22 HIGHWAYS ISSUES

Audio Recording – Start time of Item – 31 minutes and 0 seconds

County Councillor Hill reported some updates:

- Drainage work was in progress;
- There were issues on both sides of A10 with leaves only swept in certain areas. This matter had been chased, particularly regarding the left side of the road going out of Royston;
- John Street – there had been a parking issue on the corner. Due to traffic regulations already in place, yellow lines would not be possible. However, enforcement by NHDC would be taken to resolve this;
- Resurfacing work for 5 nights on A1198/A505 roundabout. Noisy work has been happening on occasions. However they do try to avoid where possible;
- Work near railway station was due to commence;
- Speed indicator devices were working well. There had been a query over the siting of a device at Barkway Road.

Councillor Ruth Brown commented that residents had contacted her about:

- The trucks going along Baldock Road and Baldock Street. She had spoken to Steve Jarvis who advised that they were discussing a weight restriction being put on the Buntingford/Baldock A507 but was awaiting relevant information before making a decision about Royston. It was felt that if this situation was not resolved, it would cause a negative impact on the surrounding areas. Lorries could still go through weight restricted area as long as they were conducting their business.

Councillor Morris advised that:

- Anstey Quarry had been closed by the Environment Agency on the 12th September 2018.

The Chairman thanked County Councillor Hill for the update.

23 GRANTS & COMMUNITY UPDATE

Audio Recording – Start time of Item – 41 minutes and 8 seconds

The Communities Officer presented the report entitled Grants and Community Update and drew attention to the following:

Budgets

There was £8,100 that remained unspent for the current financial year, which included £1,000, which had been allocated from the Members' Allowances Budget.

If all of the applications for funding were granted this at this meeting, £5,235 would remain unallocated.

Alternative Options

All of the alternative options considered were detailed in the report.

The Chairman proposed that £ £450 be awarded.

Grant Application - McSplash Swimming Centre

In the absence of a representative from McSplash Swimming Centre, who had requested grant funding, the Communities Officer informed the Committee that:

- They provided swimming sessions for aged 8+ to adults on a Friday evening;
- There were 78 members of which 46 came from Royston;
- As they had been unable to host the 2017 swimming gala due to lack of funding, they were seeking support of £338 in order that the gala could take place in November;
- They were applying for grant funding from NHDC as South Cambs did not have such funding ability and it greatly benefitted residents of Royston.

Pathway at the End of Green Drift

Councillor Brown had been advised by Councillor Jarvis that once the pathway at the end of Green Drift had been adopted, he would use some of his Highways Liaison Budget towards lighting.
