Subject: Primary care NHS hub in Letchworth town centre

Dear Beverley,

I understand that plans are being made for GPs in Letchworth to come together in a transformational way and that premises in Letchworth town square are being investigated. I am also told that there is scope for community providers and public health to be involved. I welcome this forward looking thinking and would appreciate a briefing as this develops. I am sure the idea of a primary care NHS hub in Letchworth town centre would give the most modern service to patients and would also give a boost to Letchworth town centre. I would like to give my support to this idea.

Best wishes,

Rt Hon Sir Oliver Heald QC MP
Member of Parliament for North East Hertfordshire
