Dear Anthony

Future High Streets Fund Bid – Letchworth Health Hub

The development and delivery of the Letchworth Health Hub would offer us the opportunity to deliver an improved integrated Community, Mental Health and Primary Care offer to the population of Letchworth.

Improving population health, reducing health inequalities and integrating care are some of the most important system challenges facing the NHS. These will enable improving the outcomes of people with both physical and mental health conditions.

The Health Hub town centre location is key to ensuring accessibility, integration and supports the prevention agenda. The estate opportunities have in the past been limited and therefore delivering this vision has not been possible.

The success of this bid is fundamental in the effective delivery of this project and is supported by Hertfordshire Partnership NHS Trust and Hertfordshire Community NHS Trust.

If you require any additional information please contact me

Yours sincerely

Diane Brent
Associate Director of Estates and Facilities
Hertfordshire Community NHS Trust/Hertfordshire Partnership NHS Trust
