

# Appendix

## E

Dear Ms Sweetman,

This is a formal objection to the granting of a Alcohol license to the above premises.  
We object on the grounds of public nuisance.

Living in the town centre we do not expect peace and quiet, however the granting of a license to the above will cause us significant distress as the premises is directly attached to the bedroom in the flat.

NOT RELEVANT

~~This is not the case with The Kite at the Red Hart on the other wall. The downstairs is a restaurant which is relatively quiet. The noisy part (the bar) is separated from us by staff accommodation and located at the rear, so the noise is at an acceptable level.~~

~~The other premises that affects us is a Chinese takeaway which does not serve alcohol and does not have customers standing around so the level of noise is again within acceptable levels.~~

This will not be the case if a license is granted to 26 Bucklersbury. If a license is granted we will suffer unacceptable levels of noise until midnight and after (clearing up, locking up etc.) therefore we object.

Yours sincerely,

Stuart and Helen Chilvers
