**\*PART 1 – PUBLIC DOCUMENT**

**TITLE OF REPORT: INVESTMENT STRATEGY (INTEGRATED CAPITAL AND TREASURY)**

REPORT OF: SERVICE DIRECTOR - RESOURCES

EXECUTIVE MEMBER: FINANCE AND I.T.

COUNCIL PRIORITY: SUSTAINABILITY

**1. EXECUTIVE SUMMARY**

*The Investment Strategy provides the following key information:*

- A capital programme of £8.028m in 2023/24 and £19.294m for the period 2024/25 to 2027/28.
- Recommendations on the Prudential and other Treasury indicators that will be monitored and reported on during the year (2023/24)
- As the Council has identified a need to borrow for capital purposes, a borrowing and Minimum Revenue Provision (MRP) policy
- The scope of treasury investments where the Council will invest any surplus cash.

**2. RECOMMENDATIONS**

- 2.1. That Council approve the adoption of the Investment Strategy (as attached at Appendix A), including the capital programme and prudential indicators.
- 2.2. That Council approve the adoption of the four clauses in relation to the Code of Practice on Treasury Management (as detailed in paragraphs 8.11 to 8.16).

**3. REASONS FOR RECOMMENDATIONS**

- 3.1 To ensure that the capital programme meets the Council's objectives and officers can plan the implementation of the approved schemes
- 3.2 To ensure the Council's compliance with CIPFA's code of practice on Treasury Management, the Local Government Act 2003, statutory guidance from the Department of Levelling Up, Housing and Communities (DLUHC) and the CIPFA Prudential Code.

As well as determining and managing the Councils risk appetite in respect of investments.

#### **4. ALTERNATIVE OPTIONS CONSIDERED**

- 4.1 Each proposed service related capital scheme is the result of consideration of options for the best way of continuing service delivery by the relevant Service Director in consultation with the relevant Executive Member. The capital schemes relating to District investments (rather than directly service related) will primarily consider the benefits to the District and residents, as well as a risk-based yield.
- 4.2 The primary principle governing the Council's investment criteria is the security and liquidity of its investments. After this the return (or yield) is then considered, which provides an income source for the Council. In general, greater returns can be achieved by taking on greater risk.

#### **5. CONSULTATION WITH RELEVANT MEMBERS AND EXTERNAL ORGANISATIONS**

- 5.1 All Members were given opportunity to comment on all new Capital investment proposals, as well as existing projects earmarked in future years, at the Member Budget Workshops held in November 2022. Notes of the comments raised at the workshops were provided to Cabinet in December. There has been two additional schemes added to the capital programme since the budget workshop:
- £0.015m in 2023/24 re CCTV camera replacement. This was mentioned at the budget workshop, but a value was not provided.
  - £0.400m across 2023/24 and 2024/25 for Charnwood House, Hitchin. This is the estimated contribution required by the Council to refurbish and update the building for community use. It is also likely to require a community organisation being able to access further funding. This project was included in last year's capital proposals but did not include a financial value.
- 5.2 Members will be aware that consultation is incorporated into project plans of individual capital schemes as they are progressed.
- 5.3 There is ongoing dialogue with the Authority's Treasury advisors (Link).

#### **6. FORWARD PLAN**

- 6.1 This report does not contain a recommendation on a key Executive decision, as the decision is made by Full Council.

#### **7. BACKGROUND**

- 7.1 The Corporate Business Planning Process begins each year with consideration of policy priorities and the Council's Priorities for the District and a review of the Medium Term Financial Strategy. Finance and other resources are aligned to the strategic priorities as set out in the Council Plan.

7.2 Cabinet receives quarterly updates on the delivery and funding of the Council's capital programme, with the report presented at the December meeting of Cabinet providing estimates as at the end of the second quarter of 2022/23. The report advised that total expenditure of £37.457m would be required to deliver the current capital programme for 2022-2032, with £9.815m forecast to be spent in 2022/23. Table 1 below details the changes to the existing capital programme reported to Cabinet since the Capital Programme was approved by Full Council in February 2022.

7.3 The Treasury Strategy Statement for 2022/23 was approved by Council in February 2022. A mid year review of the Treasury Strategy will be provided to Council in January 2023. There have been no changes made to the Strategy during the course of 2022/23.

## 8. RELEVANT CONSIDERATIONS

- 8.1 The proposed Investment Strategy is attached at Appendix A. Council are asked to approve this strategy, which includes the following:
- New capital investment proposals totalling £1.701m
  - A total capital programme for the period of 2023/24 to 2027/28 of £27.322m.
  - Adoption of a treasury strategy that covers borrowing and investment forecasts and limits, including prudential indicators
- 8.2 The following are provided as appendices to Investment Strategy, and are also appendices to this report:
- Appendix A1- A list of new capital schemes and schemes planned to commence from 2023/24.
- 8.3 The format of the Investment Strategy is described in the introduction section (pages 2 and 3). The following sections highlight the significant considerations in relation to this version of the Strategy.
- 8.4 In general the capital programme detailed in tables 6 and 7 on pages 13 and 15 is what was presented to the budget workshops (as referenced in paragraph 5.1).
- 8.5 Table 8 (on page 16) provide an assessment of the Security, Liquidity and Yield of the projected spend on these assets. Table 9 (on page 17) details that the assessment of the expected risk of loss will be carried out as part of individual business cases.
- 8.6 Table 10 (on page 17) provides a forecast of the capital receipts that the Council will generate over the next few years. The preceding paragraph provides a description of the factors that will affect the timing and amount of expected capital receipts. Any significant changes would require a change to the Investment Strategy and could also affect the revenue budget in the medium-term.
- 8.7 As detailed in table 11 (on page 18) based on forecasts of capital receipts and spend, the Council will have a need to borrow to fund the capital programme. This will require £0.976m of borrowing in 2024/25, an additional £6.566m in 2025/26, and a further £5.990m between 2026-2033. As detailed on page 19, the Council can consider whether to borrow internally or externally. However as detailed on page 20, changes to the Prudential Code requires Councils to initially consider internal borrowing as it is considered to be cheaper and lower risk. Therefore, it is assumed that the Council will borrow internally.
- 8.8 Where the Council has a need to borrow then it incurs a revenue charge known as a Minimum Revenue Provision (MRP). On page 26 it is detailed that the Council will charge MRP on an equal instalment basis. This reflects that the majority of capital spend is related to service provision and therefore the assets are expected to provide consistent benefits over their life.

- 8.9 Table 17 on page 30 details where the Council can invest its surplus cash. This sets limits to ensure appropriate diversification. The following changes are proposed compared to last year:
- Various changes to investment limits measured in £m (by type of investment, institution and groups of investments) to reflect the forecast year end balances. The percentages that these are based on are unchanged.
  - Reduce the sovereign rating for non-UK banks from AAA to AA- following discussion with our Treasury Consultants. An additional control will be added for the Service Director: Resources to exclude any countries with concerns over Governmental, Social and Human Rights issues.
- 8.10 The Code of Practice on Treasury Management requires that a report be submitted to Full Council setting out four clauses which should be formally passed in order to approve adoption of the code. The four clauses are detailed below, including how they are met by the Council. As recommended by CIPFA, where appropriate these are included within the Council's Constitution and Financial Regulations.
- 8.11 Clause 1 relates to creating and maintaining a Policy and practices as a cornerstone for effective treasury management.
- 8.12 Full Council are asked to approve the adoption of the following Treasury Management Policy Statement, which is the same as in previous years:
- This organisation defines its treasury management activities as: "The management of the authority's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks".
  - This organisation regards the successful identification, monitoring and control of risk to be the prime criteria by which the effectiveness of its treasury management activities will be measured. Accordingly, the analysis and reporting of treasury management activities will focus on their risk implications for the organisation.
  - This organisation acknowledges that effective treasury management will provide support towards the achievement of its business and service objectives. It is therefore committed to the principles of achieving best value for money in treasury management, and to employing suitable comprehensive performance measurement techniques, within the context of effective risk management.
- 8.13 The Council has adopted treasury management practices (TMPs) which set out how the Council will carry out, manage and control the achievement of the policy above in practice. The majority of the TMPs are unchanged from last year and follow the recommendations contained within the Code, subject only to amendment where necessary to reflect the particular circumstances of the Council. Such amendments are minor and do not result in any material deviation from the Code's key principles. The TMPs are operationally focused and therefore the themes covered are detailed below,

rather than providing the full document. Where relevant the detail is already covered in the Investment Strategy (e.g. approved instruments):

- TMP1- Risk Management (Changed to include Environment, Social and Governance (ESG) considerations)
- TMP2- Performance Measurement
- TMP3- Decision making and analysis
- TMP4- Approved instruments, methods and techniques
- TMP5- Organisation, clarity and segregation of responsibilities, and dealing arrangements
- TMP6- Reporting requirements and management information arrangements
- TMP7- Budgeting accounting and audit arrangements
- TMP8- Cash and cash-flow management
- TMP9- Money laundering
- TMP10- Staff training and qualifications
- TMP11- Use of external service providers
- TMP12- Corporate Governance

8.14 Clause 2 relates to the reporting on treasury activities. These are set out in the Investment Strategy on page 3.

8.15 Clause 3 relates to the delegation of responsibility for the implementation and regular monitoring of its treasury management policies. The Council delegates responsibility for the implementation and regular monitoring of its treasury management policies and practices to Cabinet (Constitution 5.6.9) and for the execution and administration of treasury management decisions to the Service Director: Resources (Constitution 14.6.12 (a) (iii) and Financial Regulations section 13) who will act in accordance with the Council's policy statement and treasury management practices and the CIPFA Standard of Professional Practice on Treasury Management.

8.16 Clause 4 relates to the scrutiny of treasury management strategy and policies. The Council nominates the Finance, Audit and Risk Committee to be responsible for ensuring effective scrutiny of the Treasury Management Strategy and policies (Constitution 10.1.5 (c)).

## **9. LEGAL IMPLICATIONS**

9.1 TOR 4.4.1 (b) of the Constitution provides that Full Council will exercise the function of approving or adopting the capital budget (Constitution 4.3) and approve the treasury management strategy statement (Constitution 4.4.1 (cc)).

9.2 Cabinet will recommend to Full Council the annual capital budget (Constitution 5.6.39) and treasury management strategy statement (Constitution 5.6.40).

9.3 The Finance, Audit and Risk Committee will consider the Council's policy in relation to Treasury Management and make recommendations on the Annual Treasury Management and Investment Strategy, and Treasury Management Code of Practice (Constitution 10.1.5 (c)).

9.4 Section 151 of the Local Government Act 1972 states that: “every local authority shall make arrangements for the proper administration of their financial affairs and shall secure that one of their officers has responsibility for the administration of those affairs.” That officer is the Service Director- Resources.

9.5 The proposed Prudential Indicators contained within the Investment Strategy comply with the Local Government Act 2003. The Investment Strategy has been developed to comply with the statutory guidance from the Ministry of Housing, Communities and Local Government and the CIPFA Prudential Code.

## **10. FINANCIAL IMPLICATIONS**

10.1 These are covered in section 8.

## **11. RISK IMPLICATIONS**

11.1 Capital investment is sometimes needed to mitigate against a risk to the Council. This is detailed to Members when a new investment comes forward. The risk implications of each individual scheme are considered in project plans as the schemes are progressed. The capital programme assumes a level of third party contributions and grants towards the cost of the schemes. There is a risk that not all the contributions are forthcoming.

11.2 Investment risks in relation to treasury management are covered in this report and the Investment Strategy. The TMPs (see 8.13) and Financial Regulations provide controls to manage other risks

## **12. EQUALITIES IMPLICATIONS**

12.1. In line with the Public Sector Equality Duty, public bodies must, in the exercise of their functions, give due regard to the need to eliminate discrimination, harassment, victimisation, to advance equality of opportunity and foster good relations between those who share a protected characteristic and those who do not.

12.2 There are no direct equalities implications directly arising from the adoption of the Capital Programme for 2023/24 onwards. For any individual new capital investment proposal of £50k or more, or affecting more than two wards, an equality analysis is required to be carried out. This will take place following agreement of the investment proposal.

12.3 As referenced in paragraph 8.9, the inclusion of banks on our counter-party list will consider the Country that they are in and an objective analysis of the approach to equalities in that Country. This will be in addition to any sovereign (Country) and institution credit rating.

## **13. SOCIAL VALUE IMPLICATIONS**

13.1. The Social Value Act and “go local” requirements do not apply to this report.

## **14. ENVIRONMENTAL IMPLICATIONS**

- 14.1. There are no known Environmental impacts or requirements that apply to recommendations of this report. The projects at section 8.4 may have impacts that contribute to an adverse impact. As these projects go forward, an assessment will be made where necessary.

## **15. HUMAN RESOURCE IMPLICATIONS**

- 15.1 There are no direct human resources implications arising from this report.

## **16. APPENDICES**

- 16.1 Appendix A- Investment Strategy  
16.2 Appendix A1- A list of new capital schemes and schemes planned to commence from 2023/24
