between 2020 and 2024 before rising to a requirement for 1,120 dwellings per year between 2020 and 2024 before rising t

			supply. It is anticipated that the Strategic Housing Sites will become the main component of new housing supply in the latter years of the plan. The stepped approach to housing delivery over the plan period allows a better match with actual and anticipated delivery.	
			The same circumstances support a measured approach to meeting the shortfalls in housing delivery that have occurred since 2011. To this end the plan does not seek to meet the full extent of any backlog of delivery within the first five years (known as the <i>Sedgefield</i> approach) but rather seeks to meet this backlog over the remainder of the plan period (the <i>Liverpool</i> approach).	
			In addition to the measures above, national policy requires a buffer, moved forward from later in the plan period, to be applied to the calculation of the five year supply. This buffer should be a minimum of 5% but, where there has been a record of persistent under delivery of housing, this should be increased to 20%.	
			In the period from the start of the plan period on 1 st April 2011 to 31st March 2020 the delivery of housing completions in the District were well below the 650 dwellings per annum that would be necessary if the requirement were to be met evenly over the whole plan period, averaging 313 dwellings per annum. This necessitates the application of a 20% buffer at the point of the plan's adoption.	
			The buffer requirement will be added to both the housing requirement and any backlog in delivery to be met over the five year period under assessment.	
			These approaches are set out in Policy IMR1 and will be the basis of the housing land supply calculations that are produced for monitoring purposes over the plan period. The delivery of sites will be monitored and will inform the plan review set out in Policy IMR2.	
			X Paragraph 47 of the NPPF	

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			 The outcomes of the process(es) to comprehensively explore new settlement options in the District; Gypsy and Traveller provision The identification of needs for retail, leisure, office and other main town centre uses; Options for long-term secondary education provision in the Stevenage area; and Broad alignment with the statutory five-year time limit for reviews of the East Hertfordshire and Stevenage local plans (required by November 2023 and May 2024 respectively) to allow co-ordinated consideration of the above matters. The review will have regard to up-to-date information and be conducted in line with Government policy and statutory requirements. Subject to the outcomes of that review, a new plan or policies will be prepared to a new time horizon of at least 2041. The review will also serve to build upon existing strong, working relationships with adjoining and nearby authorities and may result in the preparation of a joint plan or policies based upon wider functional geographies. 	
FM 191	222	Paragraph 14.30	The Government expects plans to be regularly reviewed, preferably every five years ¹⁵⁵ and we will need to update our Local Plan more regularly than has happened in the past. National guidance recognises that plans can be reviewed in whole or in part to respond flexibly to changing circumstances ¹⁵⁶ . We will use the monitoring framework, set out above, to keep the effects of this Plan under review. Footnote 155 As set out in the Government's Technical consultation on implementation of planning changes (DCLG, 2016) Regulation 10A of the Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended)	For effectiveness in response to Inspector's August 2019 letter (Paragraph 25)
FM 192	224	Paragraph 14.32	In addition to our monitoring, we recognise that other events may trigger a future review of the Plan. local plans should normally set out where development will occur over a 15-year period	For effectiveness and
192		14.32	from the point of adoption ¹⁵⁷ . This Plan shows how we will meet our needs over the period to	in response to the Inspector's August

Ref.	Page (LP1)	Policy / Paragraph	Modification	Reason / source for Further Modification
			2031, 13 10 years from the anticipated date of adoption.	2019 letter (Paragraph 10)
FM 193	224	Paragraph 14.33	We already recognise that further work is required to ensure we meet our needs in full in the period beyond 2026. However, we believe that, due to the progress already made on these issues, the approach set out in this Plan is the most appropriate one for North Hertfordshire. Policy IMR2 therefore commits to an early, whole plan review to commence by the end of 2023 that will allow the Council to consider longer-term requirements, including in relation to a number of specific issues identified through the production of this plan.	To ensure the Plan is positively prepared and effective following the Matter 22 hearings and as supported by documents including ED176, ED178 and ED191B
FM 194	224	Paragraph 14.36	At the same time, future decisions by other bodies may significantly influence future options for growth in North Hertfordshire. We will continue to work with central government, the Hertfordshire Growth Board and other relevant agencies to better understand the likely nature of these potential projects ¹⁵⁸ .	To ensure the Plan is positively prepared and effective following the Matter 22 hearings and as supported by documents including ED176, ED178 and ED191B
FM 195	224	Paragraph 14.37	We currently consider it most likely that The outcomes of these deliberations and the new settlement process will be reflected in a full the review of the Plan process outlined in Policy IMR2. We currently consider it most likely that this review will result in a need to comprehensively update the local plan, recognising that this cannot be prejudged at this time. Our present intention is that the next full any comprehensive review of this Plan will be completed by the mid-2020s at the latest. It will roll the Plan forward to a new time horizon of at least 2041 and deliver any specific additional land or updated policies and sites that we already recognise will be that are identified as being needed.	To ensure the Plan is positively prepared and effective following the Matter 22 hearings and as supported by documents including ED176, ED178 and ED191B
FM 196	224	Paragraph 14.41	Beyond these defined events, there may be changes in circumstances that we cannot currently foresee, or are yet to understand the full implications of, but which have a substantial impact upon the District. This might be a major change to the way in which the planning system operates, as suggested in the Government's 2020 White Paper, or the cancellation of a key project required to support growth structural changes to the population or the way we live, work or spend our leisure time in response to Brexit, Covid-19, climate change or any other future event. We will determine the most appropriate response as and when any such	To ensure the Plan is positively prepared and effective following the Matter 22 hearings and as supported by documents including
