

**26/00853/FP – Morrison Superstore – Installation of floodlights**

Please note the following updates:

1. There is an error in the report. The application has been called into Planning Control Committee by the Director – Place, who has the authority to be able to do this, and not by the Development and Conservation Manager.
2. There is an error on the submitted plans for this application, as it shows two floodlights to be installed on the curb area that has been removed under the provisions of application 26/01178/FP. An updated layout plan has been submitted removing the two floodlights in the now removed curb area.
3. Due to the point above, this proposal is now for 5 floodlights.
