- 8.2 Waste Risks.** In August 2018, Officers carried out a major review of the Waste Parent risk and all the associated sub risks. The proposed new Waste risks have been streamlined, with the creation of a new Parent Waste risk and the deletion of 9 sub risks, which have either been incorporated into the remaining 6 risks, or have been identified as no longer required.
- 8.2.1 New Waste Parent Risk RRNEW 1 – Waste Management, Recycling and Street Cleansing Contracts** – Incorporating both delivery of the high profile service and the wider service risks, this gives an overview of the risk, with 5 sub risks supporting the Parent risk. The overall risk score has been increased from an 8 to a 9.
- 8.2.2 Deleted Waste sub Risk RR287 – Waste Management and Recycling Contracts** – Officers propose that this is deleted as it will be covered by the new Parent risk RRNEW1.
- 8.2.3 Amended Waste sub Risk TR59.003 – Northern Transfer station and ancillary facilities** – Risk wording has been updated to include the risks associated with the Hertfordshire Waste Partnership. The risk score remains unchanged.
- 8.2.4 Deleted Waste sub risk RR424 – Hertfordshire Waste Partnership** – now incorporated into an updated TR59.003.
- 8.2.5 Deleted Waste sub risk RR455 – Snow and Ice Clearance** – now covered under RRNEW 1.
- 8.2.6 Deleted Waste sub risk TR59 – Waste and Street Cleansing Contract Renewal** – now covered by the new Parent risk RRNEW 1.

9. LEGAL IMPLICATIONS

- 9.1 The Committee's Terms of Reference include "to monitor the effective development and operation of risk management and corporate governance, agree actions (where appropriate) and make recommendations to Cabinet." This report gives the Committee the opportunity to review and comment on the high level Risks and how they are proposed to be managed.

10. FINANCIAL IMPLICATIONS

- 10.1 There are no direct financial implications from this report.

11. RISK IMPLICATIONS

- 11.1 The Risk & Opportunities Management Strategy requires the Finance Audit & Risk Committee to consider regular reports on the Council's Corporate Risks. Failure to provide the Committee with regular updates would be in conflict with the agreed Strategy and would mean that this Committee could not provide assurances to Cabinet that the Council's identified Corporate Risks are being managed.

12. EQUALITIES IMPLICATIONS

- 12.1 In line with the Public Sector Equality Duty, public bodies must, in the exercise of their functions, give due regard to the need to eliminate discrimination, harassment, victimisation, to advance equality of opportunity and foster good relations between those who share a protected characteristic and those who do not.

- 12.2 Reporting on the management of risk provides a means to monitor whether the council are meeting the stated outcomes of the district priorities, its targets or delivering accessible and appropriate services to the community to meet different people's needs. The risks of NHDC failing in its Public Sector Equality Duty are recorded on the Risk Register. The Council's risk management approach is holistic, taking account of commercial and physical risks. It should also consider the risks of not delivering a service in an equitable, accessible manner, and especially to its most vulnerable residents such as those who are homeless

13. SOCIAL VALUE IMPLICATIONS

- 13.1 The Social Value Act and "go local" policy do not apply to this report.

14. HUMAN RESOURCE IMPLICATIONS

- 14.1 There are no direct Human Resource implications arising from this report, but it should be noted that there is a separate Corporate Risk relating to Workforce Planning.

15. APPENDICES
