They have found the following sections to be of particular relevance in reaching this decision. **Sections** B1; B18; B19; B20; B21; D2.1; D2.4; D2.5; D2.6; D2.8; D2.9; D6.2; D6.3; D6.8; D7.4; D7.9; D8.3; D11.1; D11.2; D11.3; D11.4; D11.5; D11.8; D11.9; D11.10; D12.7; E1.4.1; E1.4.4; E1.4.5; E.1.4.6; E1.8.1; E2.1; E2.7.1; E3.1.1; E3.1.4; E3.2.1; E3.2.2; E3.2.3; E3.2.4; E3.2.5; E3.3.1; E3.8.1; E3.8.2; E3.9.1; E3.9.2; E3.9.3; E4.1; F4.1; F8.1; F8.2; F8.3; O1.1; O2.2;
RATIONALE FOR DECISION	1. In reaching its decision, the Sub-Committee carefully considered the submissions made by: - The Applicant for the review, - Those supporting the review, - Those opposing the review - The Responsible Authorities, and - The Premises Licence Holder. 2. The Sub-Committee was mindful of the need to strike an appropriate balance between safeguarding the licensing objectives and allowing the premises to continue operating as a legitimate business. 3. The Sub-Committee carefully considered whether revocation of the Premises Licence was necessary and accepted that revocation would have been a proportionate response to the matters raised during the review. However, having considered all of the evidence before it, Members concluded that a period of suspension, together with amendments to the licence conditions and operating hours, would be sufficient to promote the licensing objectives and therefore represented the most appropriate course of action at this time. 4. Members considered the evidence relating to the removal of the statutory notice advertising the review application.

	Members noted that the Premises Licence Holder initially stated that he did not know who had removed the notice, but subsequent evidence demonstrated that he had in fact removed it himself. Members were concerned by this inconsistency and considered it relevant to their assessment of the credibility of the evidence and the level of confidence that could be placed in the management of the premises. Whilst not determinative on its own, this matter informed Members' decision on the appropriate and proportionate steps required to rebuild trust and confidence between the Premises Licence Holder, local residents, the Licensing Authority, and Hertfordshire Constabulary. 5. In respect of the prevention of public nuisance licensing objective, Members had regard to the close proximity of neighbouring residential properties and the evidence of disturbance presented during the hearing. Members were satisfied that reducing the permitted opening hours and the hours for certain licensable activities would assist in addressing many of the concerns raised by residents and responsible authorities. 6. Members also had regard to the evidence presented by the Applicant and those supporting the review concerning complaints made about the premises and the perceived lack of effective action taken in response. Members were satisfied that the revised hours and additional conditions would assist in promoting the prevention of public nuisance, the prevention of crime and disorder, and public safety, particularly in relation to customer dispersal. Members further considered that the revised hours would provide greater certainty for local residents regarding the cessation of noise-generating activities. 7. Members noted the concerns raised regarding the management of noise at the premises. The Premises Licence Holder acknowledged these concerns during the hearing. The Sub-Committee expects that attention will be given to the

	effective implementation of the Noise Management Plan and to the day-to-day operation of the premises in order to minimise disruption to neighbouring residents and promote the prevention of public nuisance. 8. Members further considered it appropriate to remove from the Premises Licence the exemption provided by section 177A of the Licensing Act 2003. This will ensure that all conditions relating to music and entertainment remain enforceable and apply at all times whilst the premises is open to the public. 9. Members considered that the issues identified during the review were not isolated incidents but formed part of a longer pattern of concerns regarding the management of the premises. Taking into account the evidence presented, including concerns regarding compliance, engagement with residents, the handling of complaints, and the removal of the statutory review notice, Members concluded that they could no longer have sufficient confidence in the current day-to-day management of the premises. 10. Members therefore considered it appropriate and proportionate to remove the existing Designated Premises Supervisor and to suspend the Premises Licence until a new Designated Premises Supervisor had been appointed and approved in accordance with the Licensing Act 2003. Members were satisfied that these measures were necessary to promote the licensing objectives and to provide an opportunity for confidence to be rebuilt between the premises, local residents, the Licensing Authority, and Hertfordshire Constabulary. 11. Members further concluded that it was appropriate and proportionate to require that the Premises Licence Holder should not undertake the role, responsibilities, or functions of the Designated Premises Supervisor in the future. In reaching this conclusion, Members had regard to the evidence before them and considered that it demonstrated a repeated lack of judgement and management oversight incompatible with the

	responsibilities expected of a Designated Premises Supervisor.
COMMENCEMENT DATE	This decision will come into effect from the end of the period for appealing the decision (21 days starting tomorrow) or, if the decision is appealed, the point at which the appeal has been dealt with by the Magistrates' Court.
RIGHTS OF REVIEW	At any stage, following the grant of a premises licence, a responsible authority, such as the Police, or any other person, such as a resident living in the vicinity of the premises, may ask the licensing authority to review the licence because of a matter arising at the premises in connection with any of the four licensing objectives. The review is a request for the Council to look at the existing licence and decide whether its conditions are adequate to meet the four licensing objectives defined under the Licensing Act 2003. Ordinarily, a further review would need to focus on matters at the premises following this review, it should not be used to re-visit issues raised at today's hearing. The licensing authority can refuse a further review on the grounds that it is repetitious
