

APPENDIX F

**Petition from Other Persons in support of
the review**

Ian Dell
Clare Cottage
Roe Green
Sandon
Buntingford
SG90QG

FAO: Molly Shiells, NHDC, Licence Officer

Enclosed are signatures and address details from over 30 residents of Roe Green. These **represent over 65% of the properties within 400 metres of the event location.**

They all concur with the objectives of the request for a licence review, and the associated specifics.

All of these signatories, on the day of the hearing, are willing to have their representation to be put forward by those speaking who seek a revoke or change of the licence.

This is for a number of reasons which include:-

To ensure that repetition is kept to a minimum; mothers with children may not be able to attend on the night; older folk who do have the energy to attend a hearing that may continue late into the evening; those on holiday; and those attending hospital;

But wish to ensure their words that Poplars farm is a total unsuitable location, are heard by the Sub-committee.

They are all in agreement with the initial request for a Licence Review requested by Mr Ian Dell and Mrs Dawn Dell. .

Yours Sincerely

Ian Dell

Poplars Farm, Sandon - Premises Licence – Review

We, the undersigned, being residents of Roe Green, Sandon and the surrounding area, concur with the Premises Licence Review application held by Poplars Farm, submitted on 21 January, 2019 by Ian and Dawn Dell.

The application provides extensive details covering incidents that breached the 4 key licencing objectives as listed below, and is supported by output, including statements from the authorities, from the Post Event Safety Advisory Group (SAG) meeting held by North Herts District Council (NHDC), and the event organisers' own Noise Management Report (NMR)

1. Prevention of Crime and Disorder
2. Prevention of Public Nuisance
3. Public Safety
4. Protection of Children from Harm

It should be noted that the objective of the application for a Premises Licence review is primarily not to have the licence revoked, but to request reasonable modifications and inclusions, as illustrated (A, B, C below). Only when no middle ground can be agreed or delivered then D should apply

- A. Amendments to existing conditions, e.g. A fixed 1 day event, not 2 days in June as the licence permits
- B. Additional conditions to existing conditions, e.g. Manned security fencing to be in place to stop large volumes of egress into the local vicinity, and security fencing along all adjoining property in place 7 days prior to the event. If they are not in place then the event will be cancelled or suspended until they are.
- C. Additional conditions to existing conditions (and where required, impose a suspension of the licence until such conditions are put in place)
 - a
 - d; and, the driveway made 2- way for traffic for the whole length of the driveway from the main road to the event area
- D. Seek a full licence withdrawal

I concur with all changes that are put forward by those presenting them in full at the public hearing, if I cannot be present in person to support
