Subject: Re: Letchworth Health Hub - FHSF bid

Hi I'm on leave and not receiving WiFi / email consistently.

I'm unable to get a formal letter typed at such notice.

Please use this email if at all useful:

Birchwood surgery is 100% committed to merging with the other Letchworth practices and locating on a town centre site that would bring closer working between all community providers and provide improved more secure sustainable care to all of the patients in Letchworth .

Yours sincerely

Dr Rob Graham
