Personal licence number and issuing authority of personal licence held by designated premises supervisor where the premises licence authorises the supply of alcohol

**Licence Number: 1894
Issuing authority: North Hertfordshire District Council**

Annex 1 – Mandatory conditions

No supply of alcohol may be made under this licence:

- (a) at a time when there is no designated premises supervisor in respect of the premises licence, or
- (b) at a time when the designated premises supervisor does not hold a personal licence or his personal licence is suspended.

Every supply of alcohol under the premises licence must be made or authorised by a person who holds a personal licence.

Any one or more individuals at the premises for the purposes of carrying out a security activity (an activity to which paragraph 2(1)(a) of Schedule 2 of the Private Security Industry Act 2001 applies and which is licensable conduct for the purposes of that Act) must:

- (a) be authorised to carry out that activity by a licence granted under the Private Security Industry Act 2001; or
- (b) be entitled to carry out that activity by virtue of section 4 of that Act.

"Responsible person" means the holder of the premises licence, the designated premises supervisor, or any other person over the age of eighteen (18) years who has been authorised to sell alcohol at the licensed premises.

The responsible person must ensure that staff on relevant premises do not carry out, arrange, or participate in any irresponsible promotions in relation to the premises. In this condition, an irresponsible promotion means any one or more of the following activities, or substantially similar activities, carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises:

- (a) games or other activities which require or encourage, or are designed to require or encourage, individuals to:
 - (i) drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol), or
 - (ii) drink as much alcohol as possible (whether within a time limit or otherwise).
- (b) provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted price to the public or to a group defined by a particular characteristic in a manner which carries a significant risk of undermining a licensing objective
- (c) provision of free or discounted alcohol, or any other thing, as a prize to encourage or reward the purchase and consumption of alcohol over a period of twenty-four (24) hours or less in a manner which carries a significant risk of undermining a licensing objective
- (d) selling or supplying alcohol in association with promotional posters or flyers on, or in the vicinity of, premises which can reasonably be considered to condone, encourage or glamorise anti-social behaviour or to refer to the effects of drunkenness in any favourable manner.

The responsible person shall ensure that no alcohol is dispensed directly by one person into the mouth of another (other than when that other person is unable to drink without assistance by reason of a disability).

The responsible person must ensure that free potable water is provided on request to customers where it is reasonably available.

The premises licence holder or club premises certificate holder must ensure that an age verification policy applies to the premises in relation to the sale or supply of alcohol.

The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy. The policy must require individuals who appear to the responsible person to be under eighteen (18) years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth, and either:

- (i) a holographic mark; or
- (ii) an ultraviolet feature.

The responsible person must ensure that:

(a) where any of the following alcoholic drinks are sold or supplied for consumption on the premises (other than alcohol drinks sold or supplied having been made up in advance ready for sale or supply in securely closed containers) it is available to customers in the following measures:

- (i) beer or cider: half pint;
- (ii) gin, rum, vodka or whisky: 25ml or 35ml; and
- (iii) still wine in a glass: 125ml;

(b) these measures are displayed in a menu, price list or other printed material which is available to customers on the premises; and

(c) where a customer does not, in relation to a sale of alcohol, specify the quantity of alcohol to be sold, the customer is made aware that these measures are available.

A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price. In this condition:

(a) "permitted price" is the price found by applying the formula $P = D + (D \times V)$ where:

- (i) "P" is the permitted price;
- (ii) "D" is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of the alcohol; and
- (iii) "V" is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol.

(b) "duty" is to be construed in accordance with the Alcoholic Liquor Duties Act 1979;

(c) "relevant person" means, in relation to premises in respect of which there is in force a premises licence:

- (i) the holder of the premises licence;
- (ii) the designated premises supervisor (if any) in respect of such a licence; or
- (iii) the personal licence holder who makes or authorises a supply of alcohol under such a licence;

(d) "relevant person" means, in relation to premises in respect of which there is in force a club premises certificate, any member or officer of the club present on the premises in a capacity which enable the member or officer to prevent the supply in question; and

(e) "value added tax" means value added tax charged in accordance with the Value Added Tax Act 1994. Where the permitted price would not be a whole number of pennies, the permitted price shall be taken to be the price rounded up to the nearest penny. Where the permitted price on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax, the permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of fourteen (14) days beginning on the second day.

Annex 2 – Conditions consistent with the operating schedule

G1.

No camping is to be permitted as part of the 2018 event.

P24.

The premises licence holder shall take out Public Liability and Third Party insurance to cover at least £5,000,000.00 (five million pounds) for any one occurrence. The premises licence holder shall provide the licensing authority with certified copies of the Policy and Certificates of Insurance, or other acceptable proof of cover, not later than fourteen (14) days prior to the start of the event.

P25.

An on-site suitable control hub (ELT) will be accessible to police and responsible authorities if at any time it is deemed necessary by the responsible authorities.

P26.

There will be security (HERAS fencing or equivalent) along the boundary of the immediate neighbour to the east (parallel to the artists and staff car parks) as shown on site map by the applicant and at least five (5) metres of fenced off 'buffer zone' from the neighbours to the west where the "Family / Kids Zone" is situated. Site map of fencing to be made available to all interested parties on request.

P27.

Camping areas will not encroach or directly border any residential or commercial properties.

P28.

Site perimeter fence to be checked and maintained throughout the period of the event to ensure no access can be gained unlawfully. Records of these checks are to be kept and made available to responsible authorities on request.

N1.

The premises licence holder shall appoint a suitably qualified and experienced noise consultant who is a member of the Institute of Acoustics and/or the Association of Noise Consultants to produce and fully implement a noise management plan for the event. The Licensing Authority and Council's Noise Control Officer shall be advised of the name and contact details of this person/company no later than three (3) months prior to the commencement of the event. This timescale shall remain in place unless otherwise agreed in writing by the Council's Noise Control Officer.

N2.

(a) A noise management plan shall be submitted to and approved in writing by the Council's Noise Control Officer no later than six (6) weeks prior to the commencement of the event. The plan shall include, but not be limited to, the following unless otherwise agreed in writing by the Council's Noise Control Officer:

(i) Details of all music sources and other significant noise sources within the licensed area

- including a site plan of their location and orientation;
- (ii) A background noise survey, if requested by the Council's Noise Control Officer;
 - (iii) Comprehensive sound level predictions at noise sensitive locations based on the type of event proposed within the licensed area;
 - (iv) A scheme designed to minimise the impact of noise from the event to noise sensitive premises;
 - (v) Specification of appropriate noise criteria that shall be achieved during the event;
 - (vi) Details of the how noise levels will be monitored, communicated and managed at the event and by whom, including on-site and off-site noise monitoring schedules and locations and the procedure for reducing noise levels if the noise criteria are exceeded;
 - (vii) Details of proposed sound tests, rehearsals and noise propagation tests, the dates and timings of which are to be agreed in writing by the Council's Noise Control Officer;
 - (viii) Details of a dedicated twenty-four (24) hour telephone complaint line and the procedure for dealing with noise complaints received about the event;
 - (ix) A scheme designed to notify occupiers of nearby noise sensitive premises, including information on the nature, date and timings of the event (including sound testing) and the dedicated telephone complaint line number.

Only in exceptional circumstances will the premises licence holder request a reduction in the timescale for compliance with this condition and it shall only be granted if the Council's Noise Control Officer confirms the revised timescale in writing.

(b) Where the requirements of condition N2(a) have been met, if there are any subsequent proposed changes to the event which may impact on noise following the approval of the noise management plan, the premises licence holder shall ensure their noise consultant liaises with the Council's Noise Control Officer to ascertain if any additional measures, noise predictions or noise criteria are required. If the Council's Noise Control Officer or the premises licence holder's noise consultant determines that additional measures are required they will form part of the revised noise management plan.

(c) In addition, no changes to the noise management plan will be permitted in the period commencing seven (7) days prior to the commencement of the event.

(d) If the noise management plan is not approved in writing by the Council's Noise Control Officer, their requirements will form part of the noise management plan.

N3.

The premises licence holder shall ensure the Licensing Authority and the Council's Noise Control Officer shall have access to the results of any noise monitoring at all times.

N4.

The premises licence holder shall ensure that a post event report is provided to the Licensing Authority and the Council's Noise Control Officer no later than thirty-one (31) days after the event. This timescale shall remain in place unless otherwise agreed in writing by the Council's Noise Control Officer. The report shall include the results of all noise monitoring carried out during the event indicating whether or not compliance to all the noise criteria was achieved, details of all noise complaints received and any remedial action taken to minimise noise disturbance off site.

N5.

A waste management plan designed to minimise the impact of litter associated with the event must be submitted to and approved by the Council's Environmental Protection Team no later than six (6) weeks prior to the commencement of the event. The premises licence holder shall ensure that the measures agreed in the plan are fully implemented.

F1.

The premises licence holder will notify the Fire Authority of the dates of each year's event no later than four (4) calendar months prior to the commencement of the event.

F2.

The premises licence holder will provide draft copies of the Event Management Plan and risk assessments to the Fire Authority no later than (3) calendar months prior to the commencement of each year's event.

F3.

The premises licence holder will provide a final copy of the Event Management Plan to the Fire

Authority no later than six (6) weeks prior to the commencement of the event build-up on site of each year's event. The final Event Management Plan will form part of the premises licence operating schedule conditions for each year's event.

F4.

The premises licence holder will ensure that the Event Management Plan covers the following areas to the complete satisfaction of Fire Authority:

- (a) a scaled electronic site plan showing how each part of the area will be used, identification of all structures, access routes and ingress/egress points;
- (b) Capacities and evacuation plans for all areas of the event;
- (c) Roles and responsibilities of all key personnel responsible for managing the event, including names, contact telephone numbers and back-up contact details in the event of non-availability;
- (d) Risk assessments for all activities relating to public safety, including fire;
- (e) Full details of security and stewarding arrangements;
- (f) Details of any proposed special effects and the proposed safety arrangements associated with their use;
- (g) Details for managing all traffic and vehicle movements on site, including within parking areas, during the event build-up phase, during the event and during the site breakdown phase;
- (h) Management arrangements for site access and egress, including specific arrangements for emergency services;
- (i) Details of any camping and provided sleeping accommodation, in respect of event attendees, staff and volunteers;
- (j) Details of power supplies, including all generators; Provision of artificial lighting, including emergency escape lighting;
- (k) Provision of adequate fire-fighting cover, including facilities, personnel and water supplies;
- (l) Technical details for all proposed temporary demountable structures;
- (m) Details of all proposed safety barriers and fencing to be erected on site, including the positioning;
- (n) Relevant independent certification or manufacturers' details to demonstrate that any fabric, or other material, used in the construction of, or in conjunction with, tents, marquees and similar structures, roof coverings, weather protection covers, curtains, drapes, backdrops, scrims and other materials used in, or upon, structures shall be rendered flame resistant to the current applicable British Standard;
- (o) Identification of competent persons, including proof of competence, in relation to the construction of structures and the continual monitoring of them during the event;
- (p) Details of the proposed maximum occupancy of each area, the method of controlling numbers therein;
- (q) An event running order should be made available including times for when artists appear on stage and expected time of completion of set;
- (r) Details of a suitable communication network;
- (s) Means for giving warning of an emergency, including the initiating and effecting of any evacuation, including from structures;
- (t) Provision of adequate emergency exit routes and emergency exits, both within structures and externally, and suitable provision of emergency signage;

(u) The profiles of the performers and the anticipated attendees;

(v) Contingencies for degraded systems;

(w) Contingencies in respect of points (a) to (v) inclusive above regarding the effects of adverse weather conditions including, but not limited to, wind, rain and heat.

F5.

In the event that the premises licence holder requires the attendance of a representative from the Fire Authority within the Emergency Liaison Team, other than in the event of an emergency response, the cost of the attendee will be paid by the premises licence holder.

F6.

The premises licence holder will ensure that:

(a) An additional 'blue route' will be kept open to the left of the main drive up to the event field;

(b) The route from the entrance all the way to the event field is permanently manned and capable of being kept clear to allow access for fire appliances;

(c) Groundworks and alterations to achieve full emergency access to the event field are in place no later than four (4) weeks prior to the event;

(d) Track matting is in place for access to the car parking areas.

F7.

If the premises licence holder, due to exceptional or unforeseen circumstances, wishes to make any amendment to the final Event Management Plan (that being the version that forms part of the premises licence operating schedule conditions) that would impact upon any public safety issue covered by conditions F1 to F6 inclusive above, he may only do so with written consent from the Fire Authority.

S1.

The premises licence holder shall submit a draft Event Management Plan to the Council's Environmental Health Officer no later than three (3) calendar months prior to the commencement of the event and a final management plan no later than twenty-eight (28) days prior to the commencement of the event build-up on site.

S2.

The Event Management Plan shall cover the following areas to the complete satisfaction of the Council's Environmental Health Officer:
