

# INTERNAL AUDIT PROGRESS REPORT

## NORTH HERTS COUNCIL

FINANCE, AUDIT AND RISK COMMITTEE

13 March 2024

### RECOMMENDATIONS

- Note the SIAS Progress Report for the period to 26 February 2024.
- Note the implementation status of the reported high priority recommendations.
- Note the plan amendments to the 2023/24 Annual Audit Plan.

## Contents

- 1 Introduction and Background
  - 1.1 Purpose
  - 1.2 Background
- 2 Audit Plan Update
  - 2.1 Delivery of Audit Plan and Key Findings
  - 2.3 High Priority Recommendations
  - 2.5 Proposed Amendments
  - 2.6 Performance Management

## Appendices

- A Progress against the 2023/24 Audit Plan
- B 2023/24 Audit Plan Start Dates Agreed with Management
- C Assurance and Finding Definitions 2023/24
- D Implementation Status of High Priority Recommendations

# 1. Introduction and Background

## Purpose of Report

- 1.1 This report details:
- a) Progress made by the Shared Internal Audit Service (SIAS) in delivering the Council's Annual Internal Audit Plan for 2023/24 as at 26 February 2024.
  - b) In-Year Audit Plan review and proposed plan amendments.
  - c) An update on performance indicators as at 26 February 2024.

## Background

- 1.2 The 2023/24 Internal Audit Plan was approved by the Finance, Audit and Risk Committee (the FAR Committee) on 8 March 2023.
- 1.3 The Committee receives periodic updates of progress against the Annual Internal Audit Plan. This is the fifth report giving an update on the delivery of the 2023/24 Internal Audit Plan.
- 1.4 The work of Internal Audit is required to be reported to a Member Body so that the Council has an opportunity to review and monitor an essential component of corporate governance and gain assurance that its internal audit provision is fulfilling its statutory obligations. It is considered good practice that progress reports also include proposed amendments to the agreed annual audit plan.

## 2. Audit Plan Update

### Delivery of Audit Plan and Key Audit Findings

- 2.1 As at 26 February 2024, 73% of the 2023/24 Audit Plan days had been delivered.
- 2.2 There have been no final internal audit reports issued as part of the approved 2023/24 Internal Audit Plan since the papers were issued for the 31 January 2024 FAR Committee meeting:

<b>Audit Title</b>	<b>Assurance Opinion</b>	<b>Recommendations</b>
N/A	N/A	N/A

### High Priority Recommendations

- 2.3 Members will be aware that a Final Audit Report is issued when it has been agreed by management; this includes an agreement to implement the recommendations that have been made. It is SIAS's responsibility to bring to Members' attention the implementation status of high priority recommendations; it is the responsibility of officers to implement the recommendations by the agreed date.
- 2.4 The high priority recommendation on Business Continuity Planning is now considered to be implemented Please see Appendix D for further detail.

## Proposed Amendments

- 2.5 There has been one plan amendment agreed with management within this reporting period. The Strategic Planning (Local Plan) advisory work has been renamed Planning Applications and will be a data driven assurance engagement focusing on testing the key controls behind the underlying processes and examining the quality of data and checks involved in the Council's reporting of planning indicators.

## Performance Management: Reporting of Audit Plan Delivery Progress

- 2.6 To help the Committee assess the current progress of the projects in the Audit Plan, we have provided an overall progress update of delivery against planned commencement dates at Appendix B. The table below shows that summary of performance based in the latest performance information reported at Appendix A.

Status	No of Audits at this Stage	% of Total Audits	Profile to 26 February 2024
Draft / Final Report Issued	12	50%	16 (67%)
In Fieldwork / Quality Review	9	38%	7 (29%)
Terms of Reference Issued / In Planning	3	12%	1 (4%)
Not Yet Started	0	0%	0 (0%)

- 2.7 Annual performance indicators and associated targets were approved by the SIAS Board in March 2023. As at 26 February 2024, actual performance for North Herts Council against the targets that can be monitored in year was as shown in the table below:

Performance Indicator	Annual Target	Profiled Target to 26 February 2024	Actual to 26 February 2024
<b>1. Planned Days</b> - Percentage of actual billable days against planned chargeable days completed (excludes unused contingency)	95%	82% (209 / 255 days)	73% (186 / 255 days)
<b>2. Planned Projects</b>			
Percentage of audit plan delivered to draft report stage by 31 March 2024	90%	67% (16 /24 projects)	50% (12 / 24 projects)
Percentage of audit plan delivered to final report stage as reported within the CAE Annual Assurance and Opinion report.	100%	50% (12 projects)	38% (9 projects)

<b>3. Client Satisfaction -</b> Percentage of client satisfaction questionnaires returned at 'satisfactory' level.	100%	100%	50% for those returned. (2 returned from 18 issued)
<b>4. Number of High Priority Audit Recommendations agreed %</b> Percentage of critical and high priority recommendations accepted by management.	95%	100%	100%

- 2.8 In respect of delivery of Planned Days, performance is behind the profiled target. Based on the original profiling, it was anticipated that fieldwork and / or reporting would have been able to commence, be further advanced or complete on the two remaining second quarter audits (Houses in Multiple Occupation (HMO) and Churchgate Landlord Compliance) and three of the third quarter audits (MSU Transactions, Project Management and Estates). There has been strong progress though on some of the audits scheduled / rescheduled for commencement in quarter four that has facilitated an improvement in audit plan delivery since the position reported to FAR Committee on 31 January 2024.
- 2.9 In respect of Planned Projects, it was anticipated that draft reports would have been issued for the HMO, Churchgate Landlord Compliance, Estates and MSU Transactions audits based on original scheduling at the start of the year. Fieldwork is significantly progressed on the MSU Transactions audit, and the Churchgate Landlord Compliance audit is in quality review prior to reporting. The HMO audit was deferred to quarter 4 at the Council's request and a revised start date is being arranged, while the Estates audit will be carried over to quarter one of 2024/25 to accommodate capacity challenges within the Council's team.
- 2.10 The 2023/24 Internal Audit Plan was always heavily back ended with eight projects scheduled for commencement in quarter four under original profiling. There was thus an inherent, although not necessarily insurmountable, challenge in meeting delivery targets at the start of the year. This has been exacerbated by the HMO, MSU Transactions and Project Management audits being subsequently deferred to the fourth quarter too. The first two were at Council management request, while the latter formed part of a prioritisation discussion between the Chief Audit Executive and Service Director (Resources) and will be completed in quarter one of 2024/25.
- 2.11 Factors relating to the Council and SIAS (particularly at the start of the year) that have contributed to internal audit delivery being behind the original profile were described in detail in the progress update to the 31 January 2024 FAR Committee meeting. These remain relevant but have not been repeated in this update.
- 2.12 Some in-year change is always anticipated as the Audit Plan needs to be dynamic and flexible within reason to respond to both new risks and audits, as well as changes in circumstance. Where audits are deferred in-year, all parties work to ensure that this is minimised or mitigated as far as possible, and another audit will ideally be brought forward in its place. This is not always possible at short notice though and allocated resource may then be redeployed to other SIAS partners.

- 2.13 SIAS have allocated resource to all remaining projects in the 2023/24 Internal Audit Plan and start dates have already been scheduled or in are in the process of being agreed with the relevant service areas. SIAS appreciate the co-operation and goodwill of Council staff and value the relationships it has fostered over an extended period. These are crucial in ensuring successful delivery of the Plan and delivering sufficient work to support the annual assurance opinion.
- 2.14 No new customer satisfaction surveys have been received since the last FAR Committee. As previously reported, the one customer satisfaction survey not at 'Satisfactory' level was marginally below the required scoring and scored reasonably strongly in some areas. All learning points are shared with the relevant member of internal audit team through their regular appraisal process and personal and professional development plans.
- 2.15 In addition, the performance targets listed below are annual in nature. Performance against these targets will be reported on in the 2023/24 Head of Assurance's Annual Report:
- **5. Annual Plan** – prepared in time to present to the March meeting of each Audit Committee. If there is no March meeting, then the plan should be prepared for the first meeting of the financial year.
  - **6. Head of Assurance's Annual Report** – presented at the Audit Committee's first meeting of the civic year.

**APPENDIX B – 2023/24 AUDIT PLAN START DATES AGREED WITH MANAGEMENT**

O	2022/23 Carry Forward Audits (Complete)			
---	--	--	--	--

Key:

H – High Priority: Most closely linked to the Council’s Delivery Plan and Risk Register

M – Medium Priority.

IT – IT Audits

C – Consultancy: Assignments will be delivered as part of the audit plan

G/C – Grant or charity certification to be completed as part of the audit plan

O - Other

## APPENDIX C – ASSURANCE AND FINDINGS DEFINITIONS 2023/24

Audit Opinions		
	Assurance Level	Definition
Assurance Opinions	<b>Substantial</b>	A sound system of governance, risk management and control exists, with internal controls operating effectively and being consistently applied to support the achievement of objectives in the area audited.
	<b>Reasonable</b>	There is a generally sound system of governance, risk management and control in place. Some issues, non-compliance or scope for improvement were identified which may put at risk the achievement of objectives in the area audited.
	<b>Limited</b>	Significant gaps, weaknesses or non-compliance were identified. Improvement is required to the system of governance, risk management and control to effectively manage risks to the achievement of objectives in the area audited.
	<b>No</b>	Immediate action is required to address fundamental gaps, weaknesses or non-compliance identified. The system of governance, risk management and control is inadequate to effectively manage risks to the achievement of objectives in the area audited.
	<b>Not Assessed</b>	This opinion is used in relation to consultancy or embedded assurance activities, where the nature of the work is to provide support and advice to management and is not of a sufficient depth to provide an opinion on the adequacy of governance or internal control arrangements. Recommendations will however be made where required to support system or process improvements.
Grant Certification	<b>Unqualified</b>	No material matters have been identified in relation the eligibility, accounting and expenditure associated with the funding received that would cause SIAS to believe that the related funding conditions have not been met.
	<b>Qualified</b>	Except for the matters identified within the audit report, the eligibility, accounting and expenditure associated with the funding received meets the requirements of the funding conditions.
	<b>Disclaimer Opinion</b>	Based on the limitations indicated within the report, SIAS are unable to provide an opinion in relation to the Council's compliance with the eligibility, accounting and expenditure requirements contained within the funding conditions.
	<b>Adverse Opinion</b>	Based on the significance of the matters included within the report, the Council have not complied with the funding conditions associated with the funding received.
Finding Priority Levels		
	Priority Level	Definition
Corporate	<b>Critical</b>	Audit findings which, in the present state, represent a serious risk to the organisation as a whole, i.e. reputation, financial resources and / or compliance with regulations. Management action to implement the appropriate controls is required immediately.
Service	<b>High</b>	Audit findings indicate a serious weakness or breakdown in control environment, which, if untreated by management intervention, is highly likely to put achievement of core service objectives at risk. Remedial action is required urgently.
	<b>Medium</b>	Audit findings which, if not treated by appropriate management action, are likely to put achievement of some of the core service objectives at risk. Remedial action is required in a timely manner.
	<b>Low</b>	Audit findings indicate opportunities to implement good or best practice, which, if adopted, will enhance the control environment. The appropriate solution should be implemented as soon as is practically possible.

**APPENDIX D – IMPLEMENTATION STATUS OF HIGH PRIORITY RECOMMENDATIONS**

Audit Title	Action Description	Original Due Date	Status and Notes
<p><b>Business Continuity Planning (February 2023)</b></p>	<p><b>Limited evidence of IT disaster recovery procedures and outdated policies</b></p> <p><u>SIAS Recommendation</u> All Business Continuity Plans should be reviewed periodically, with details of when the next review will be undertaken, in order to remain relevant to the current environment.</p> <p>IT services should have a more detailed IT plan regarding business continuity including all the procedures in place to prevent and recover from an incident and what those procedures depend on. These procedures should be reviewed regularly and made available for all relevant staff to ensure they are aware of their roles.</p> <p><u>Management Response</u> Business continuity plans are currently being reviewed (January 2023) and will be updated to reflect the changes to the environment when laptop V3 is finalised. (April 2023)</p> <p>IT are currently engaged with external consultants to review, and further develop the detailed IT plan, to include Business Continuity, Cyber Security and communications.</p>	<p>30 April 2023</p>	<p><b>Implemented.</b></p> <p><b>September FAR Committee Update</b> Rollout of V3 laptops is almost complete. Consultation with external suppliers on the detailed IT plan completed. Documents are being accepted and distributed. The revised forecast completion date is now end of August 2023.</p> <p><b>November FAR Committee Update</b> We have reviewed the current plans and identified the improvements required. We have implemented a new Back-Up procedure (different technology) and are currently documenting the recovery processes from that back-up. The revised completion date for this recommendation is 15 December 2023.</p> <p><b>January FAR Committee Update</b> Good progress towards implementing this recommendation continues to be made. The target date for formalised ICT readiness for business continuity has now been amended to 31 January 2024 to allow us to update relevant controls to reflect lessons learned from the major incident experienced on 11 January 2024.</p> <p><b>March FAR Committee Update</b> The service confirmed that this action is complete and their BCP has now been updated.</p>
